

Albania

Data from UN Demographic Statistics Database, including 30 years from 1981 to 2018

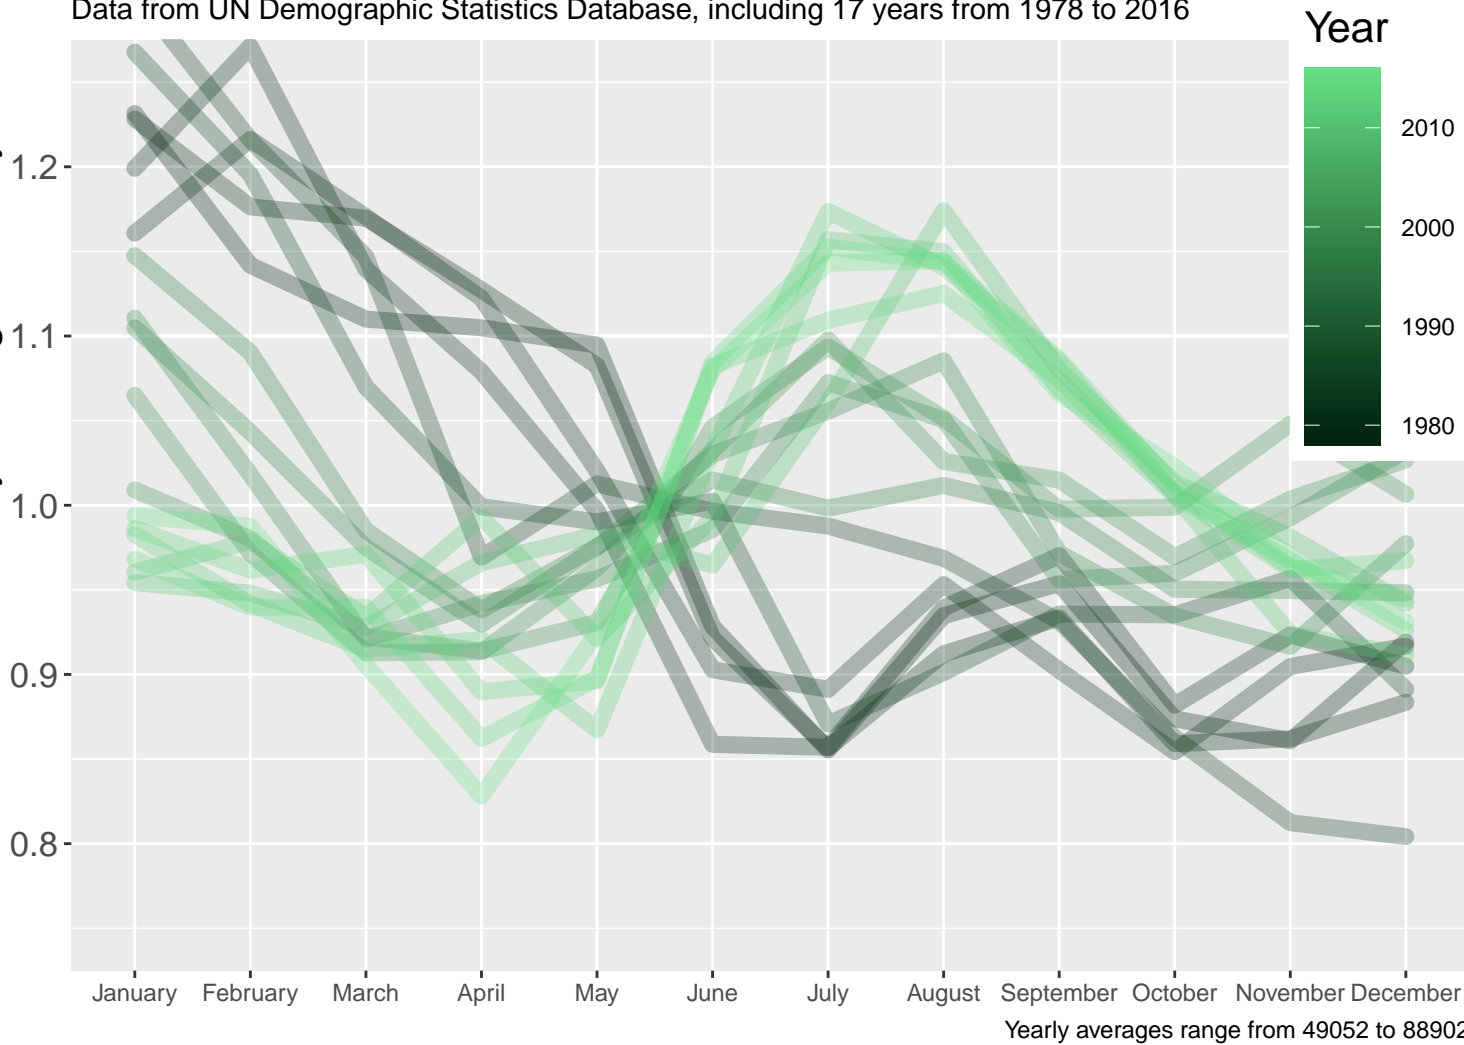

Births relative to monthly average of that year

Algeria

Data from UN Demographic Statistics Database, including 17 years from 1978 to 2016

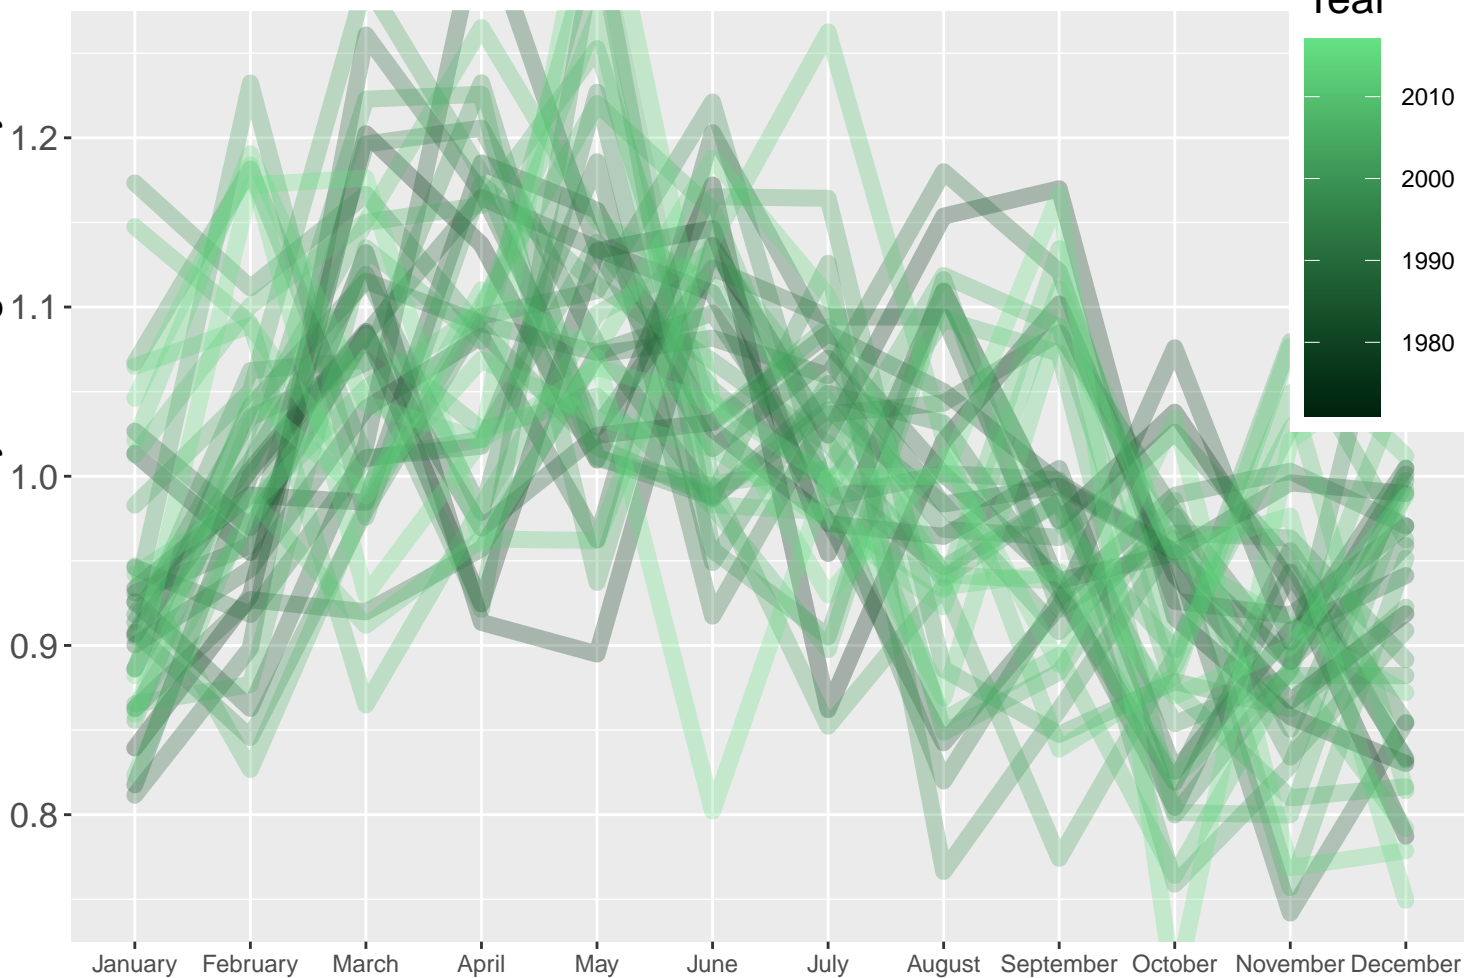

Births relative to monthly average of that year

American Samoa

Data from UN Demographic Statistics Database, including 35 years from 1971 to 2017

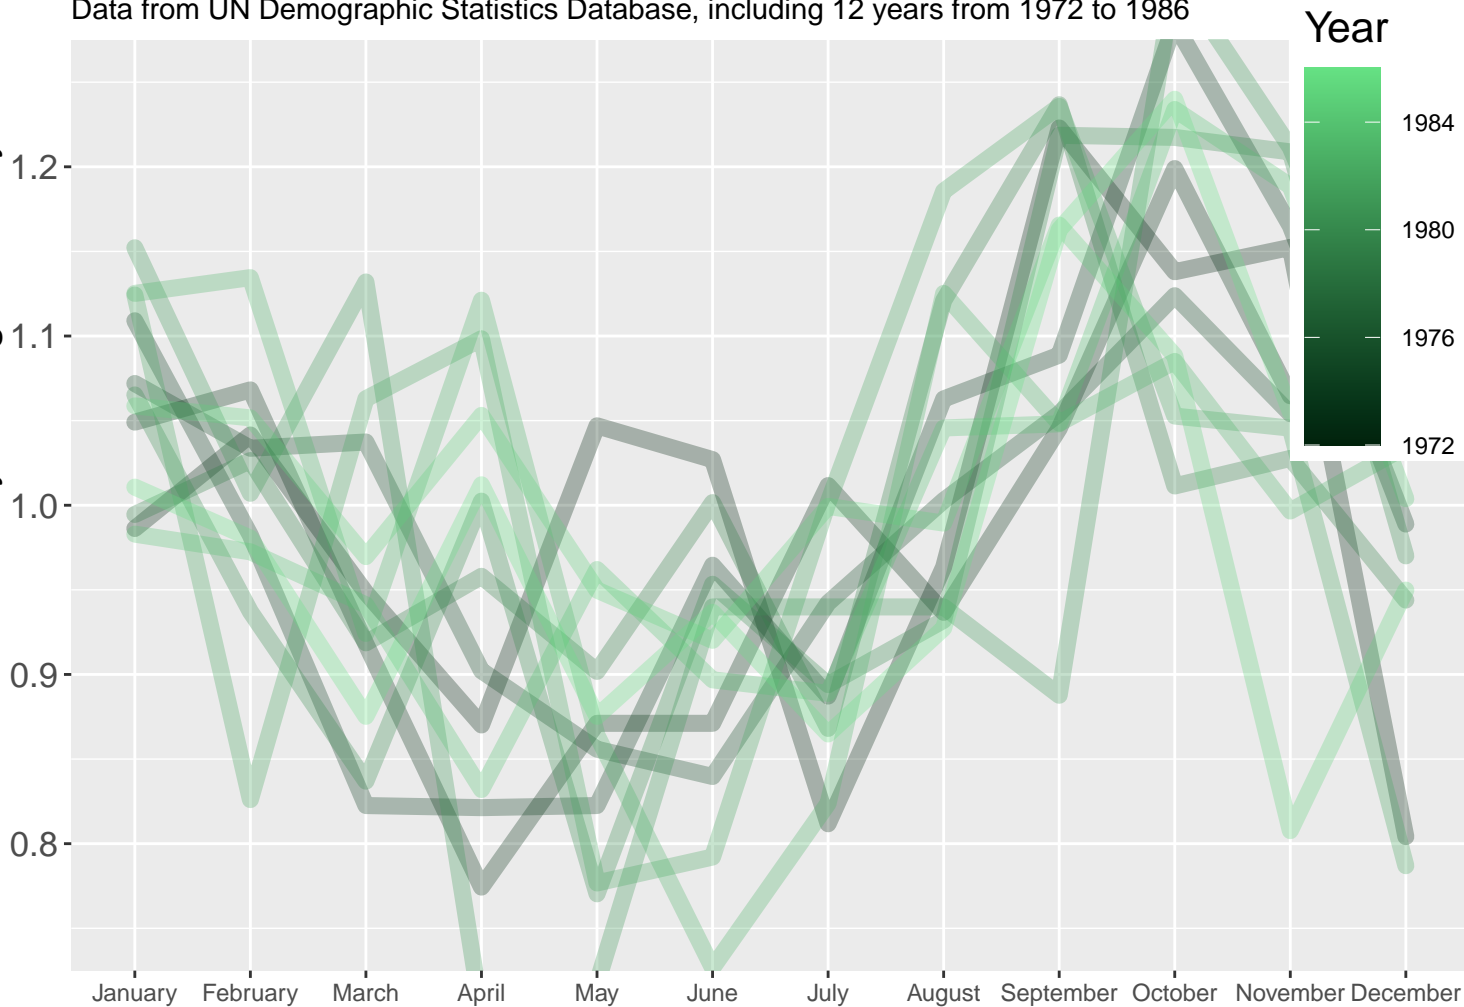

Births relative to monthly average of that year

Antigua and Barbuda

Data from UN Demographic Statistics Database, including 12 years from 1972 to 1986

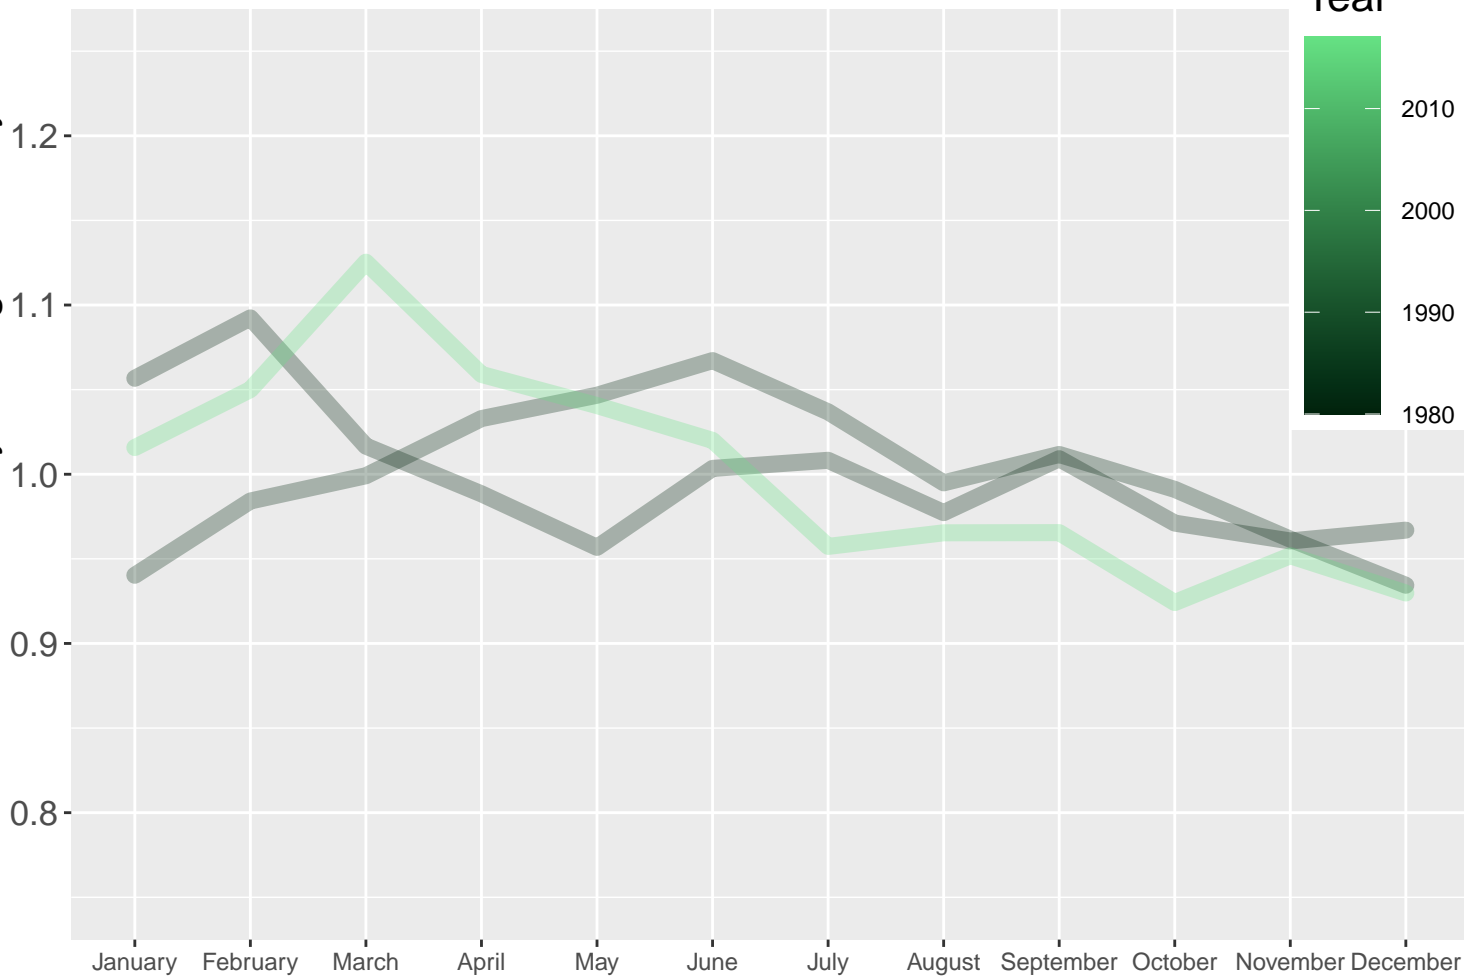

Births relative to monthly average of that year

Argentina

Data from UN Demographic Statistics Database, including 3 years from 1980 to 2017

Births relative to monthly average of that year

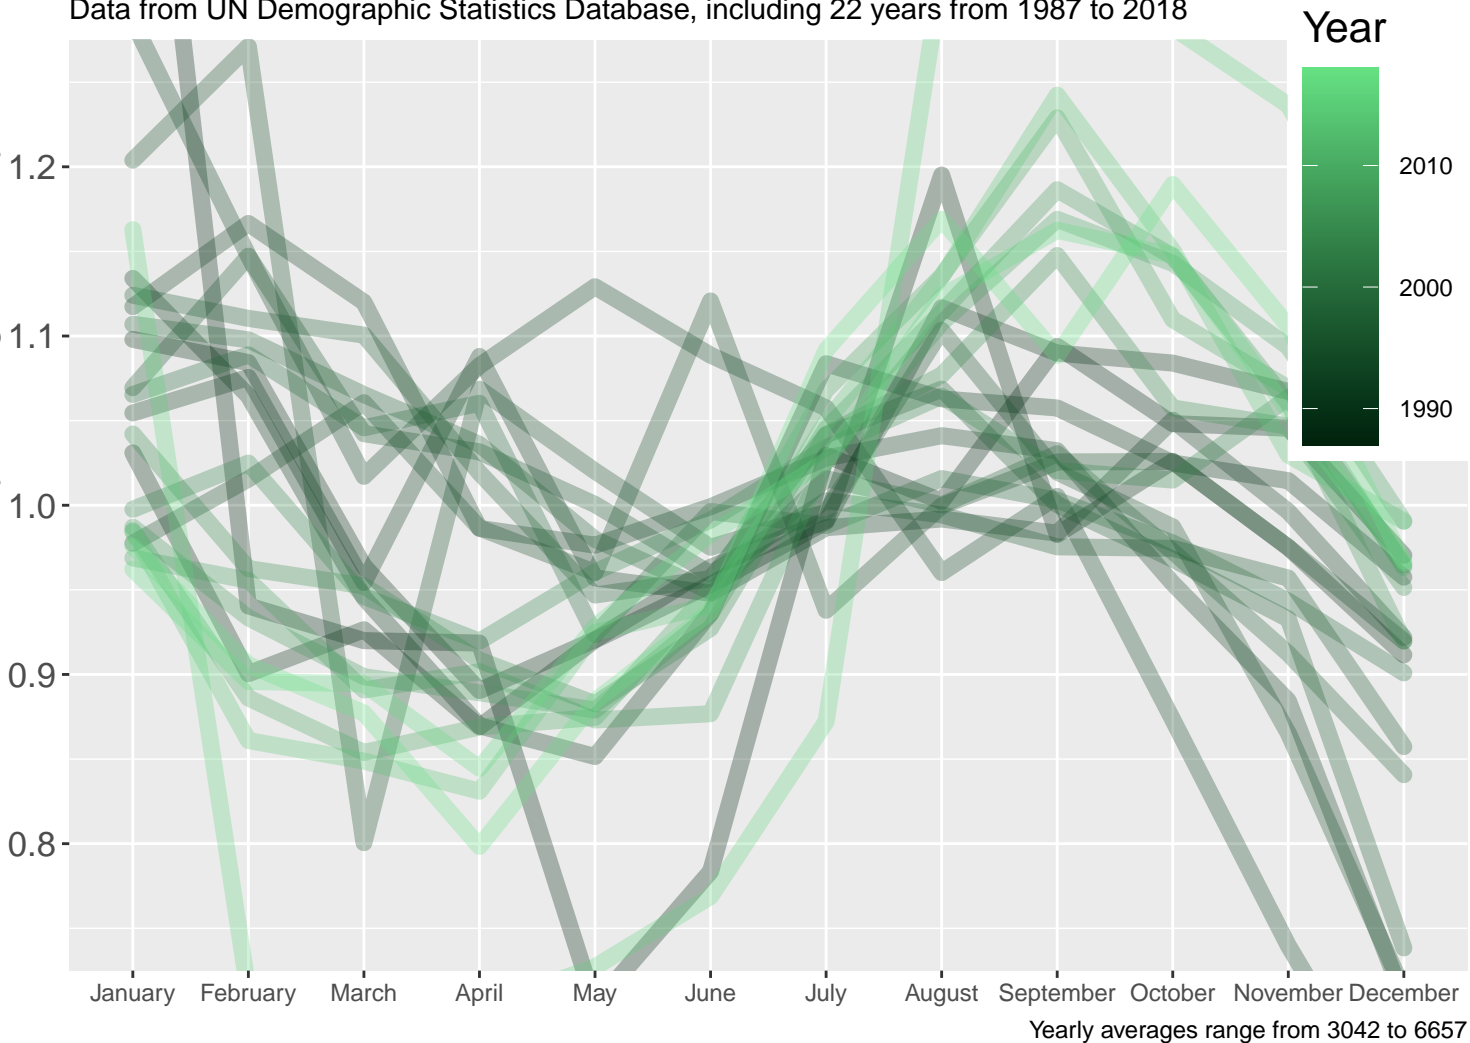

Yearly averages range from 56427 to 58308

Armenia

Data from UN Demographic Statistics Database, including 22 years from 1987 to 2018

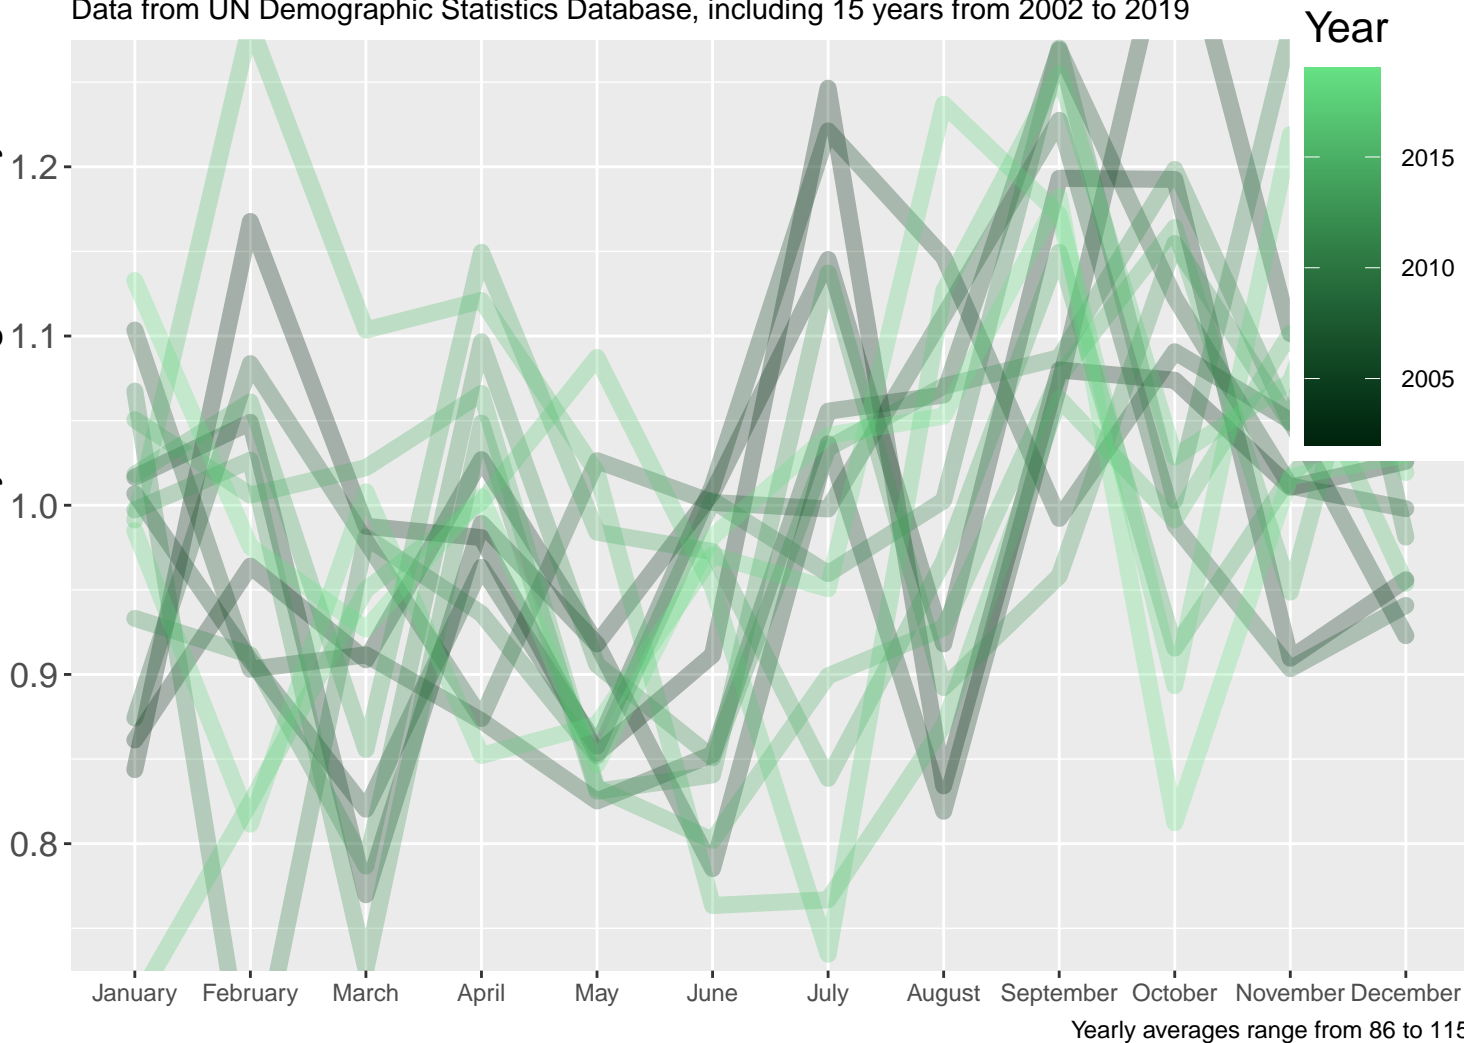

Births relative to monthly average of that year

Aruba

Data from UN Demographic Statistics Database, including 15 years from 2002 to 2019

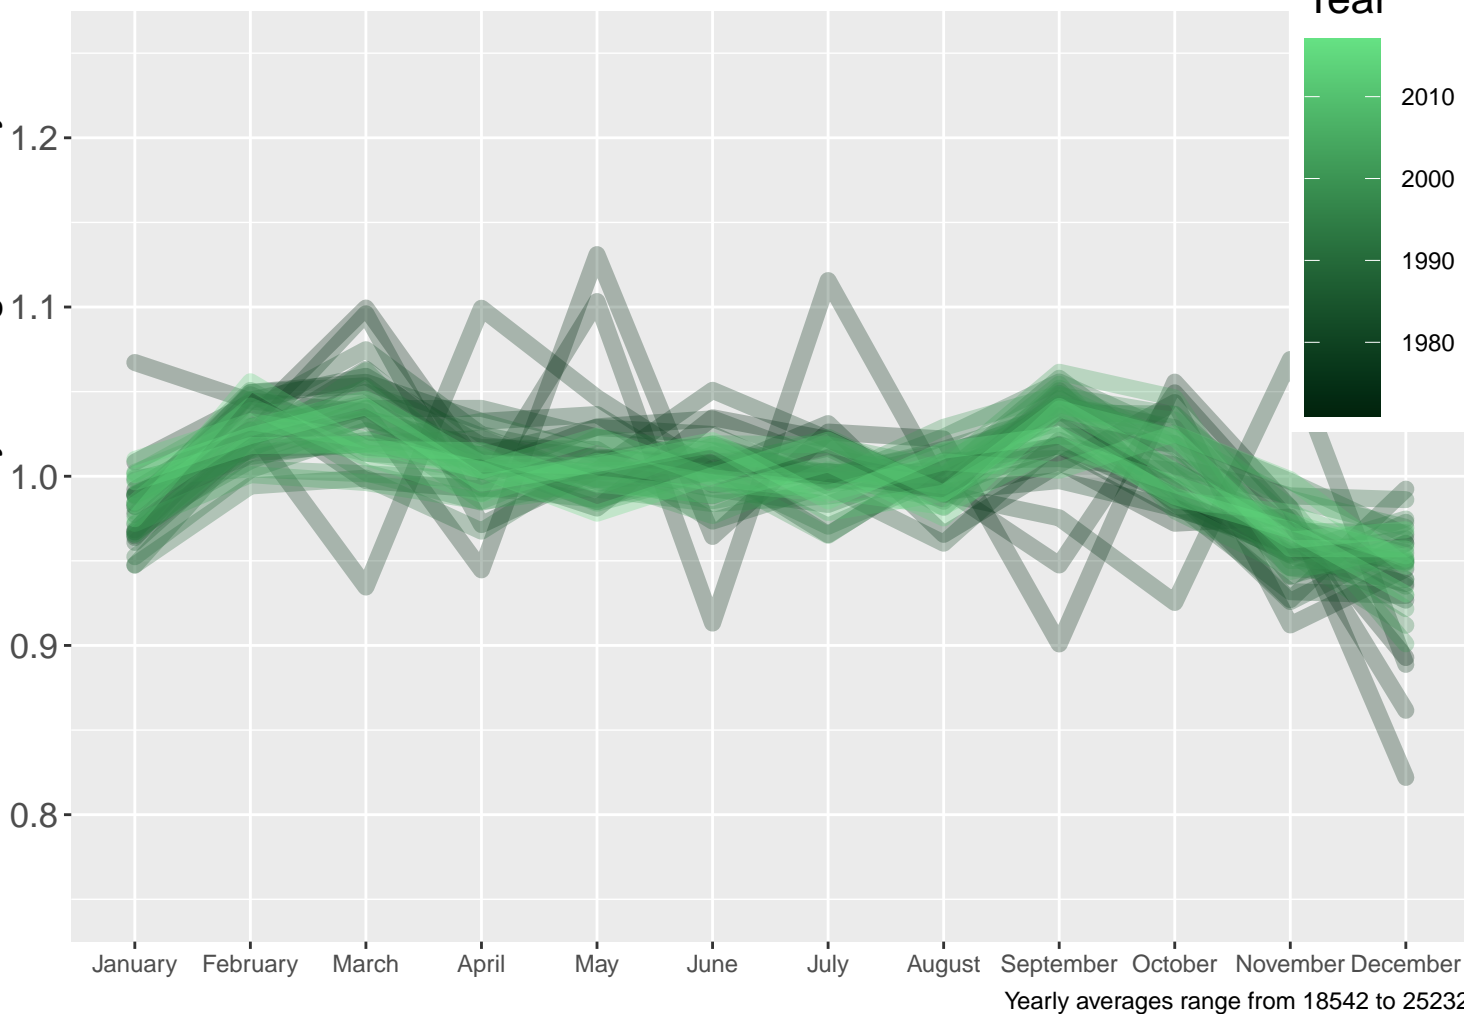

Births relative to monthly average of that year

Australia

Data from UN Demographic Statistics Database, including 38 years from 1971 to 2017

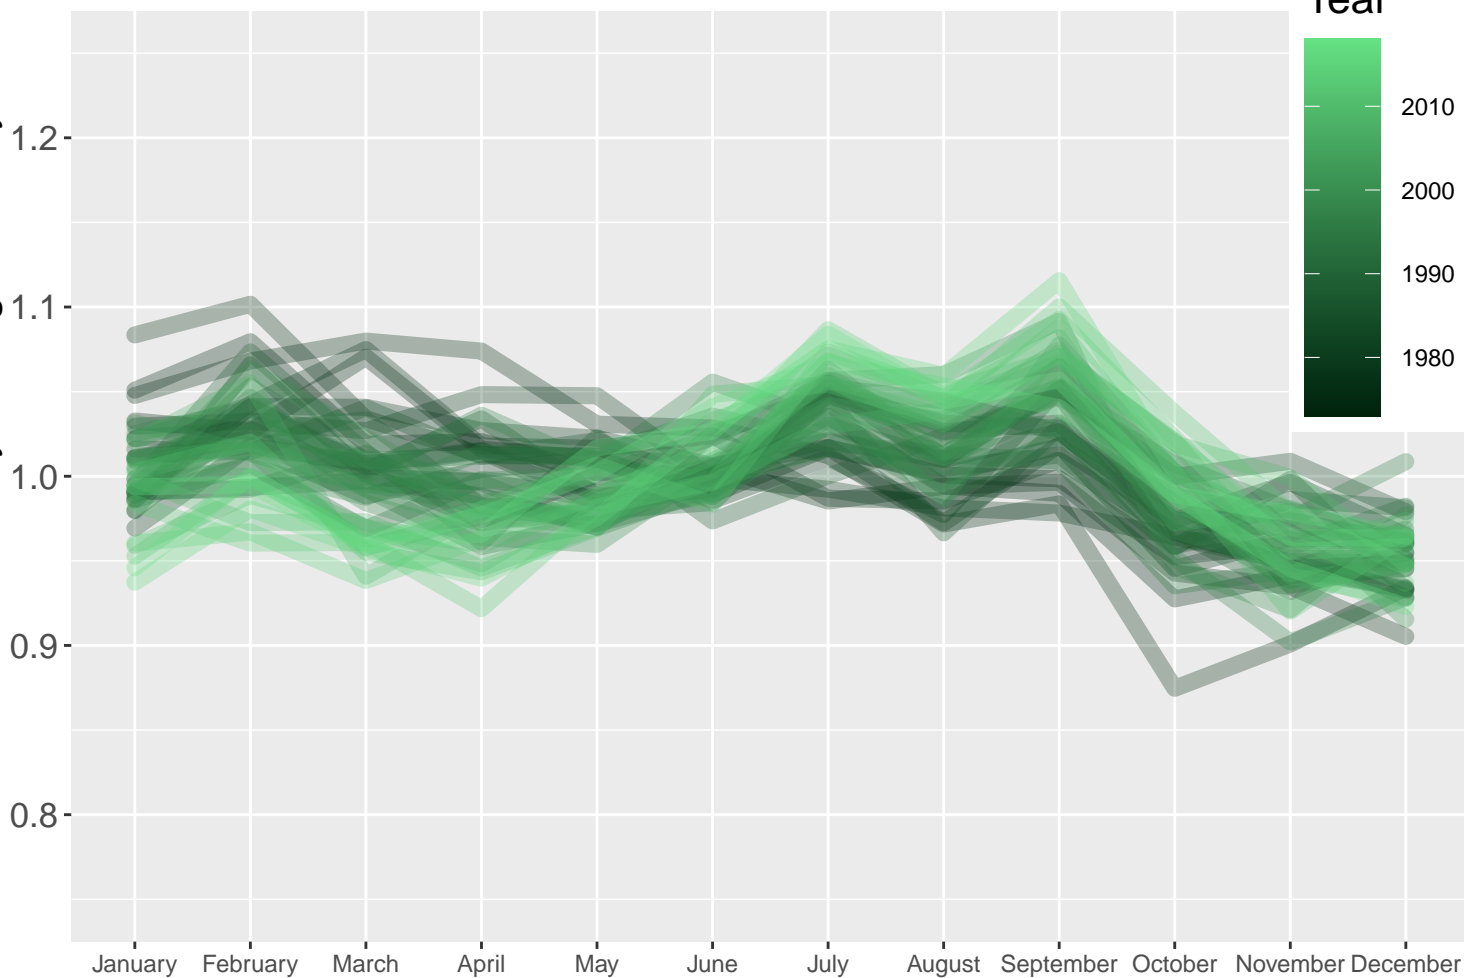

Births relative to monthly average of that year

Austria

Data from UN Demographic Statistics Database, including 43 years from 1973 to 2018

Births relative to monthly average of that year

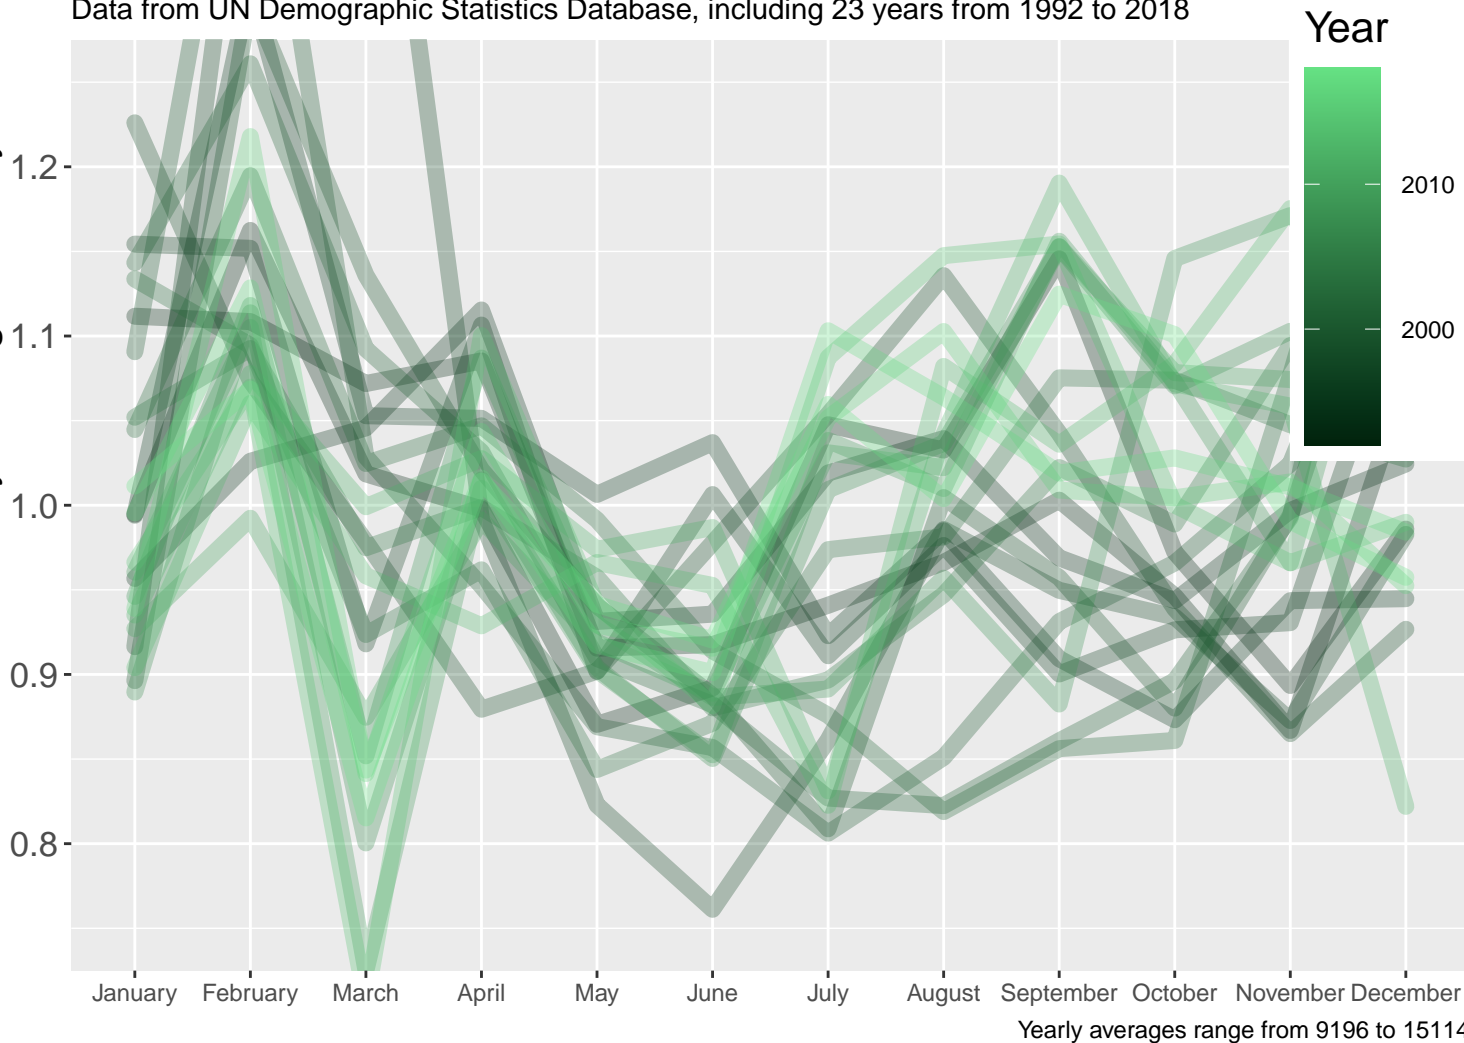

Yearly averages range from 6288 to 8170

Azerbaijan

Data from UN Demographic Statistics Database, including 23 years from 1992 to 2018

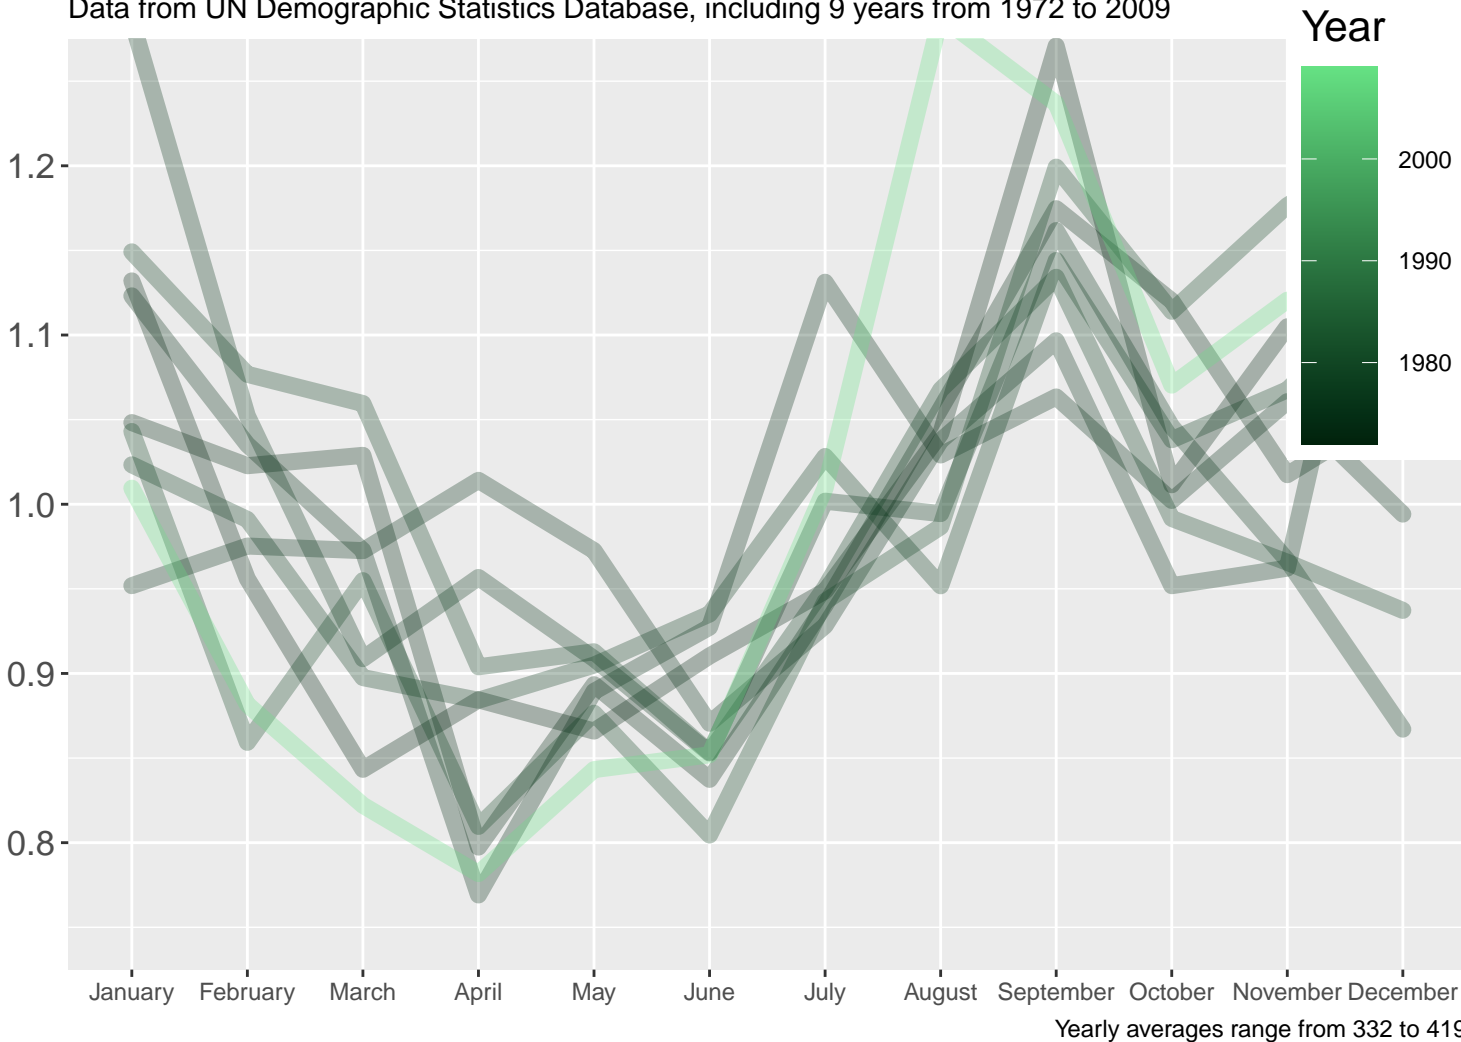

Births relative to monthly average of that year

Bahamas

Data from UN Demographic Statistics Database, including 9 years from 1972 to 2009

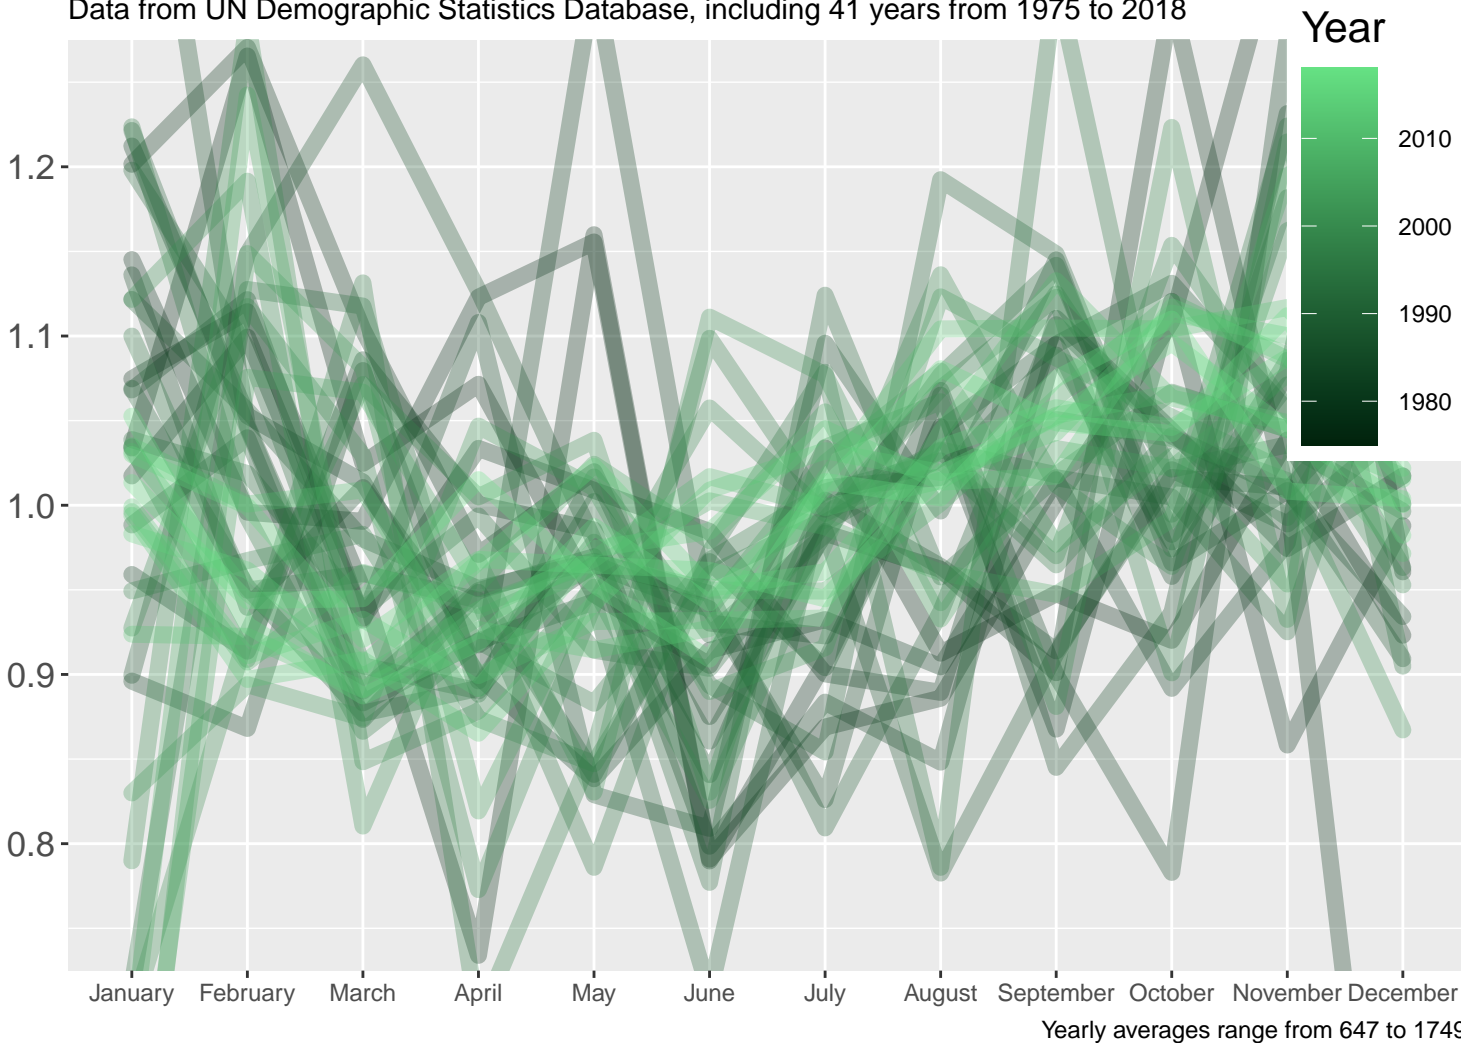

Births relative to monthly average of that year

Bahrain

Data from UN Demographic Statistics Database, including 41 years from 1975 to 2018

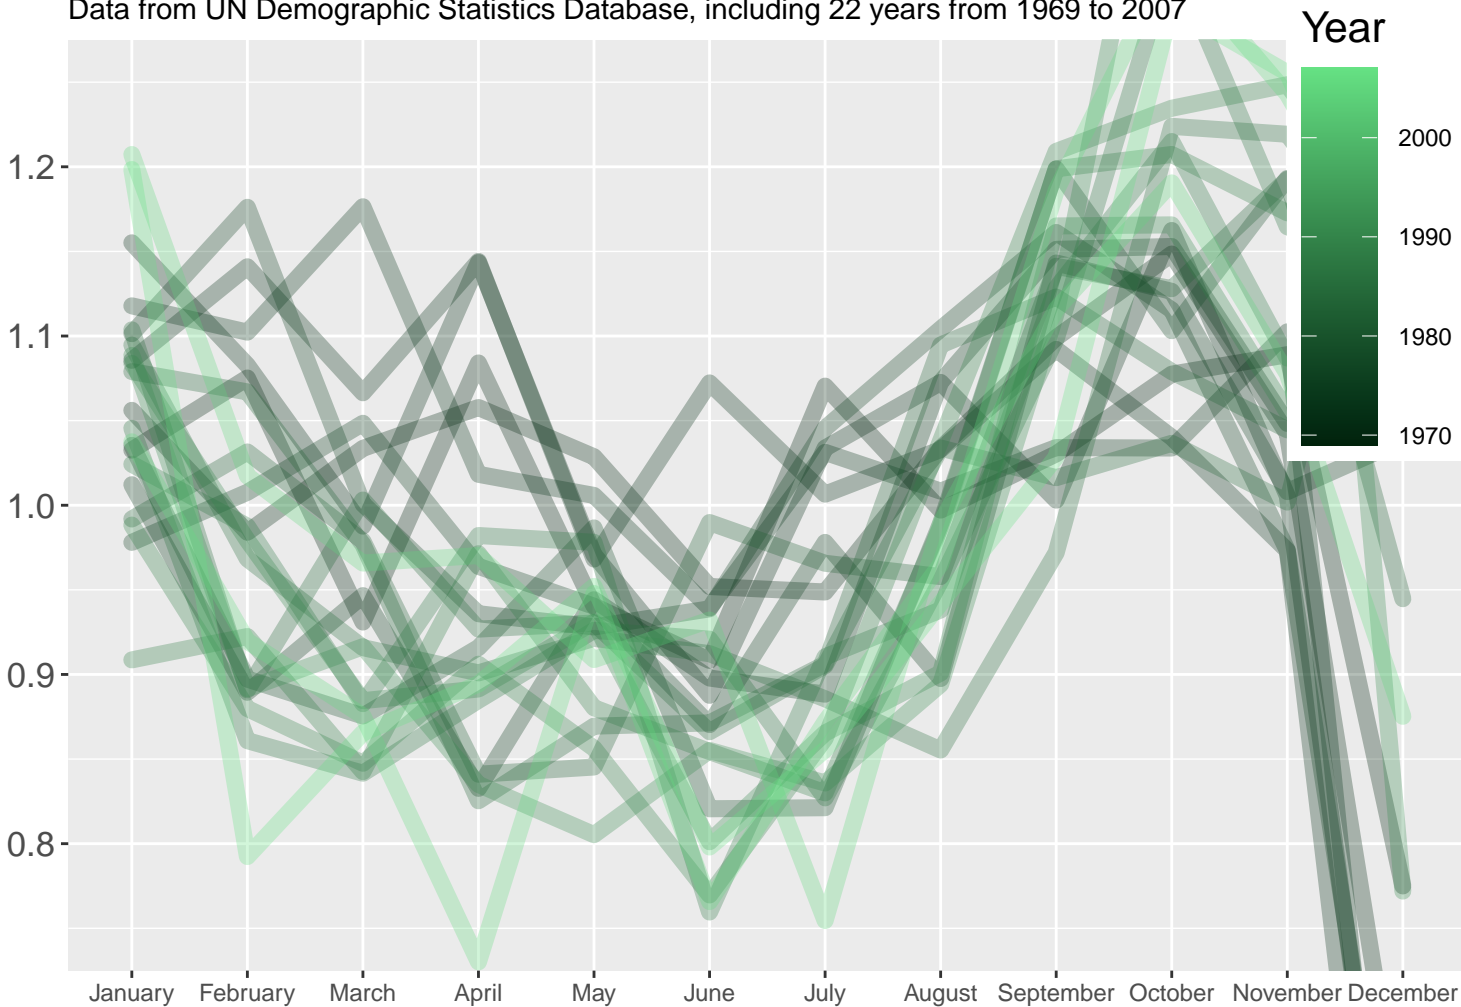

Births relative to monthly average of that year

Barbados

Data from UN Demographic Statistics Database, including 22 years from 1969 to 2007

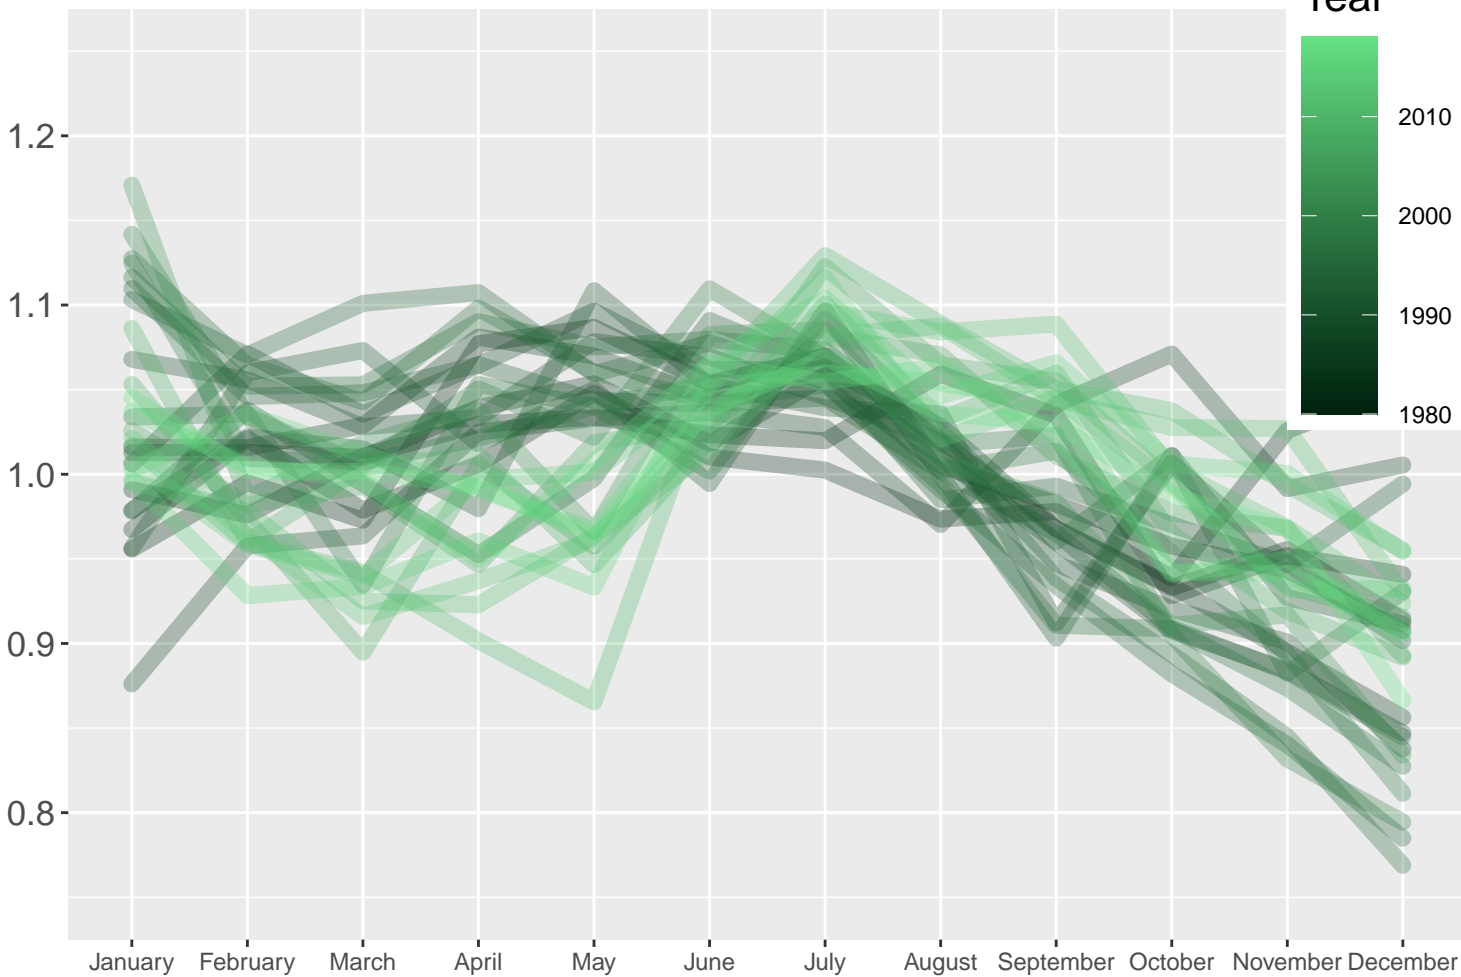

Births relative to monthly average of that year

Belarus

Data from UN Demographic Statistics Database, including 30 years from 1980 to 2018

Births relative to monthly average of that year

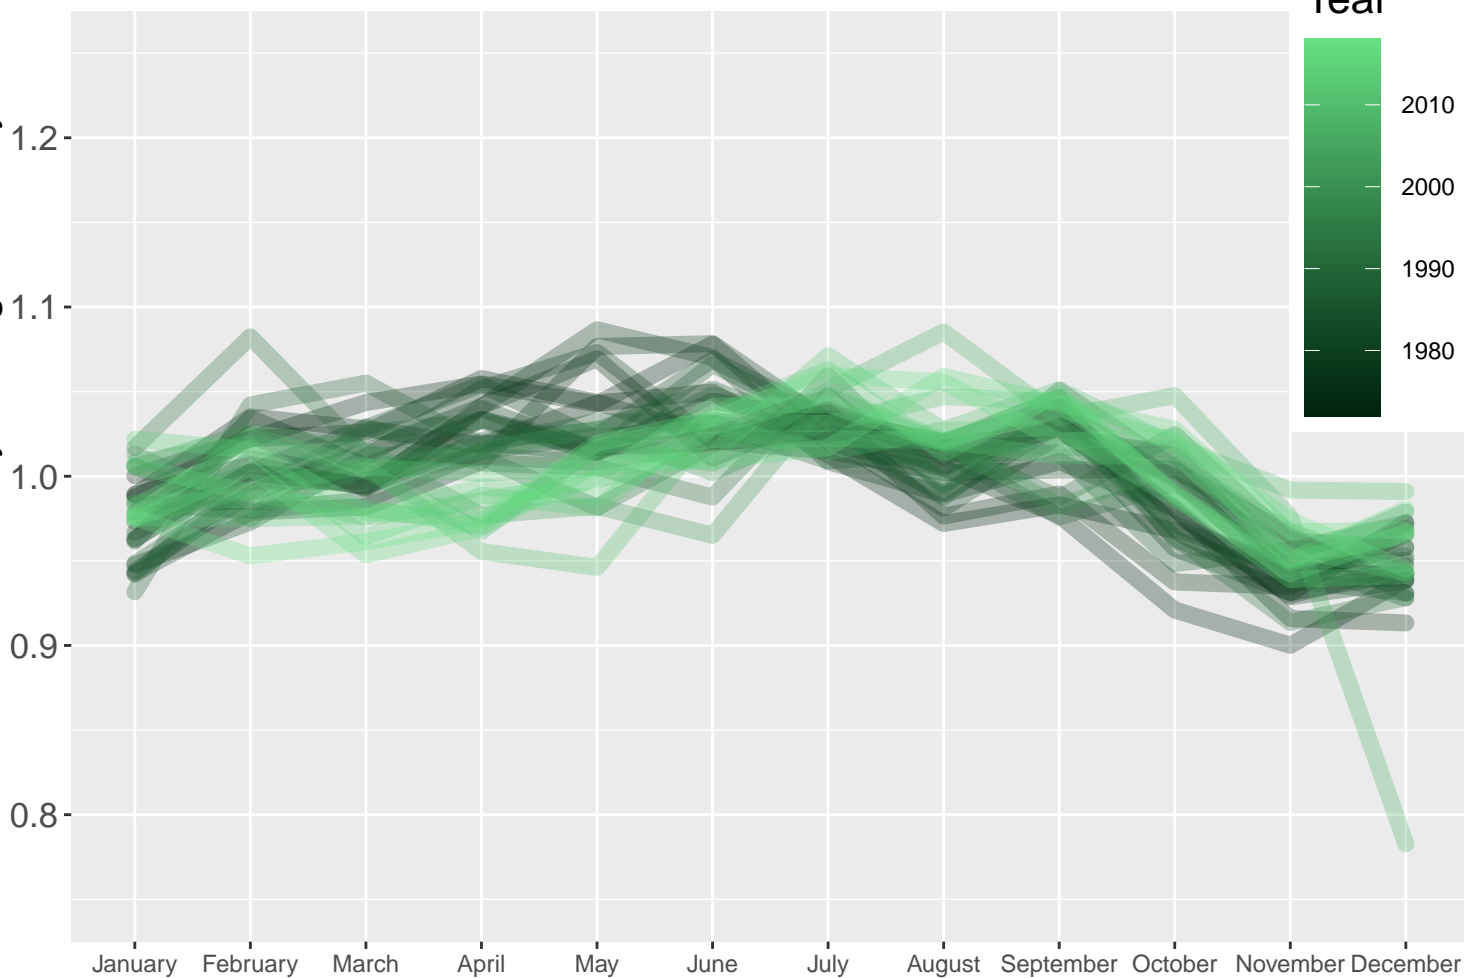

Yearly averages range from 7412 to 14459

Belgium

Data from UN Demographic Statistics Database, including 31 years from 1972 to 2018

Births relative to monthly average of that year

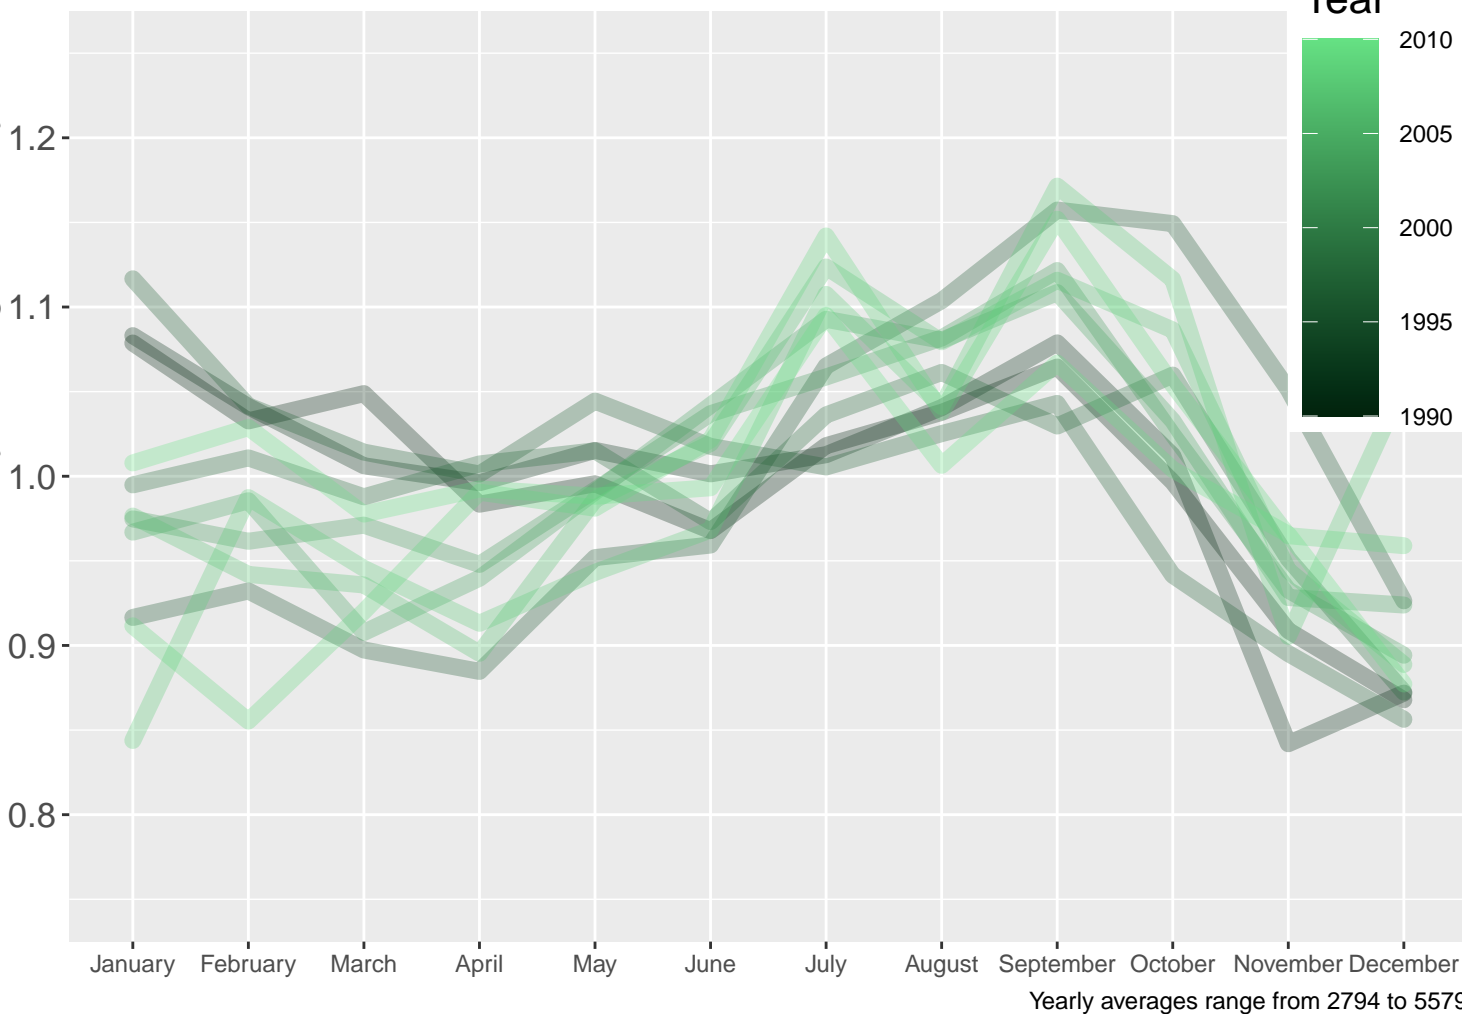

Yearly averages range from 9425 to 11359

Bosnia and Herzegovina

Data from UN Demographic Statistics Database, including 11 years from 1990 to 2010

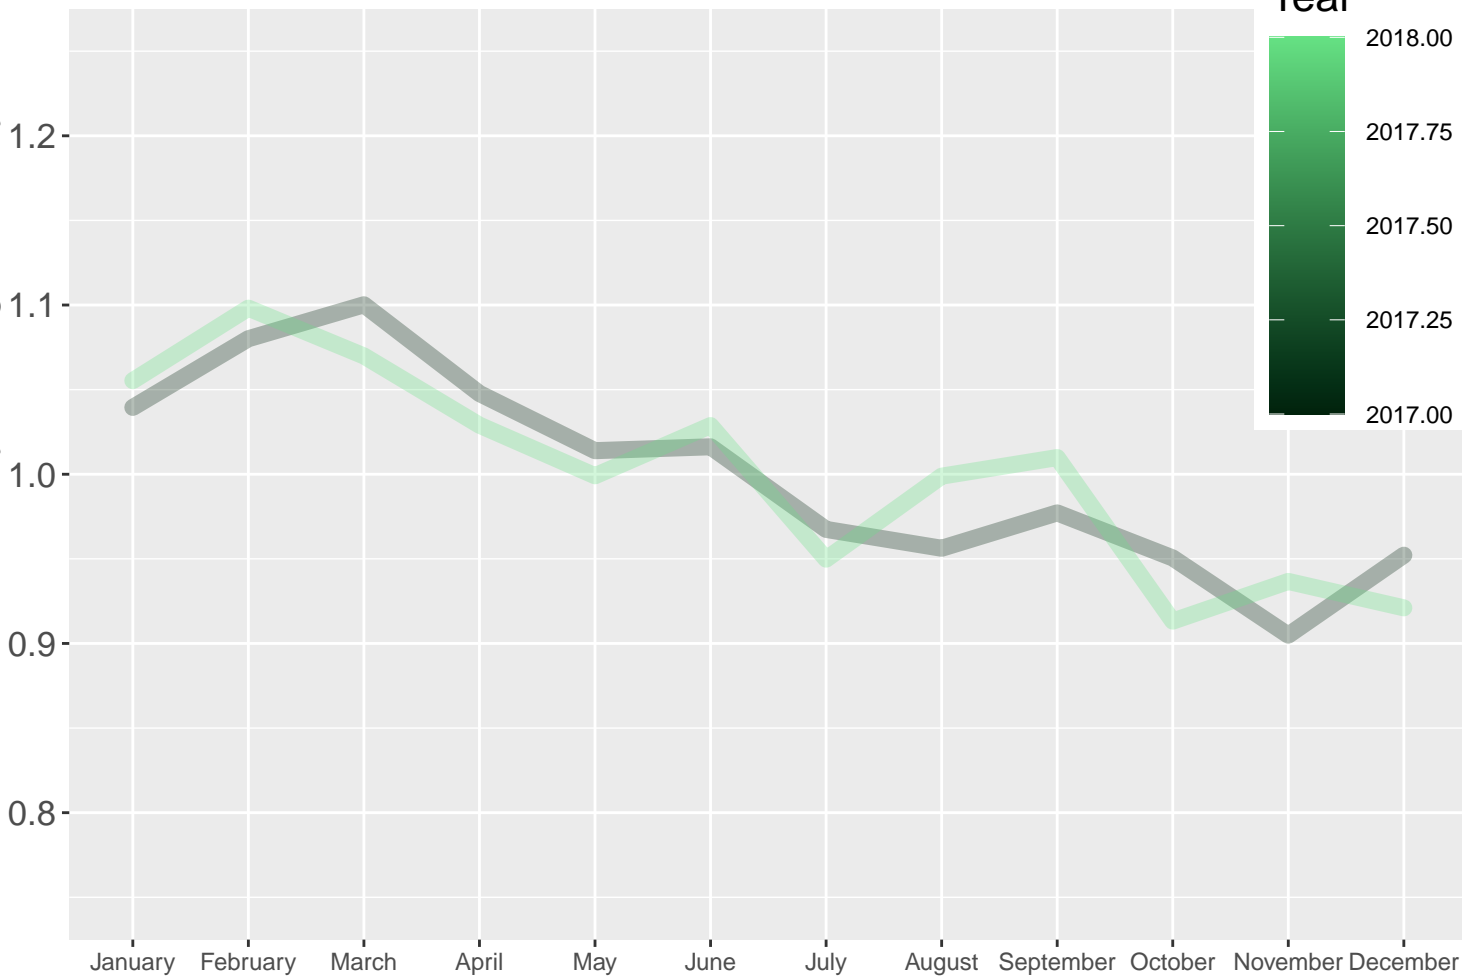

Births relative to monthly average of that year

Botswana

Data from UN Demographic Statistics Database, including 2 years from 2017 to 2018

Births relative to monthly average of that year

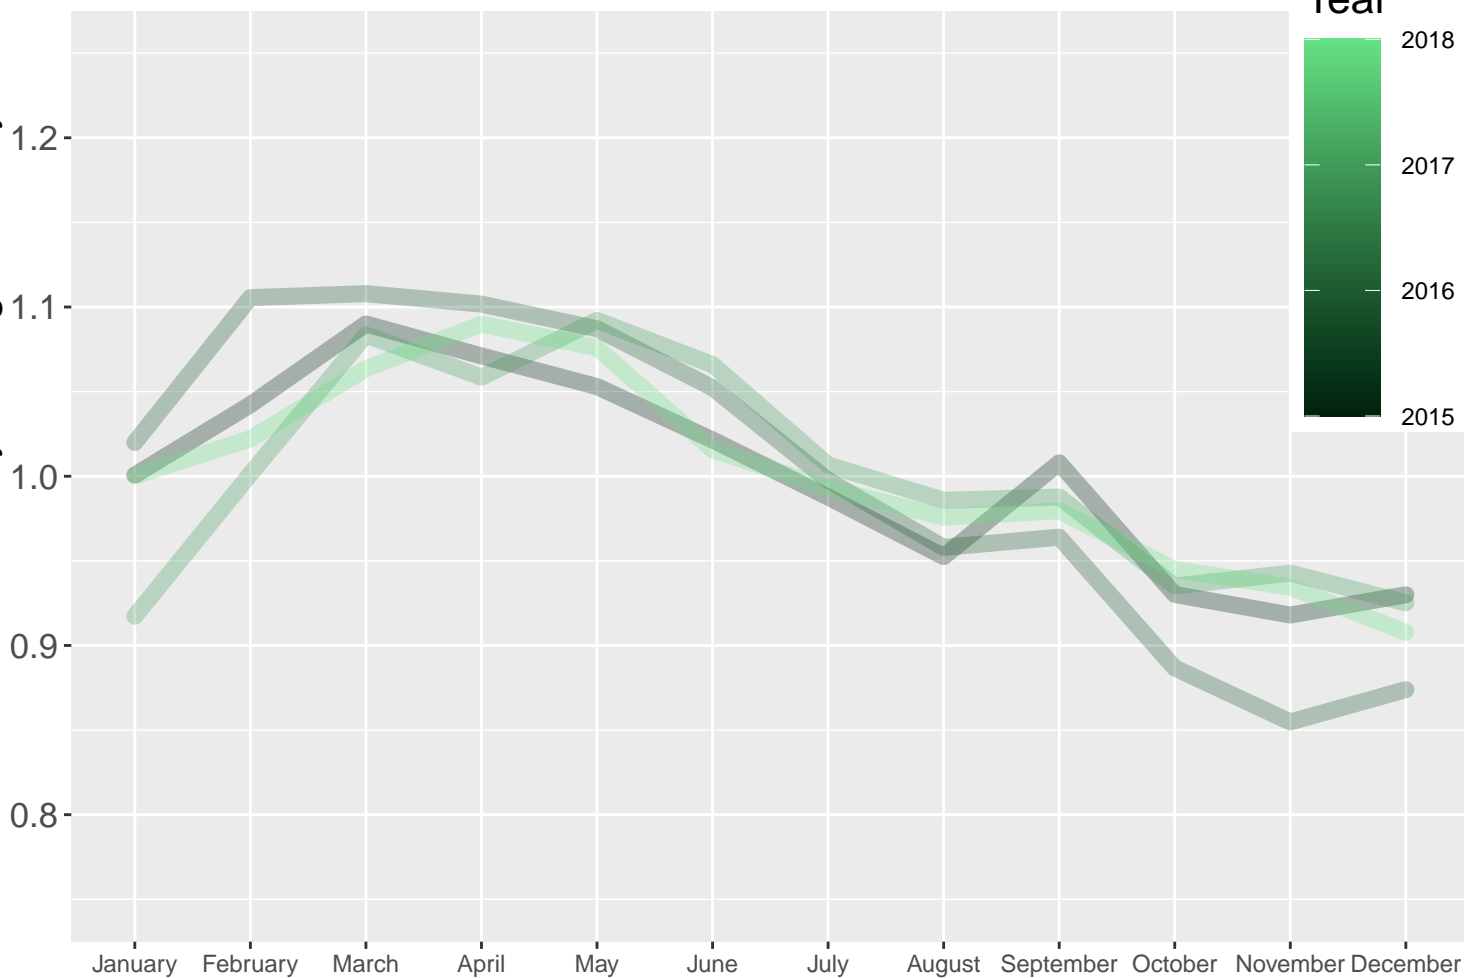

Yearly averages range from 3607 to 4502

Brazil

Data from UN Demographic Statistics Database, including 4 years from 2015 to 2018

Births relative to monthly average of that year

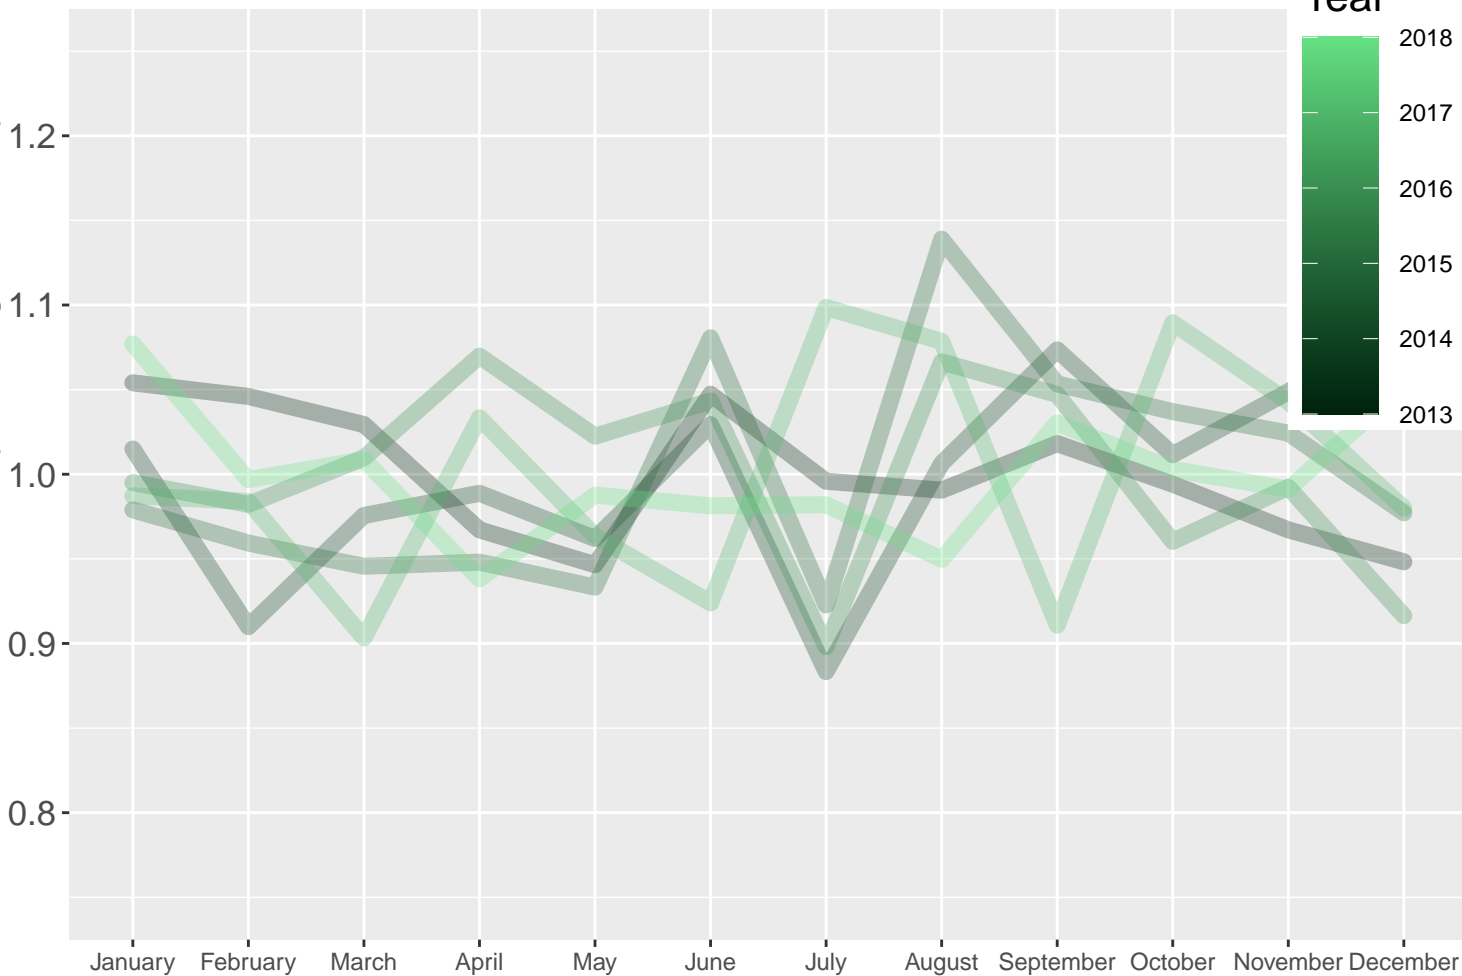

Yearly averages range from 233590 to 246081

Brunei Darussalam

Data from UN Demographic Statistics Database, including 6 years from 2013 to 2018

Births relative to monthly average of that year

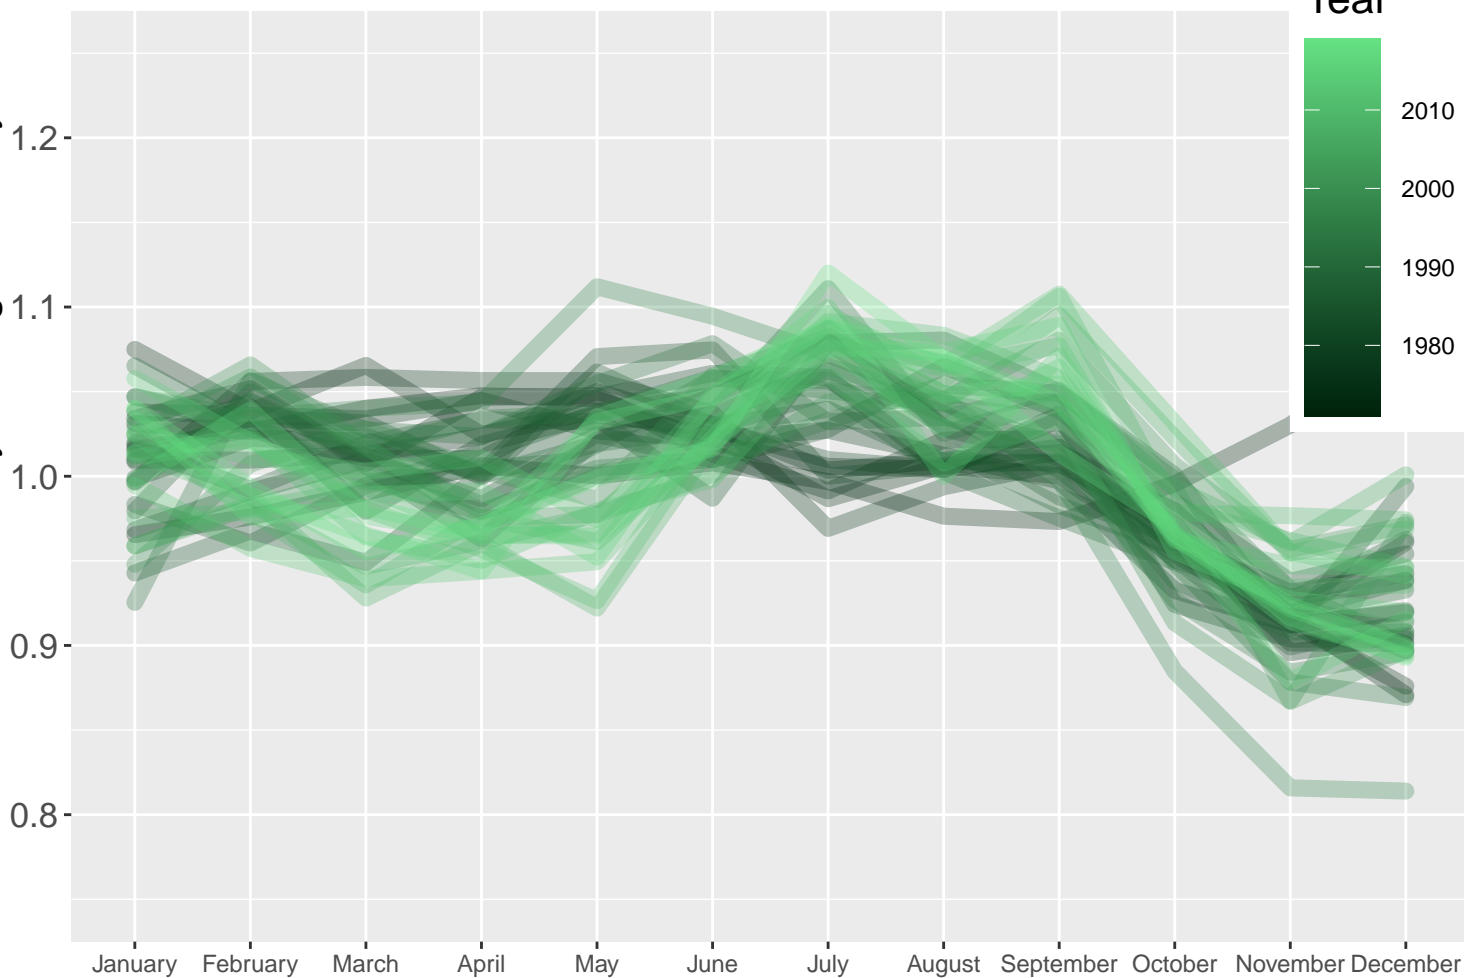

Yearly averages range from 517 to 574

Bulgaria

Data from UN Demographic Statistics Database, including 40 years from 1971 to 2019

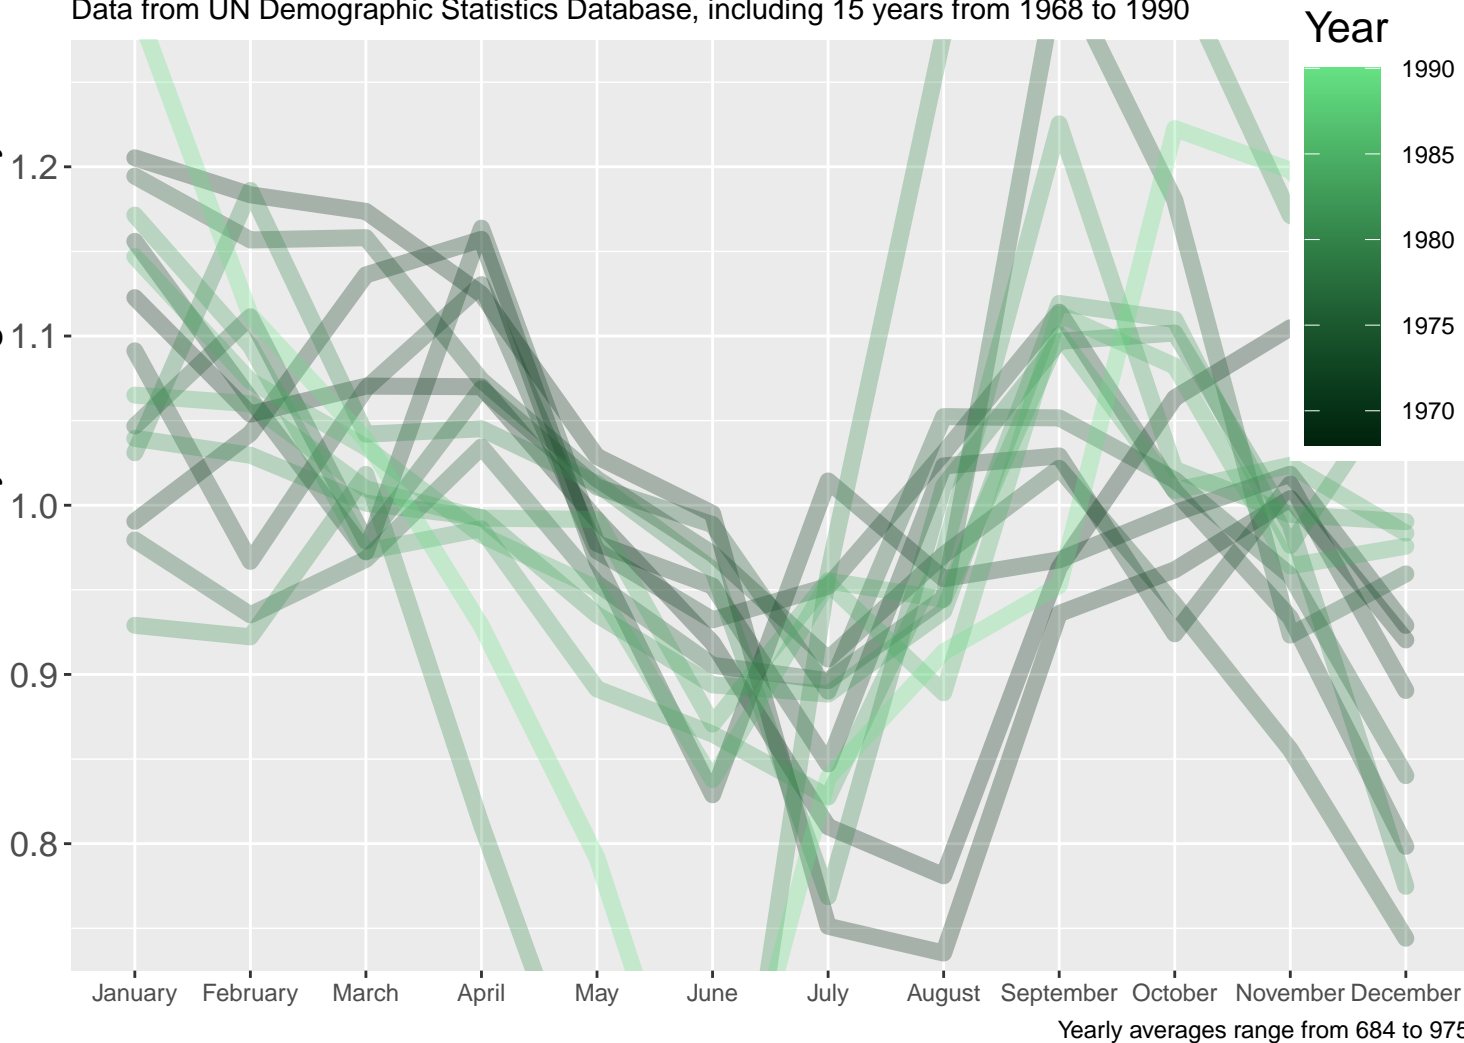

Births relative to monthly average of that year

Cabo Verde

Data from UN Demographic Statistics Database, including 15 years from 1968 to 1990

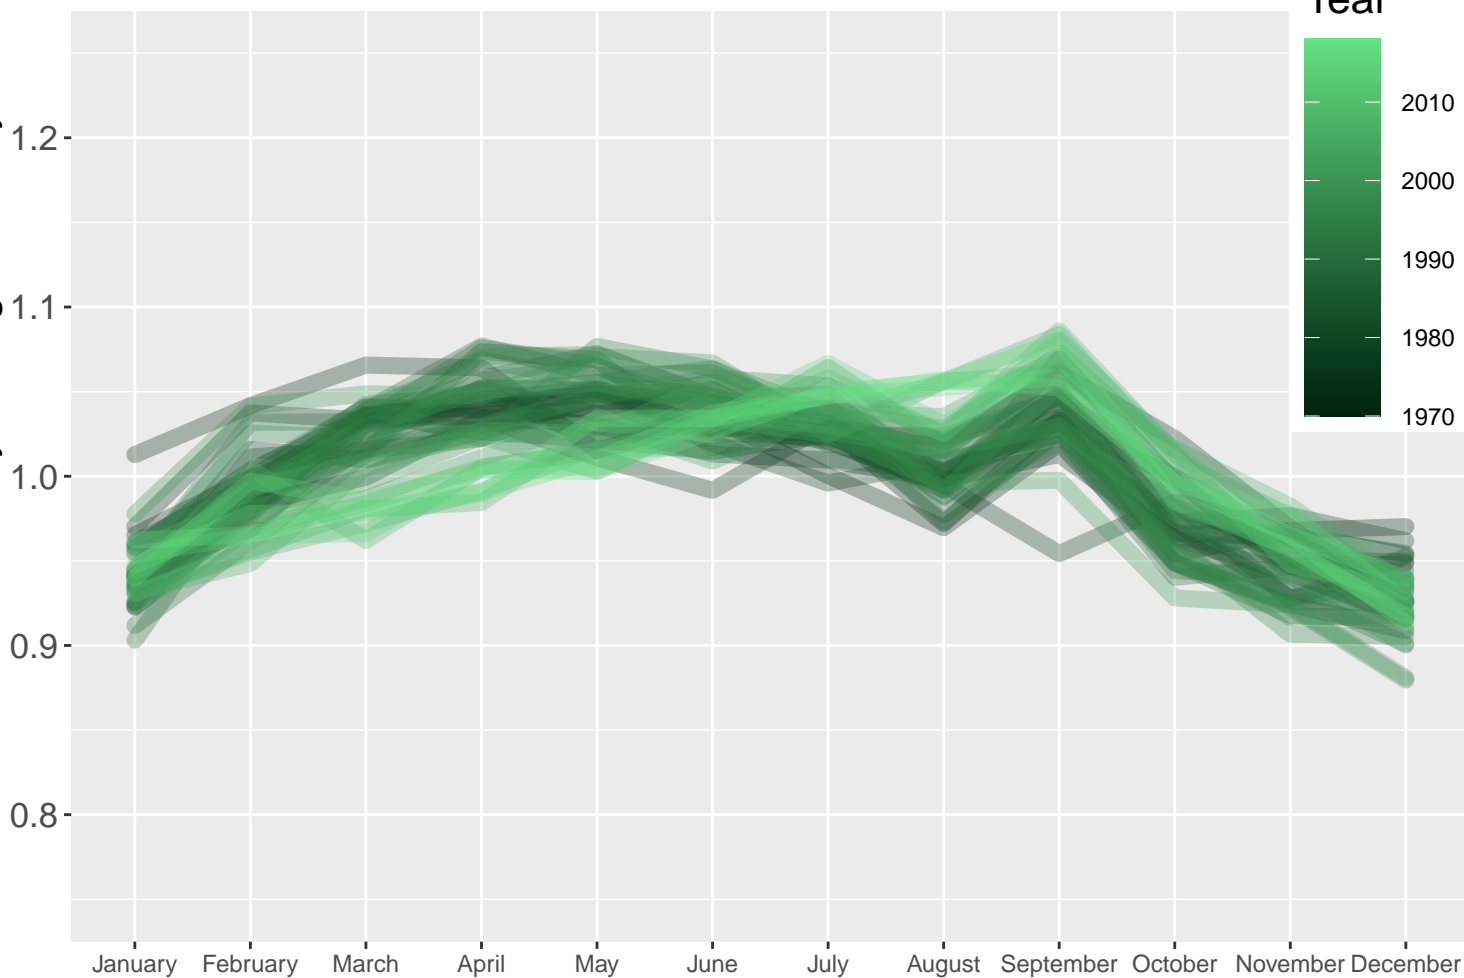

Births relative to monthly average of that year

Canada

Data from UN Demographic Statistics Database, including 41 years from 1970 to 2018

Births relative to monthly average of that year

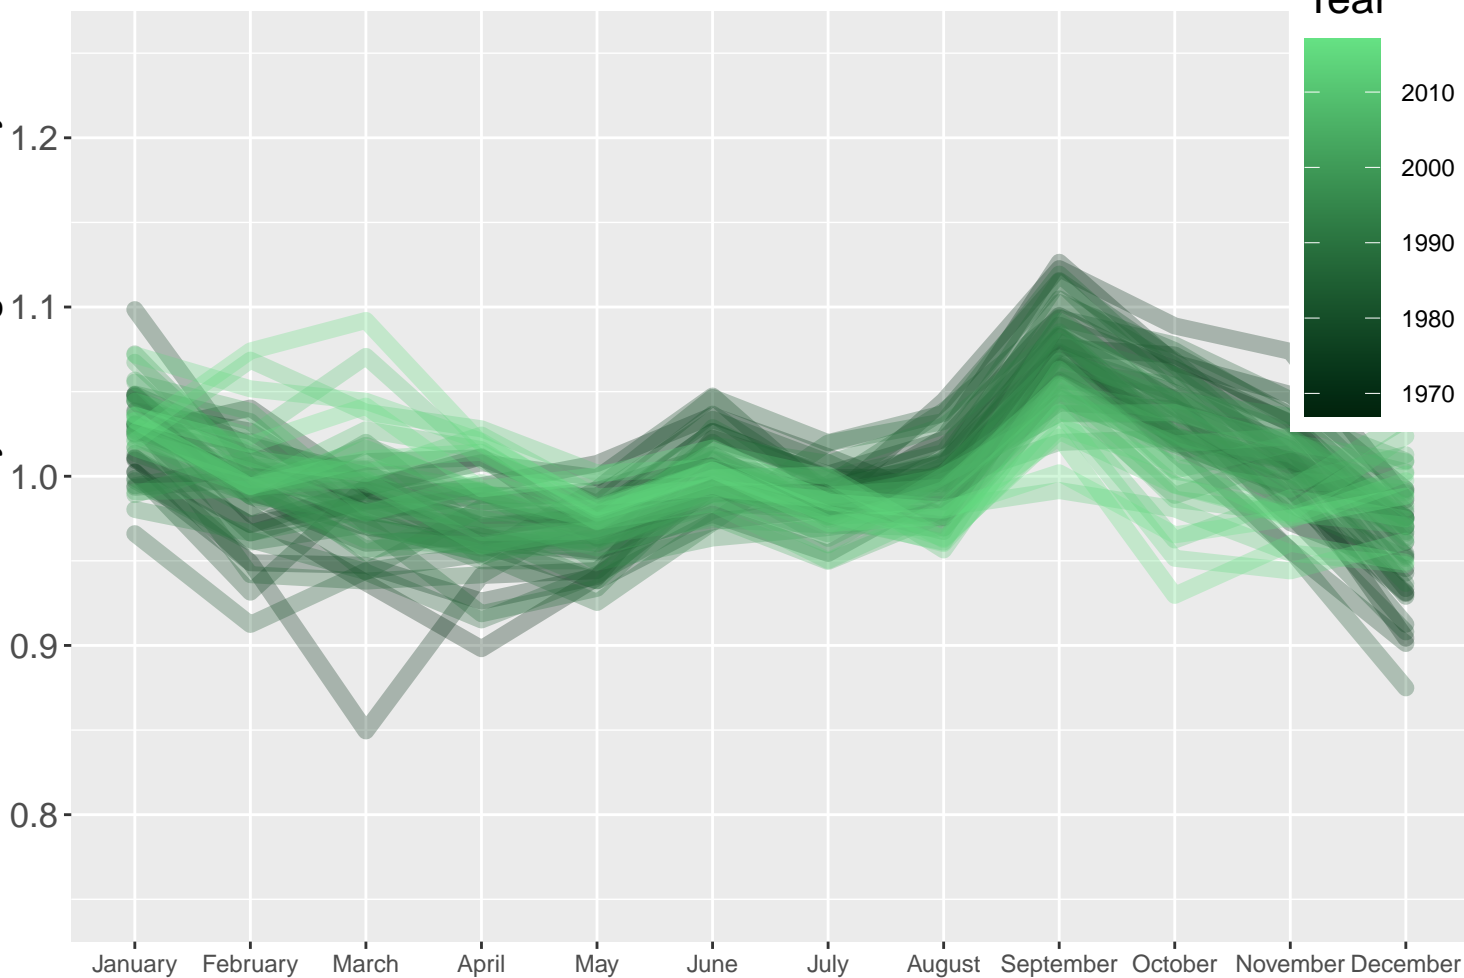

Yearly averages range from 27324 to 33722

Chile

Data from UN Demographic Statistics Database, including 51 years from 1967 to 2017

Births relative to monthly average of that year

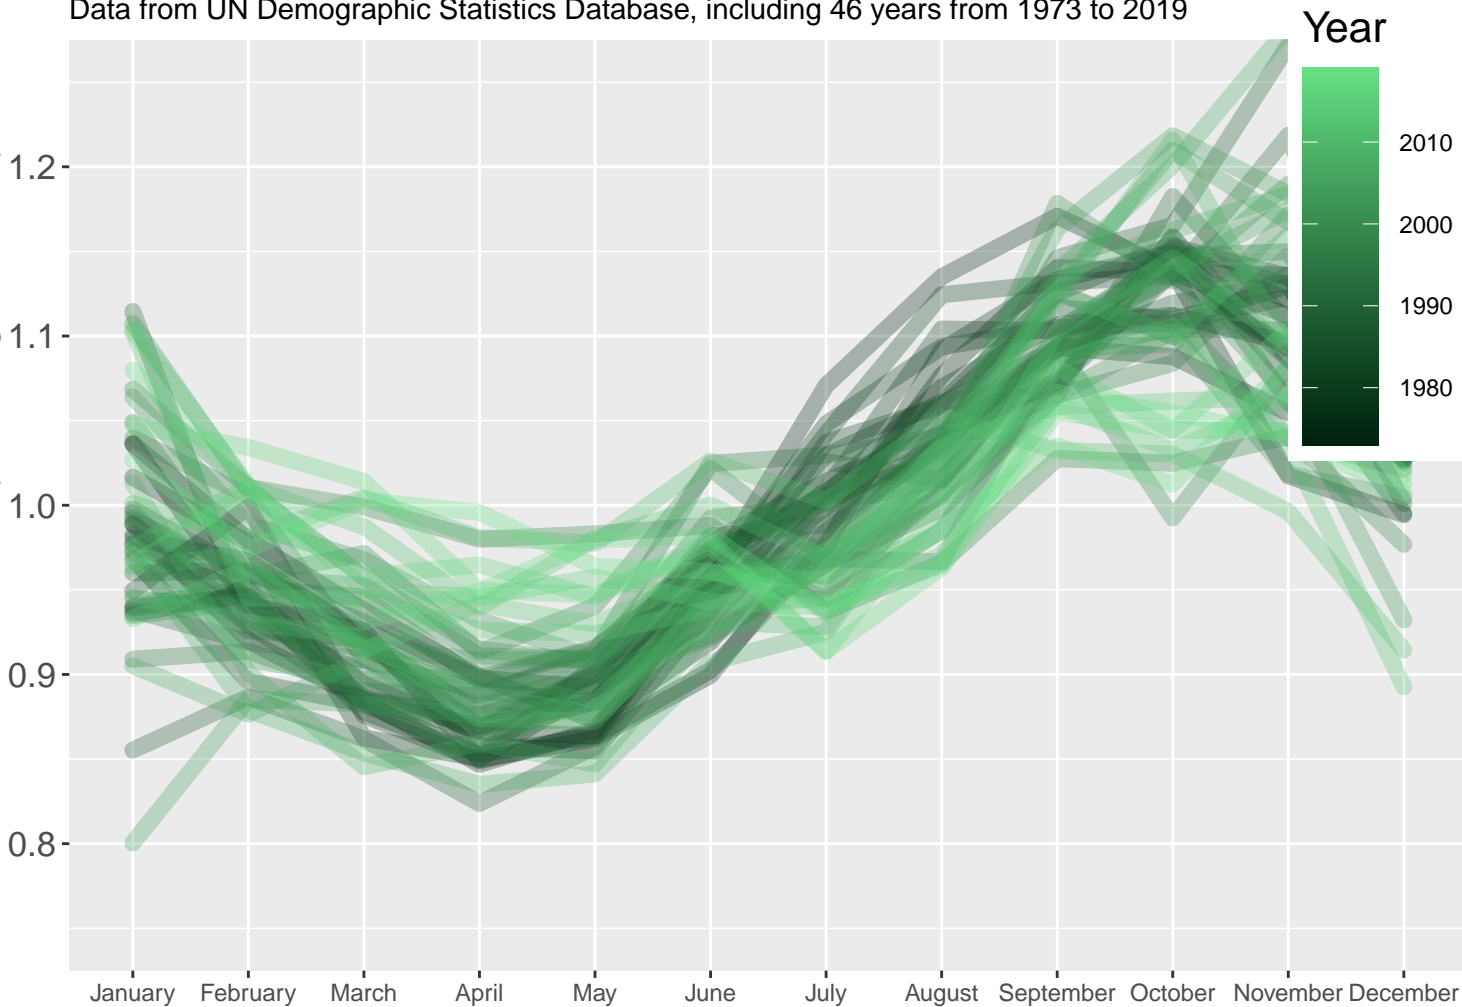

Yearly averages range from 18073 to 24346

China, Hong Kong SAR

Data from UN Demographic Statistics Database, including 46 years from 1973 to 2019

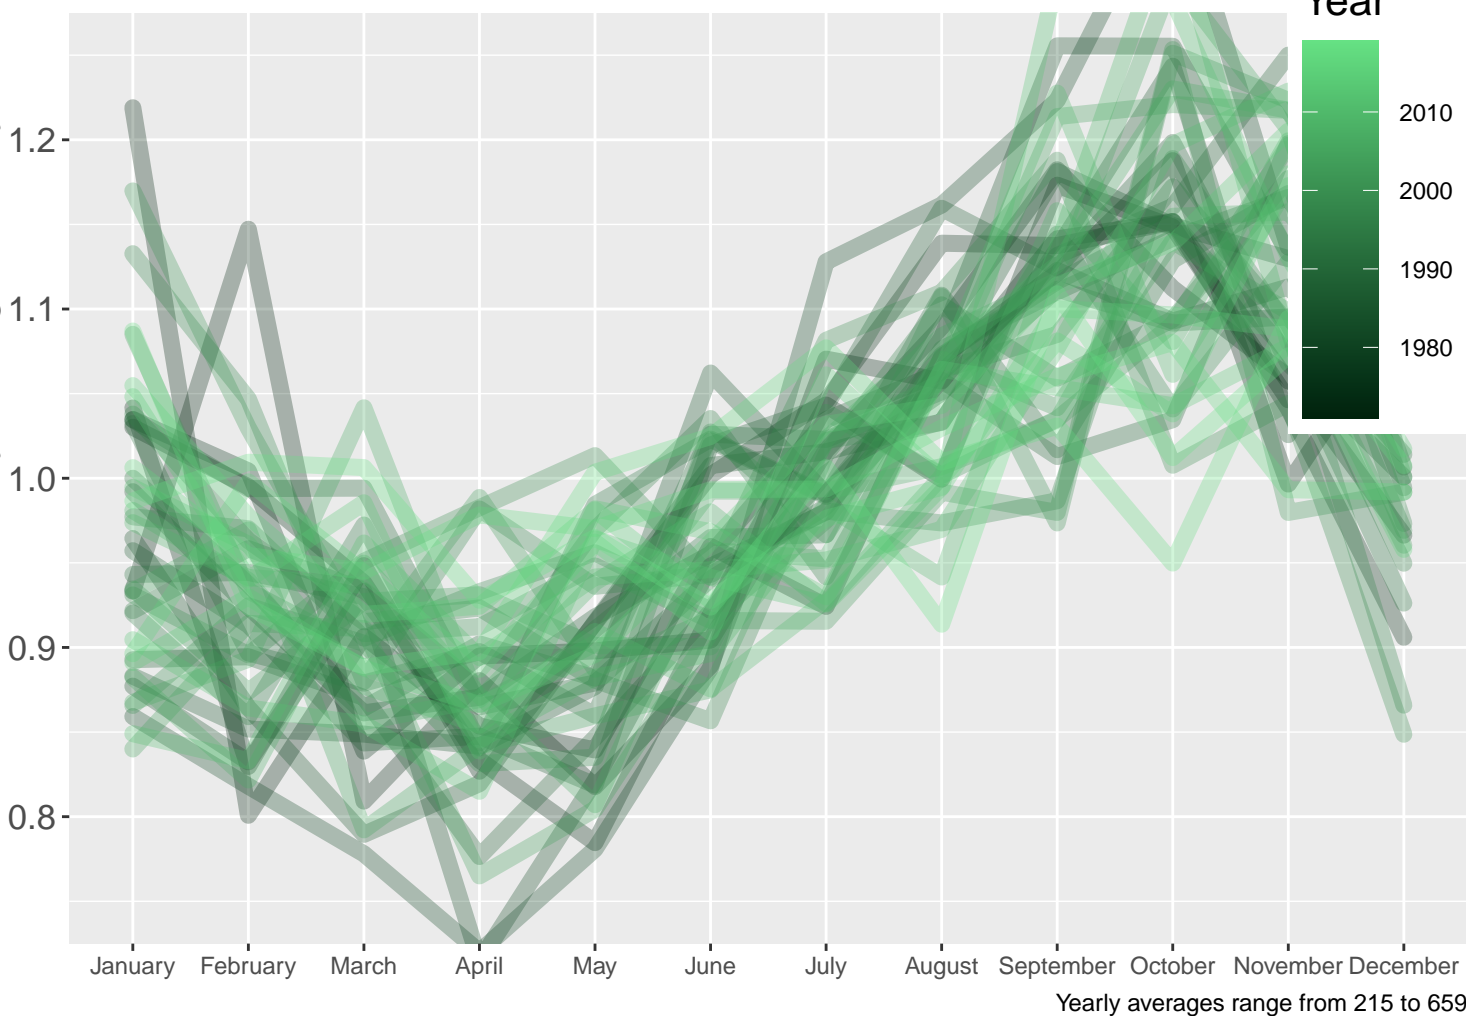

Births relative to monthly average of that year

China, Macao SAR

Data from UN Demographic Statistics Database, including 42 years from 1971 to 2019

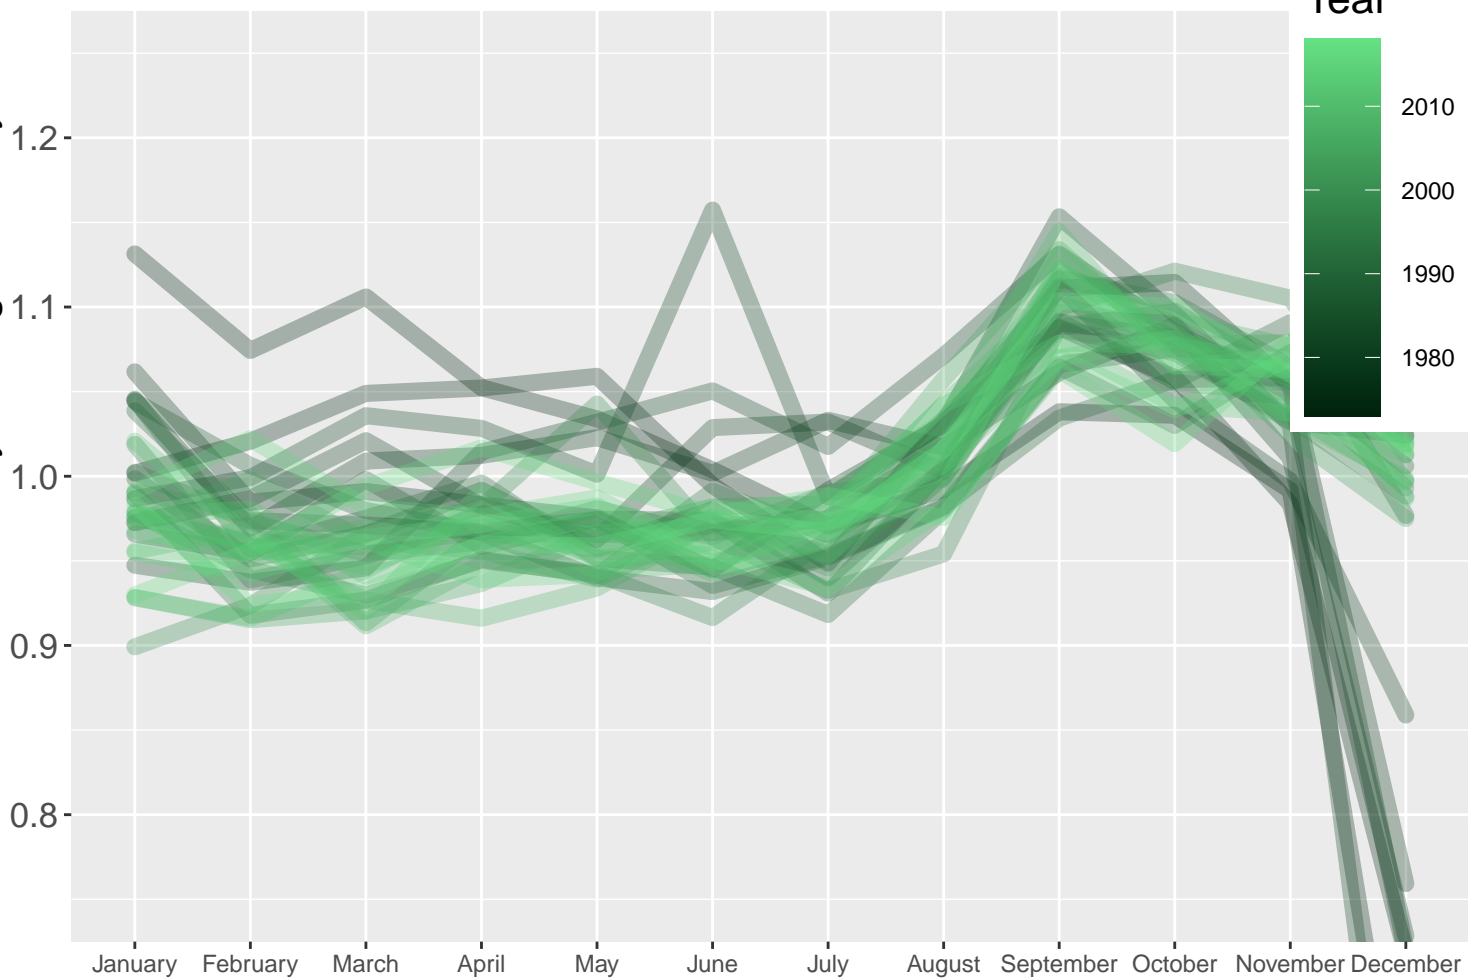

Births relative to monthly average of that year

Costa Rica

Data from UN Demographic Statistics Database, including 33 years from 1973 to 2018

Births relative to monthly average of that year

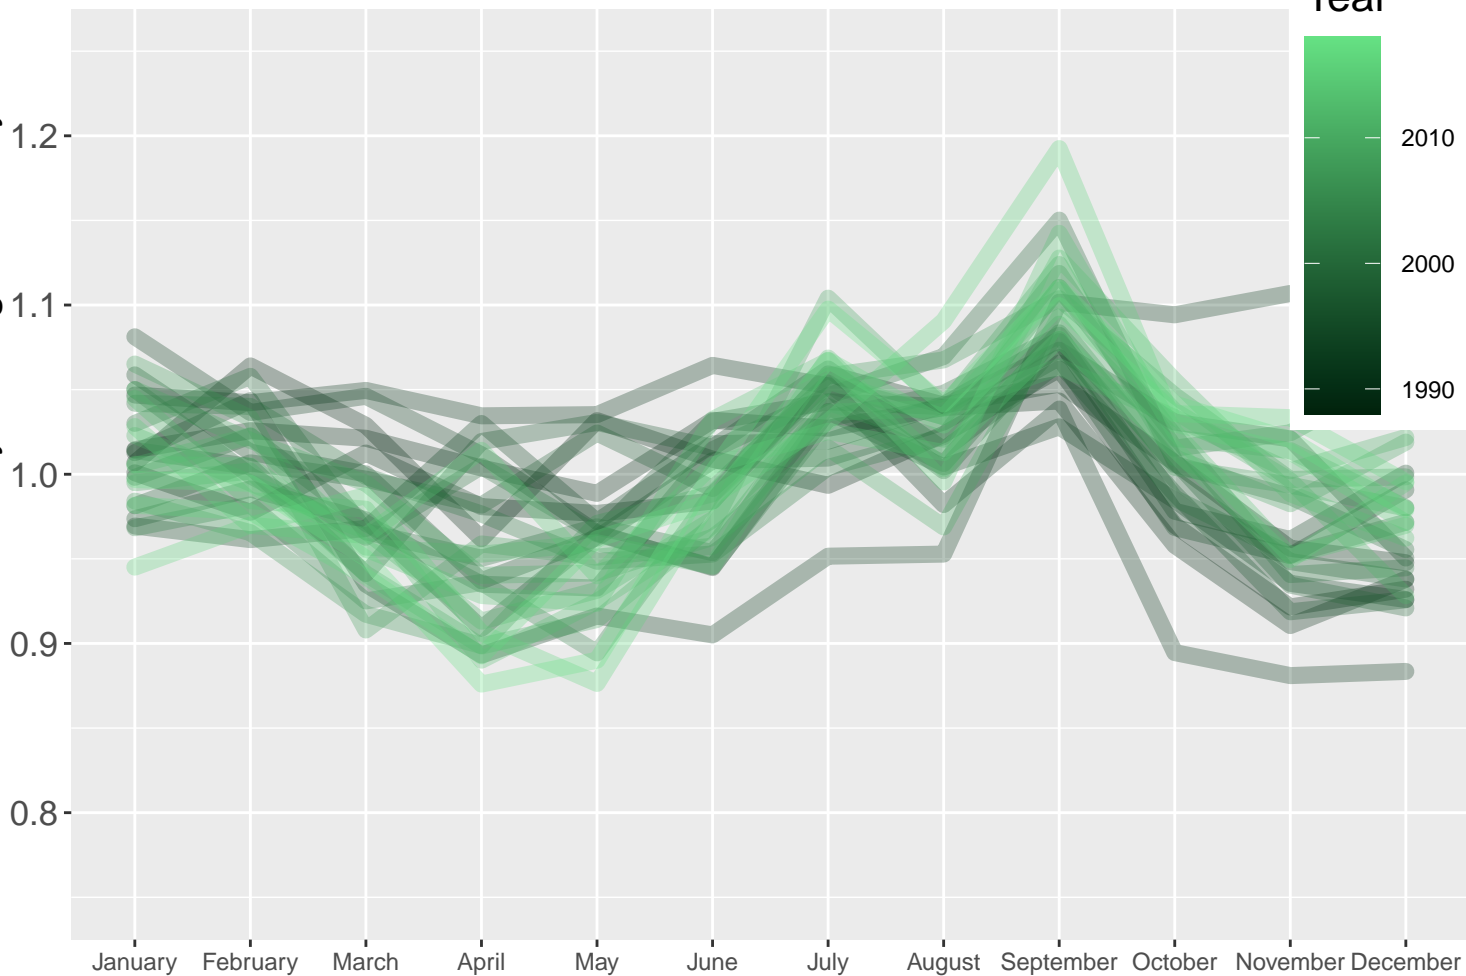

Yearly averages range from 4124 to 6955

Croatia

Data from UN Demographic Statistics Database, including 28 years from 1988 to 2018

Births relative to monthly average of that year

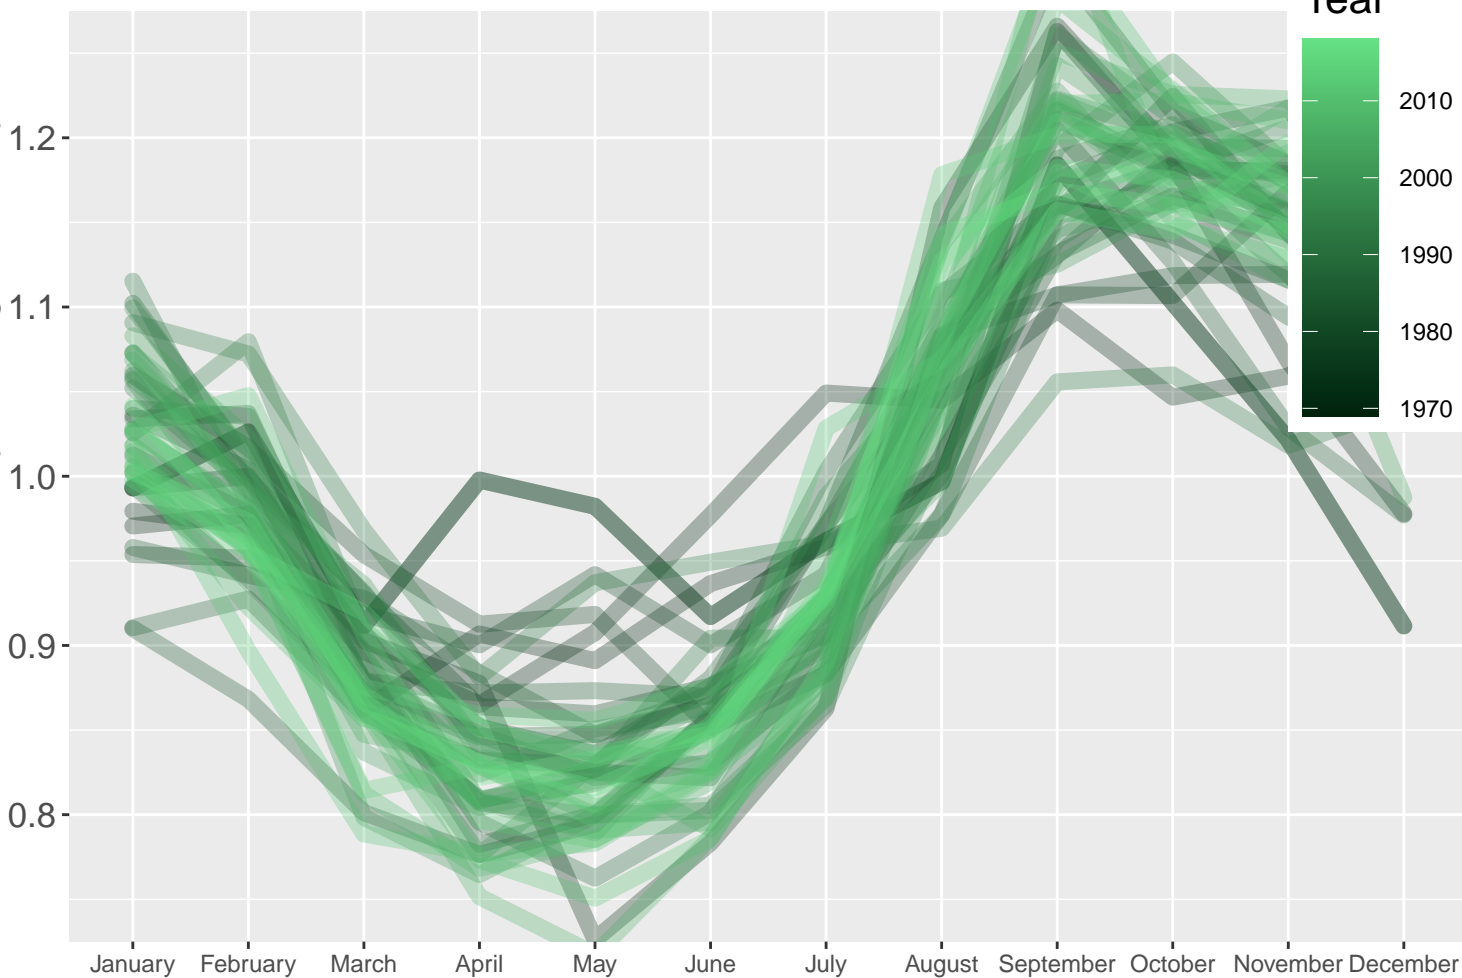

Yearly averages range from 3046 to 4877

Cuba

Data from UN Demographic Statistics Database, including 45 years from 1969 to 2018

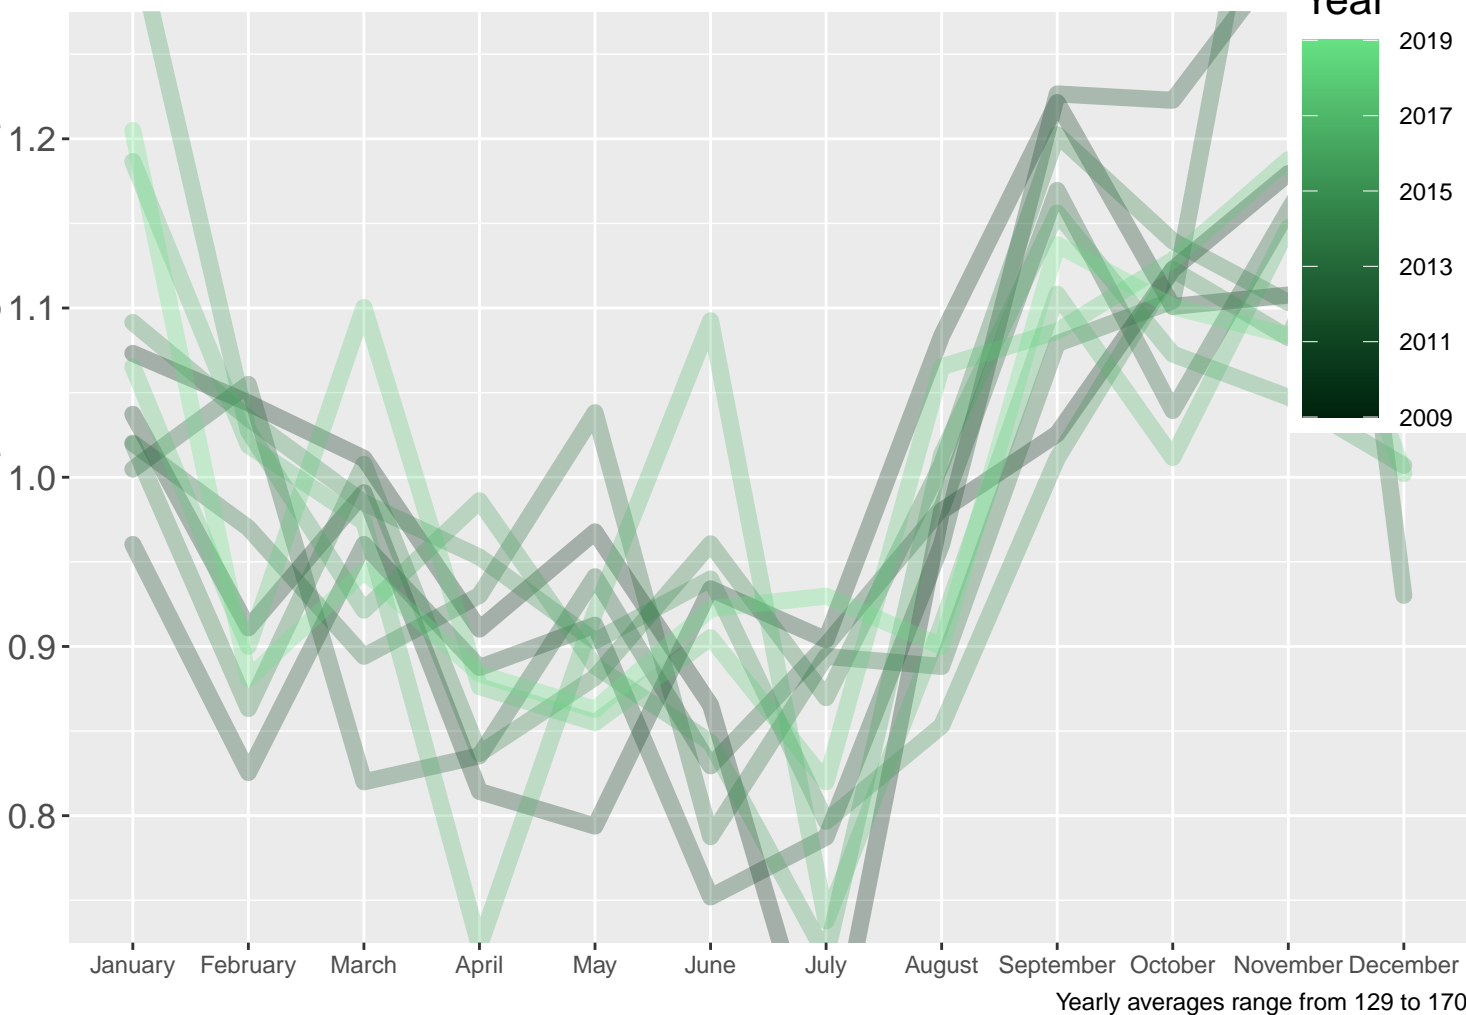

Births relative to monthly average of that year

Curaçao

Data from UN Demographic Statistics Database, including 11 years from 2009 to 2019

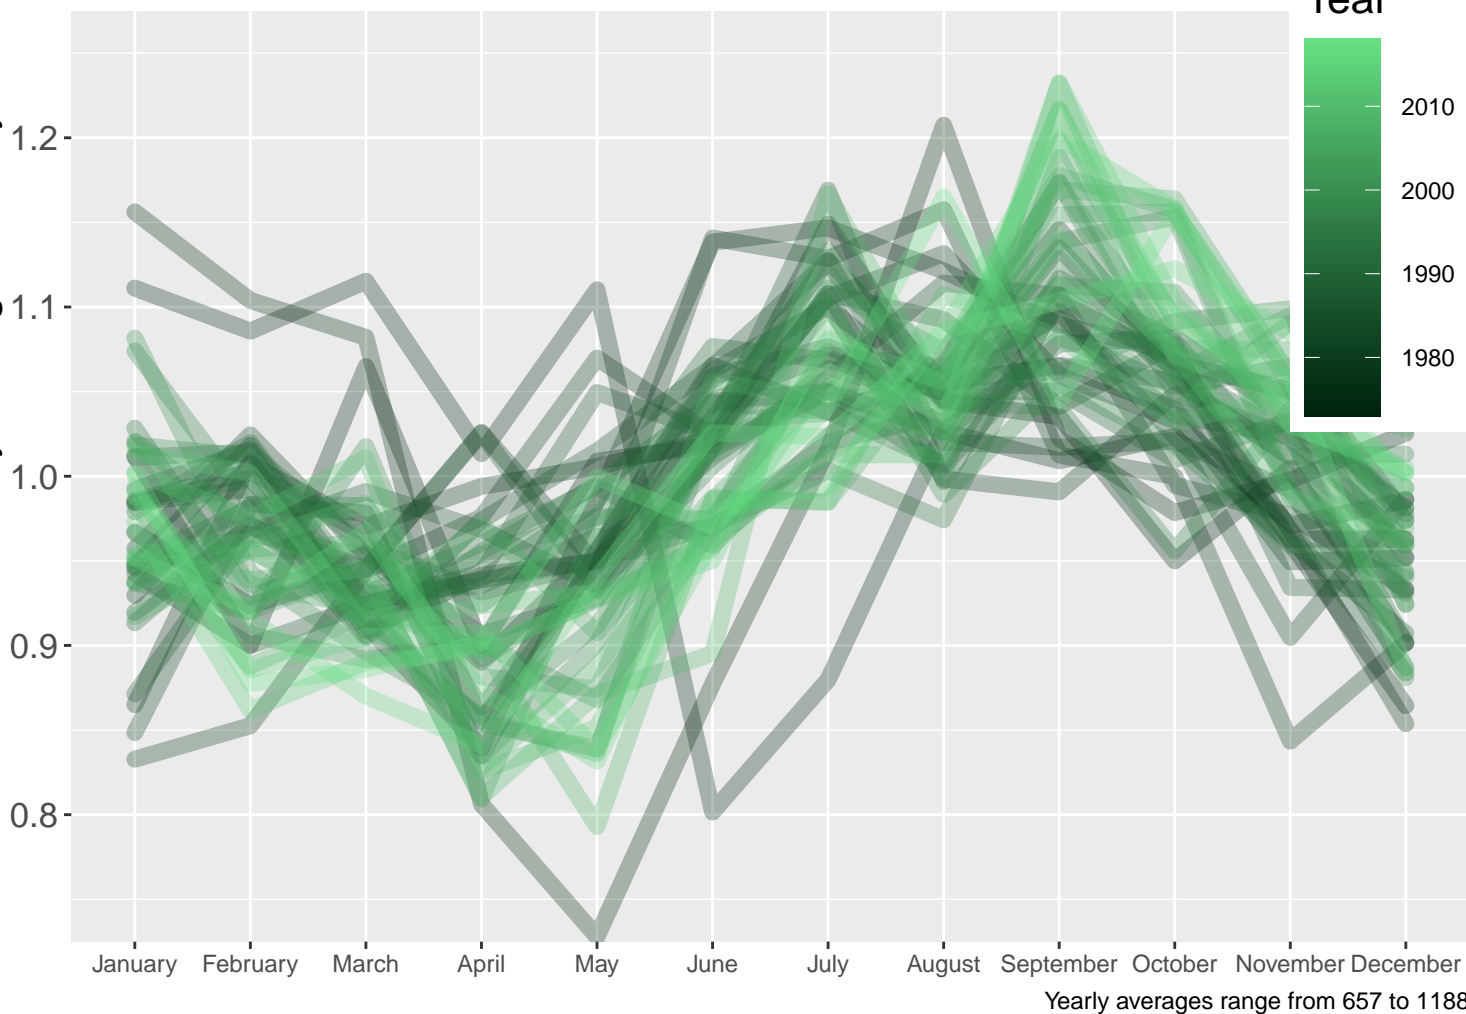

Births relative to monthly average of that year

Cyprus

Data from UN Demographic Statistics Database, including 45 years from 1973 to 2018

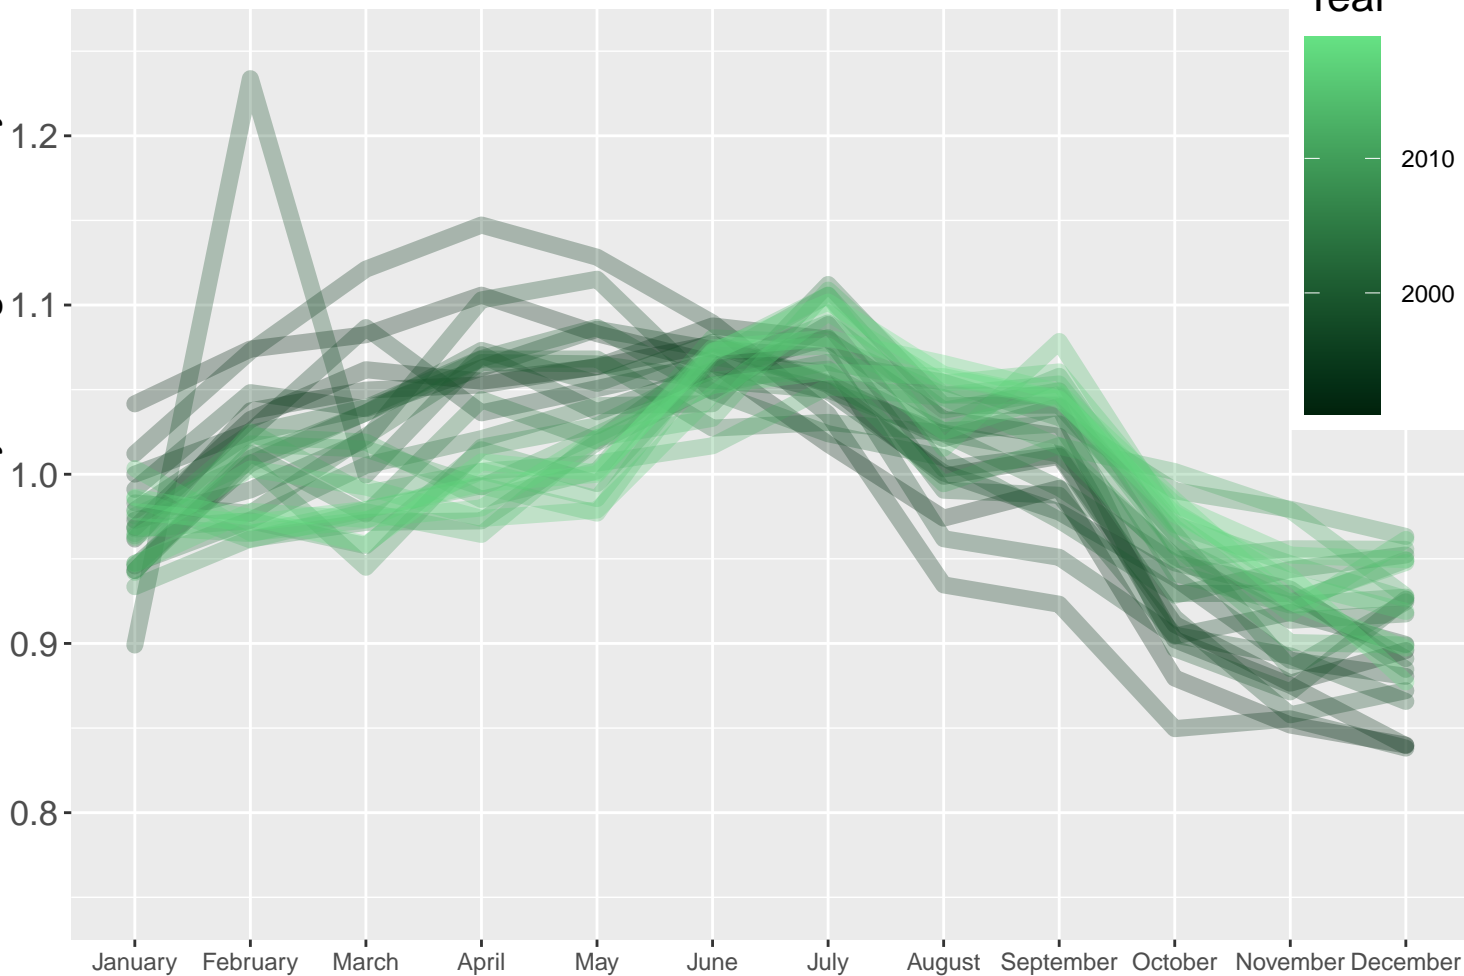

Births relative to monthly average of that year

Czechia

Data from UN Demographic Statistics Database, including 27 years from 1991 to 2019

Births relative to monthly average of that year

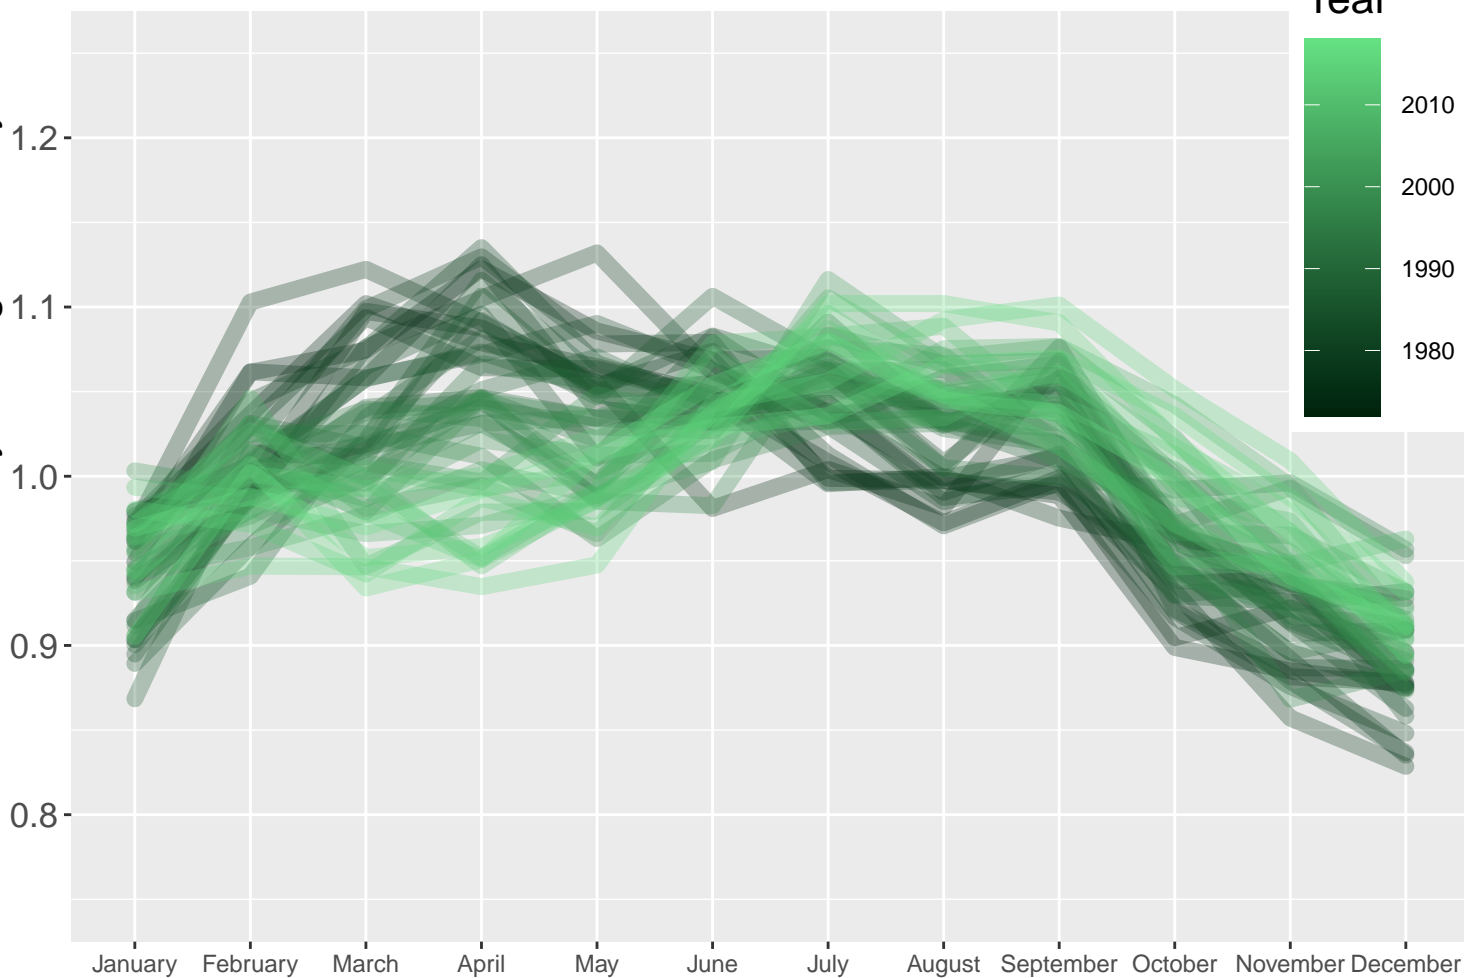

Yearly averages range from 7456 to 10780

Denmark

Data from UN Demographic Statistics Database, including 45 years from 1972 to 2018

Births relative to monthly average of that year

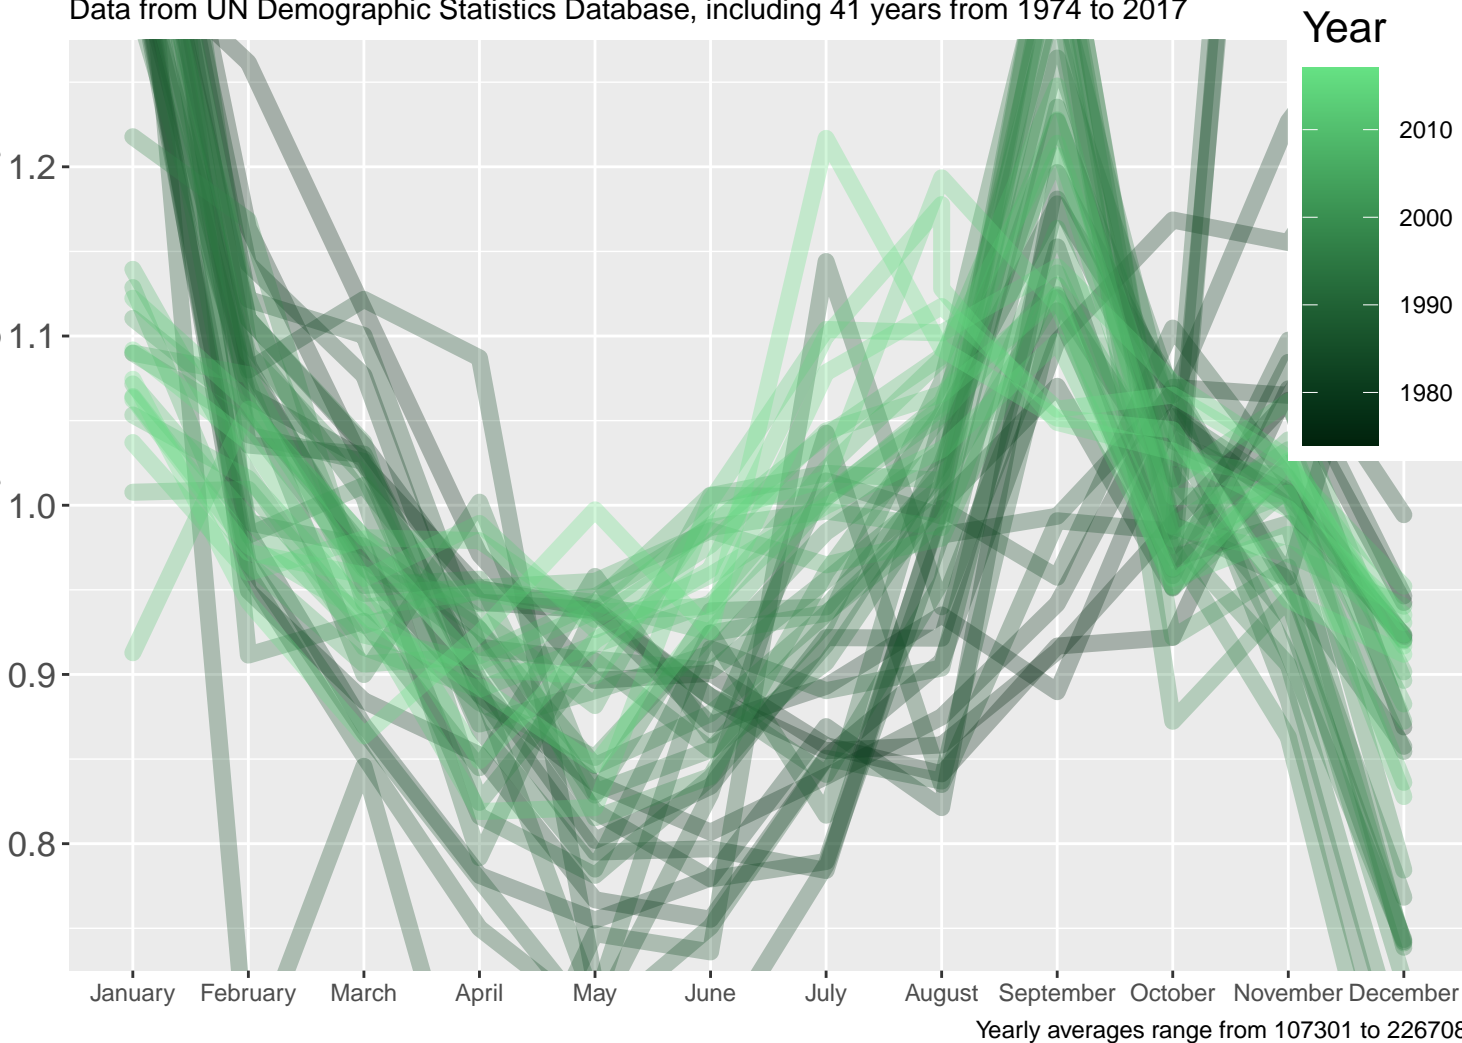

Yearly averages range from 4235 to 6292

Egypt

Data from UN Demographic Statistics Database, including 41 years from 1974 to 2017

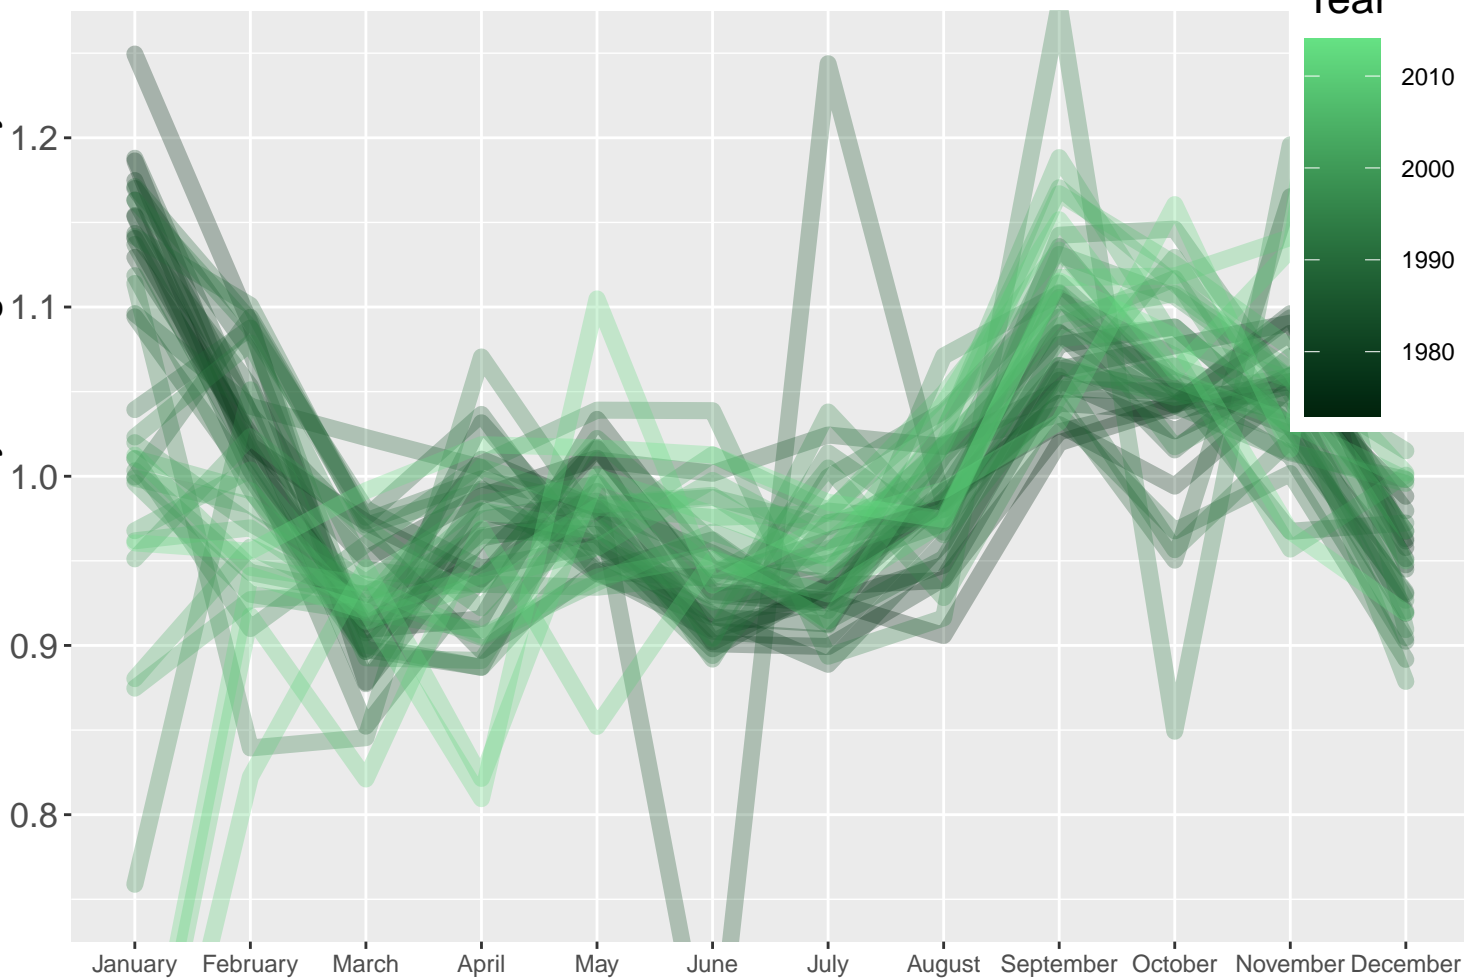

Births relative to monthly average of that year

El Salvador

Data from UN Demographic Statistics Database, including 39 years from 1973 to 2014

Births relative to monthly average of that year

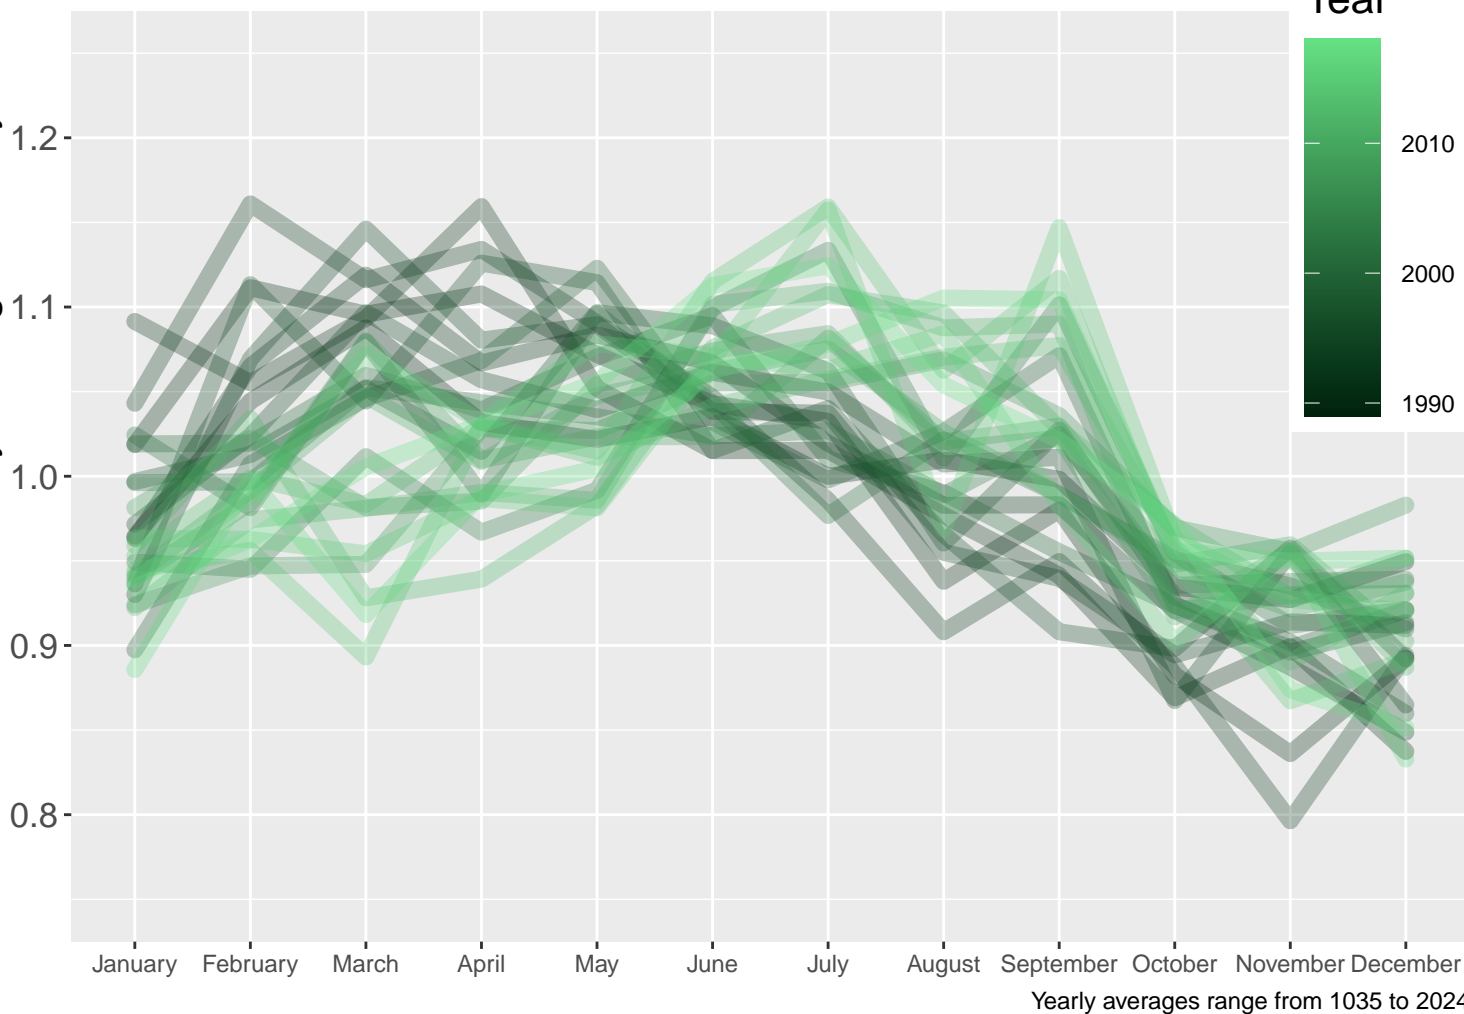

Yearly averages range from 8745 to 14794

Estonia

Data from UN Demographic Statistics Database, including 26 years from 1989 to 2018

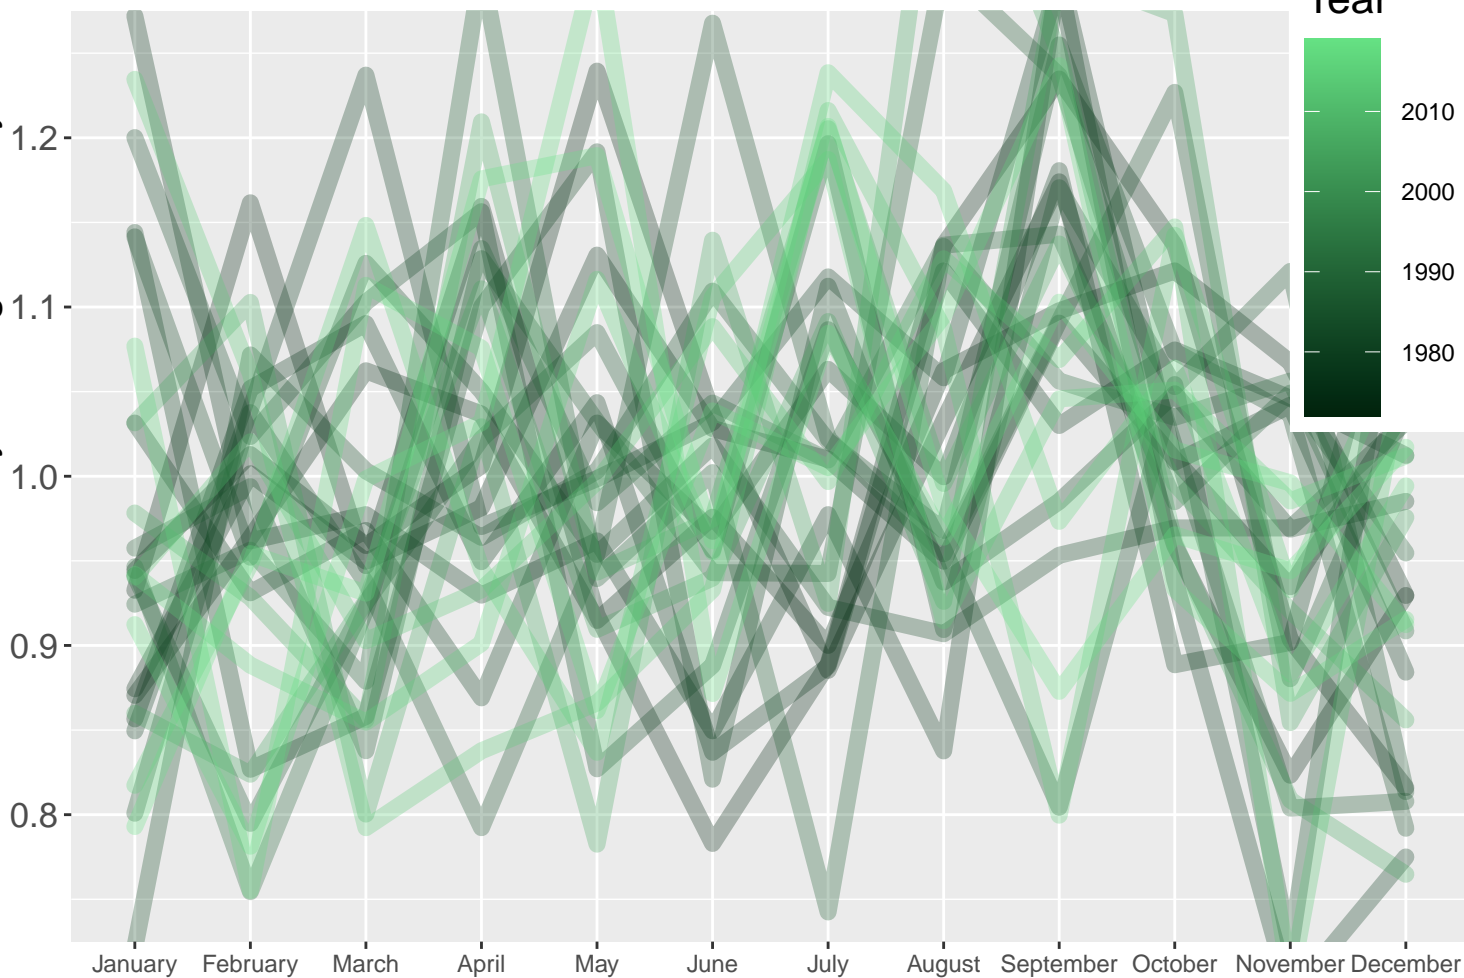

Births relative to monthly average of that year

Faroe Islands

Data from UN Demographic Statistics Database, including 27 years from 1972 to 2019

Births relative to monthly average of that year

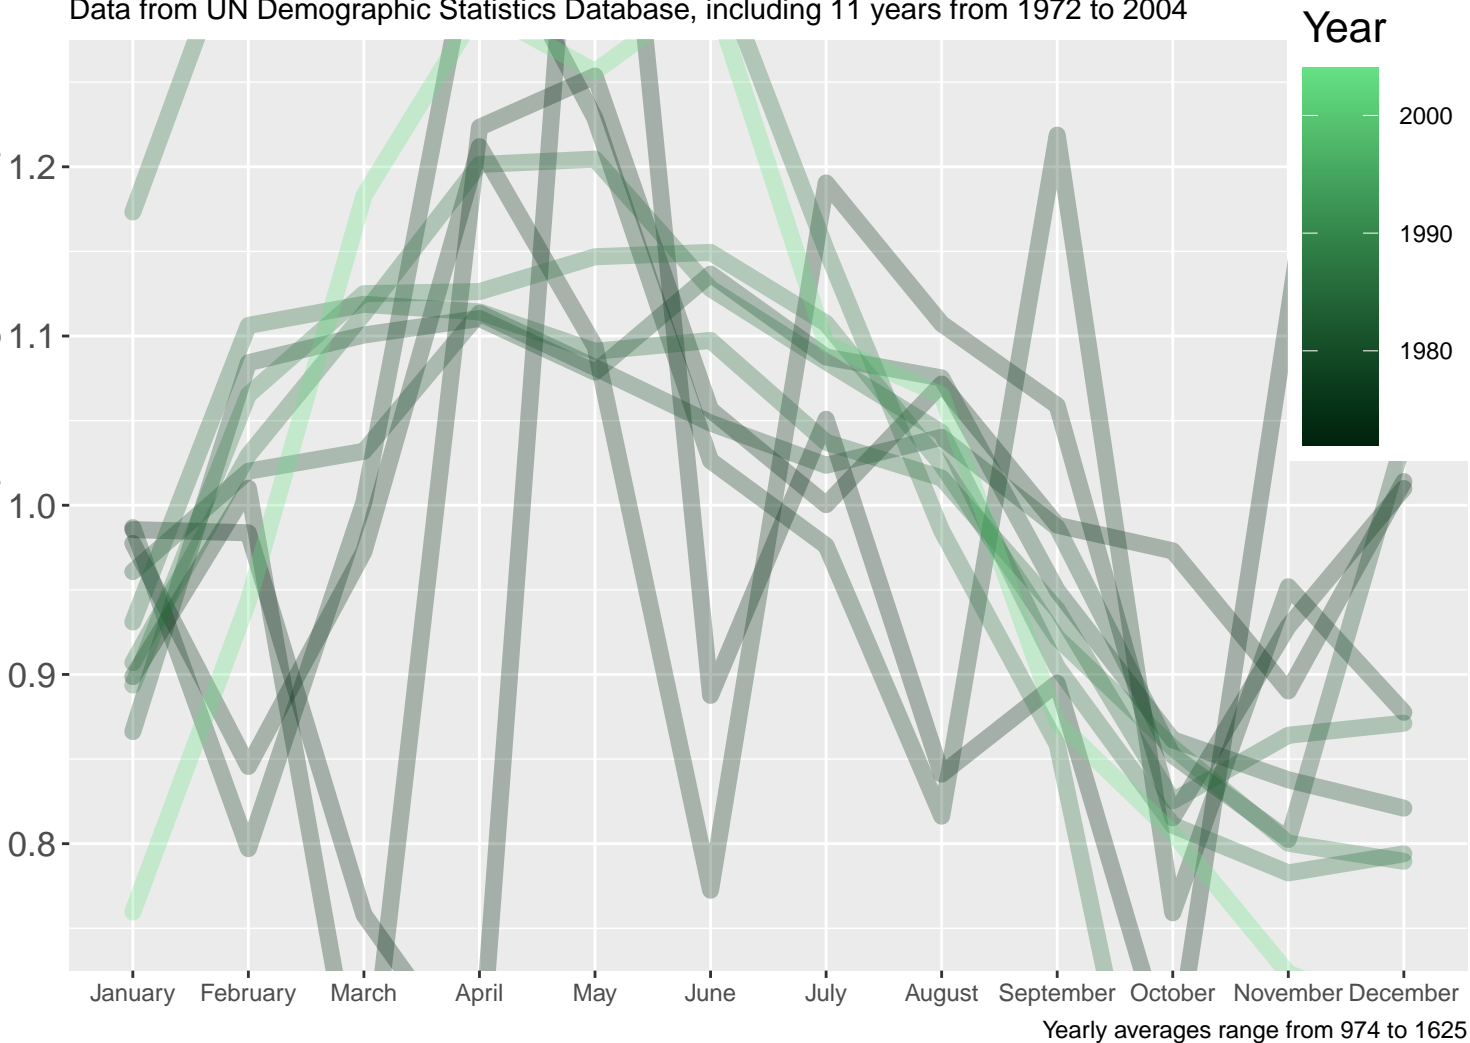

Yearly averages range from 50 to 78

Fiji

Data from UN Demographic Statistics Database, including 11 years from 1972 to 2004

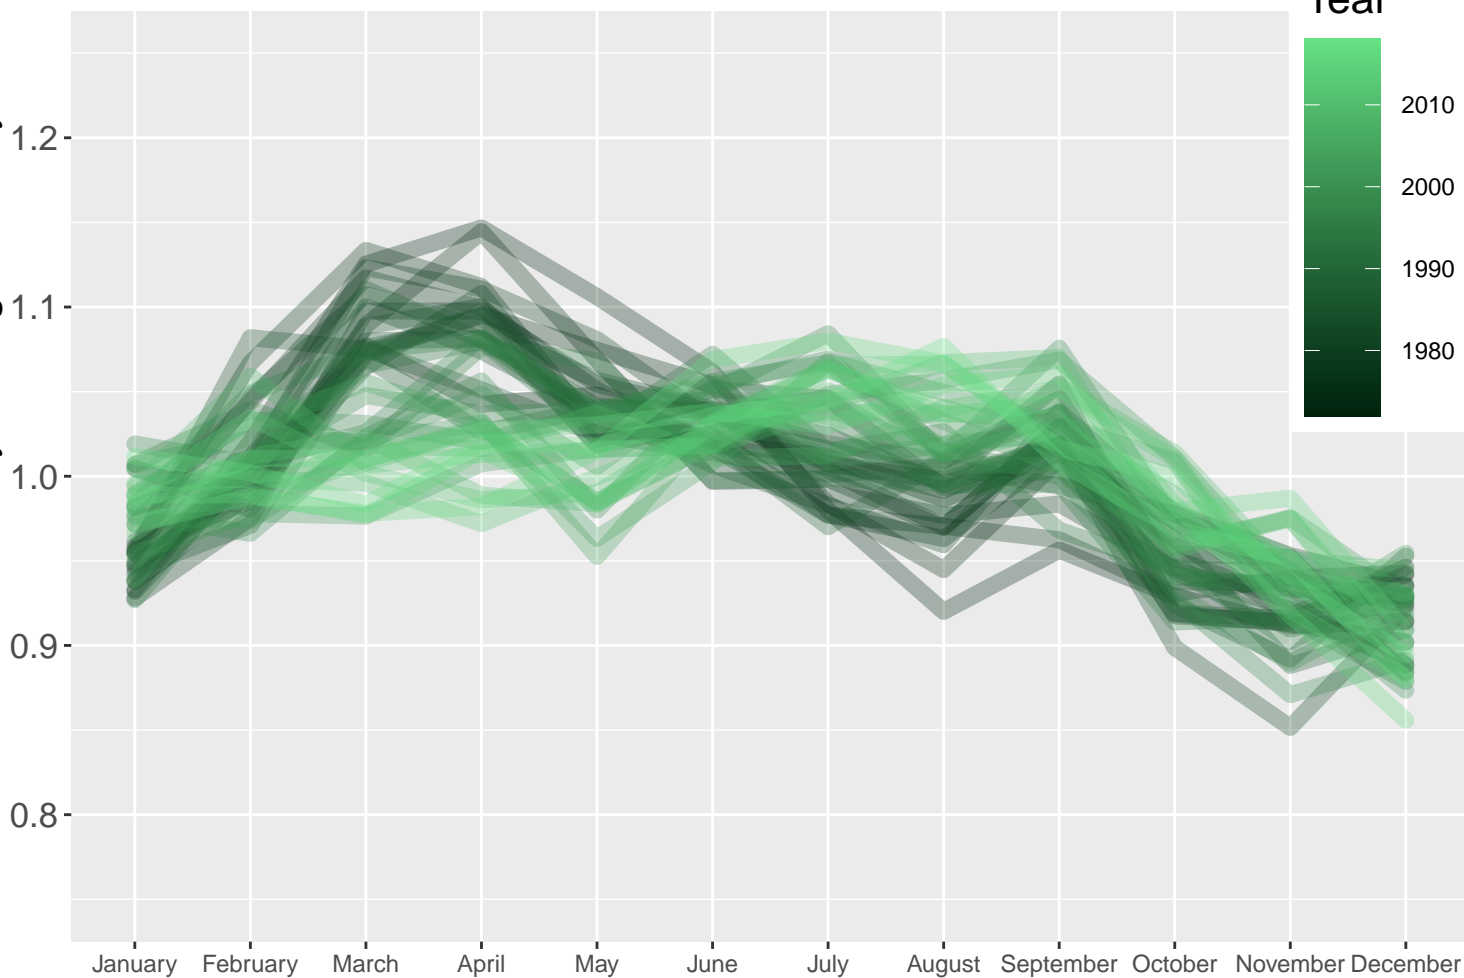

Births relative to monthly average of that year

Finland

Data from UN Demographic Statistics Database, including 40 years from 1972 to 2018

Births relative to monthly average of that year

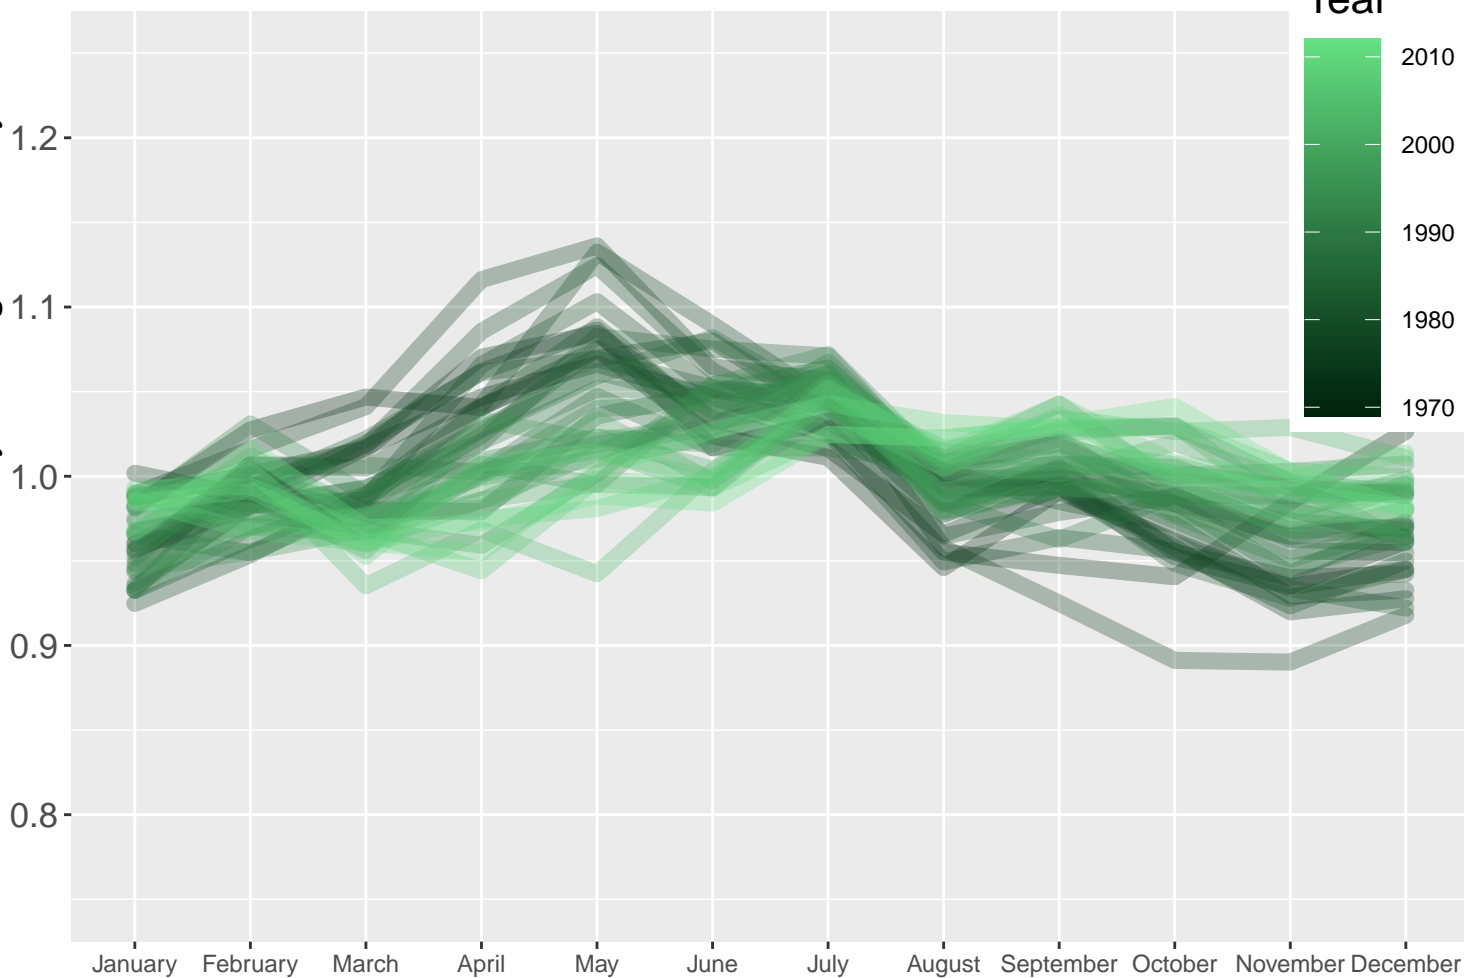

Yearly averages range from 3965 to 5574

France

Data from UN Demographic Statistics Database, including 36 years from 1969 to 2012

Births relative to monthly average of that year

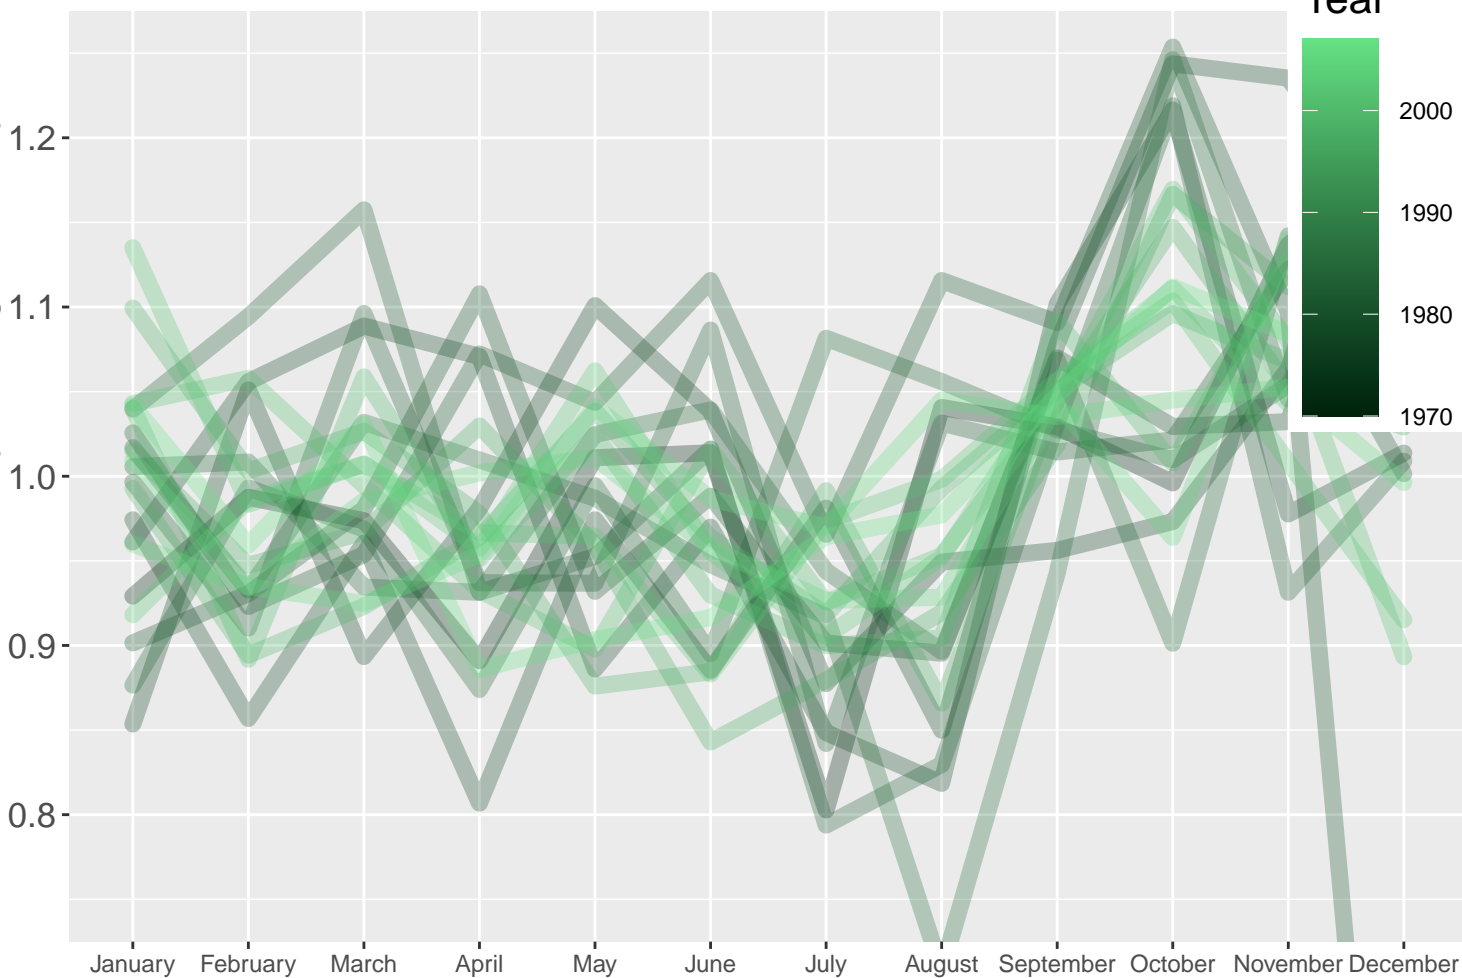

Yearly averages range from 59249 to 73221

French Guiana

Data from UN Demographic Statistics Database, including 21 years from 1970 to 2007

Births relative to monthly average of that year

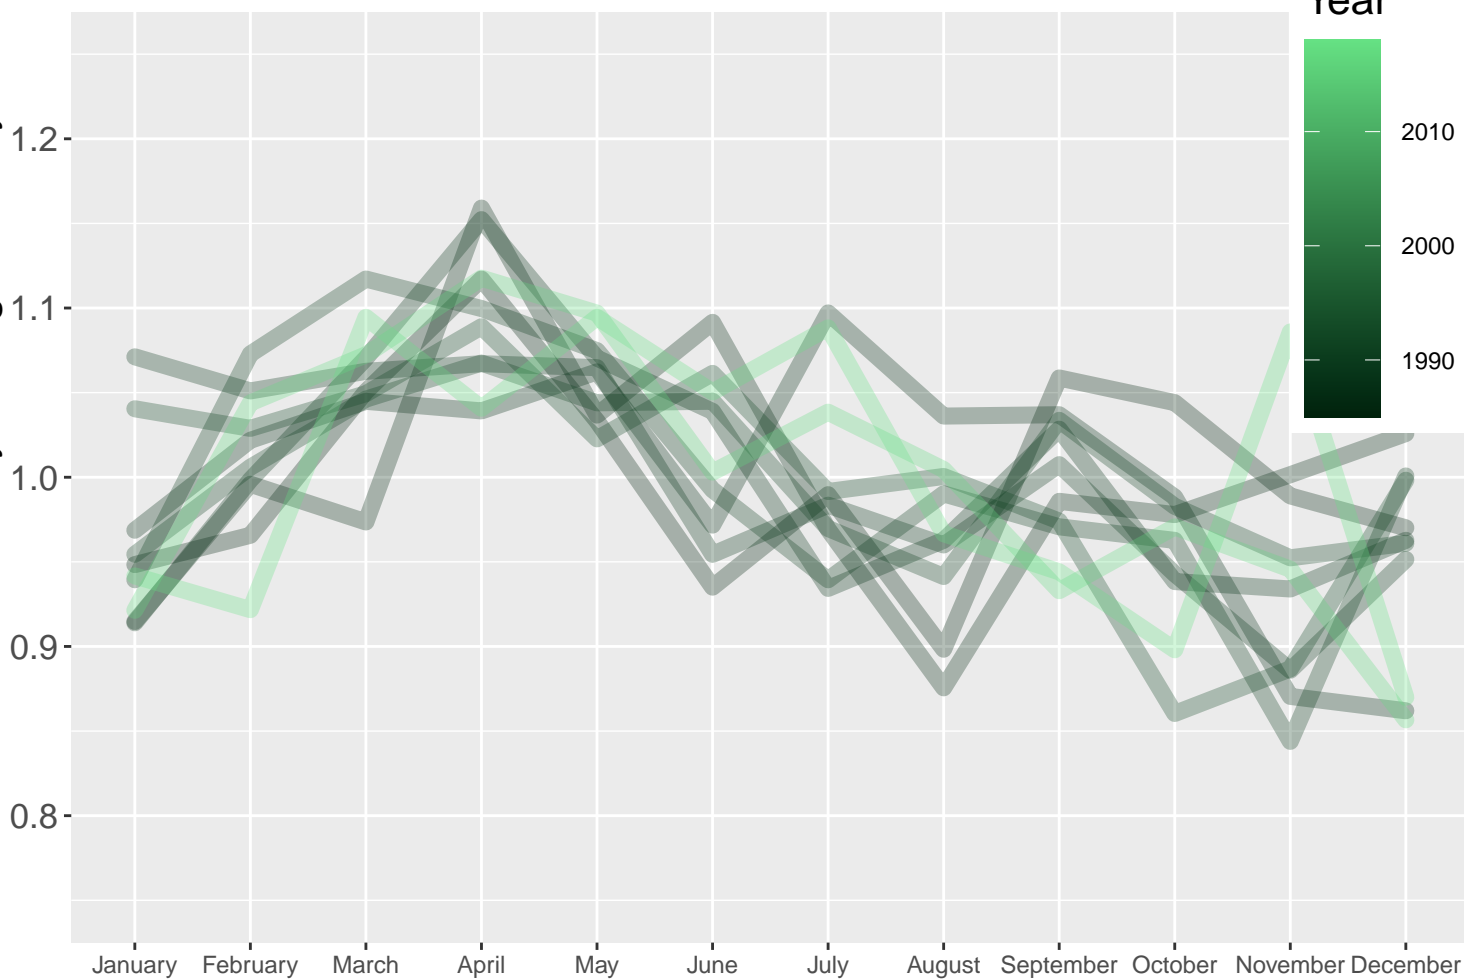

Yearly averages range from 123 to 532

French Polynesia

Data from UN Demographic Statistics Database, including 10 years from 1985 to 2018

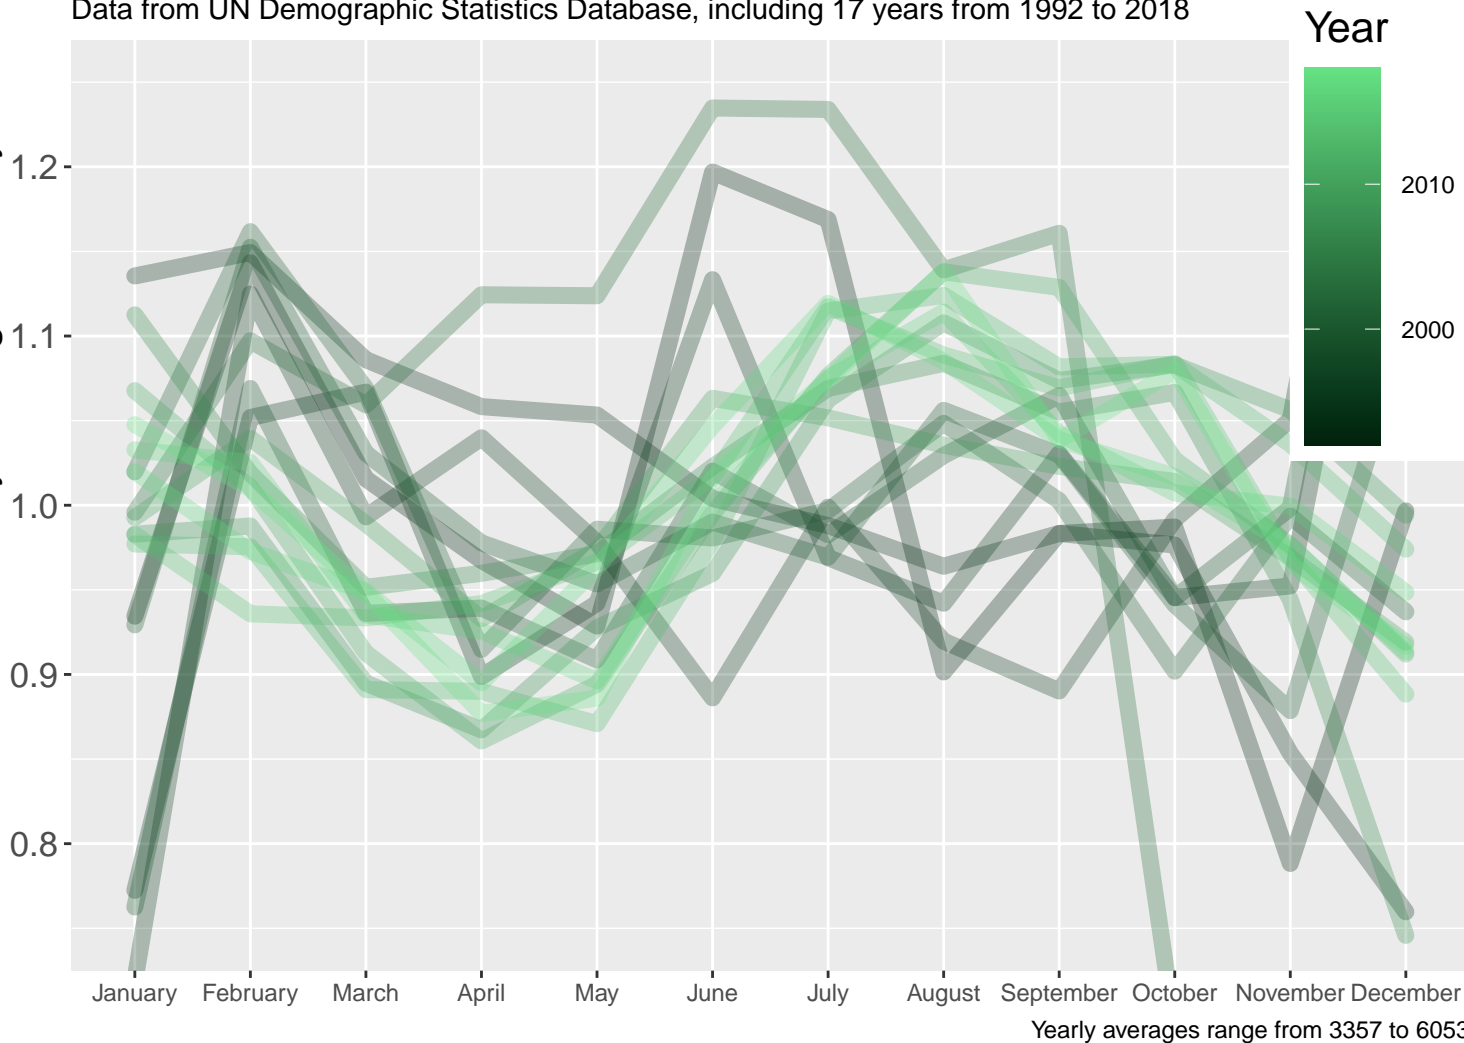

Births relative to monthly average of that year

Georgia

Data from UN Demographic Statistics Database, including 17 years from 1992 to 2018

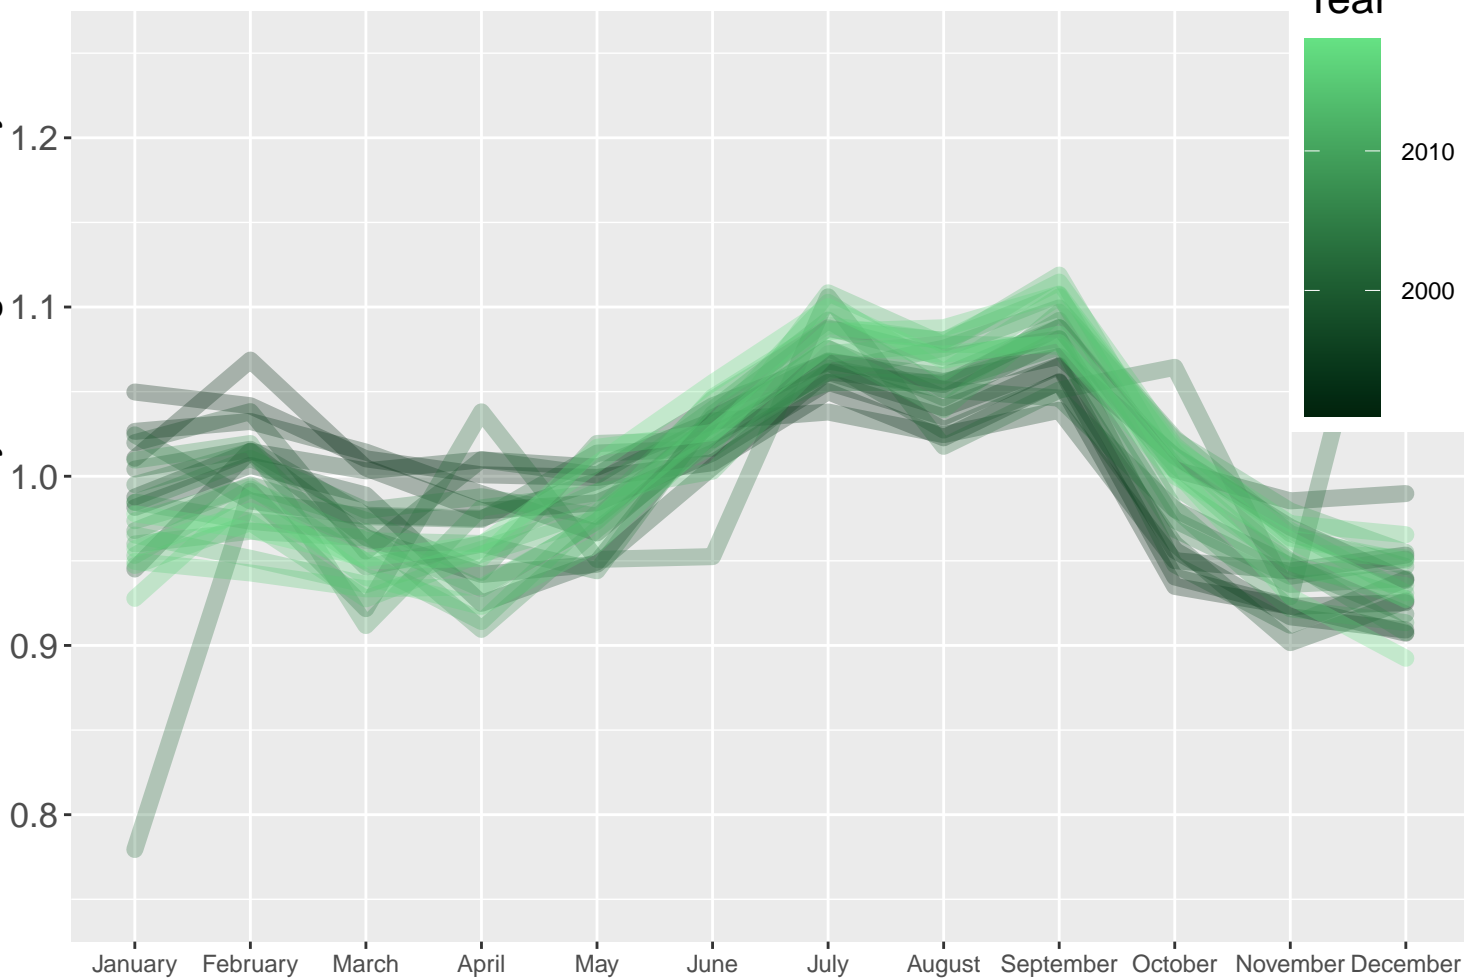

Births relative to monthly average of that year

Germany

Data from UN Demographic Statistics Database, including 24 years from 1991 to 2018

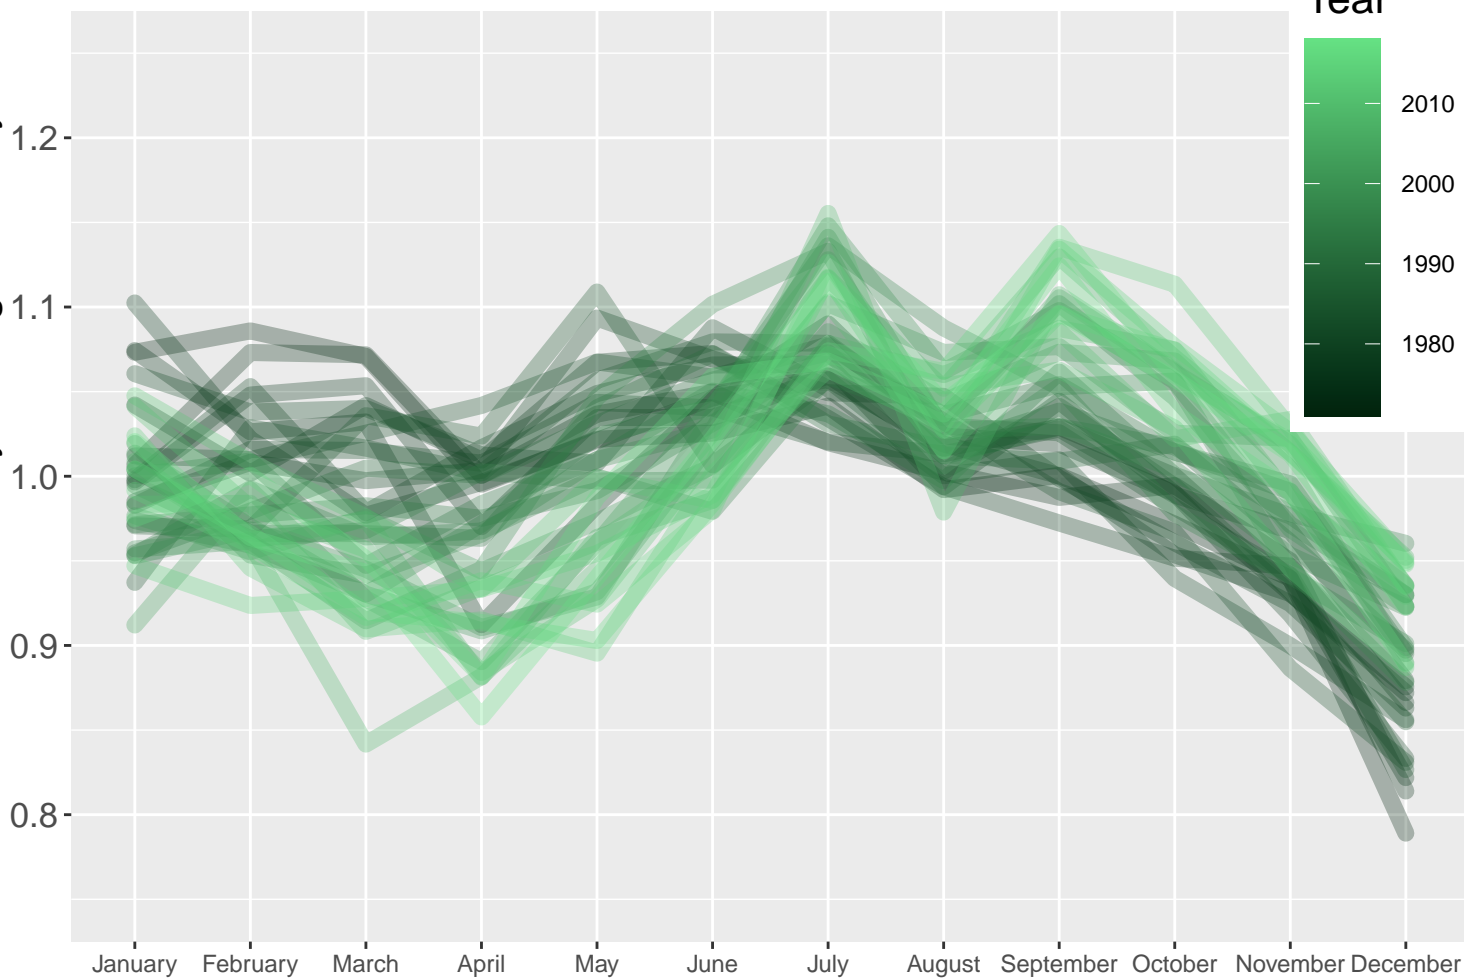

Births relative to monthly average of that year

Greece

Data from UN Demographic Statistics Database, including 37 years from 1971 to 2018

Births relative to monthly average of that year

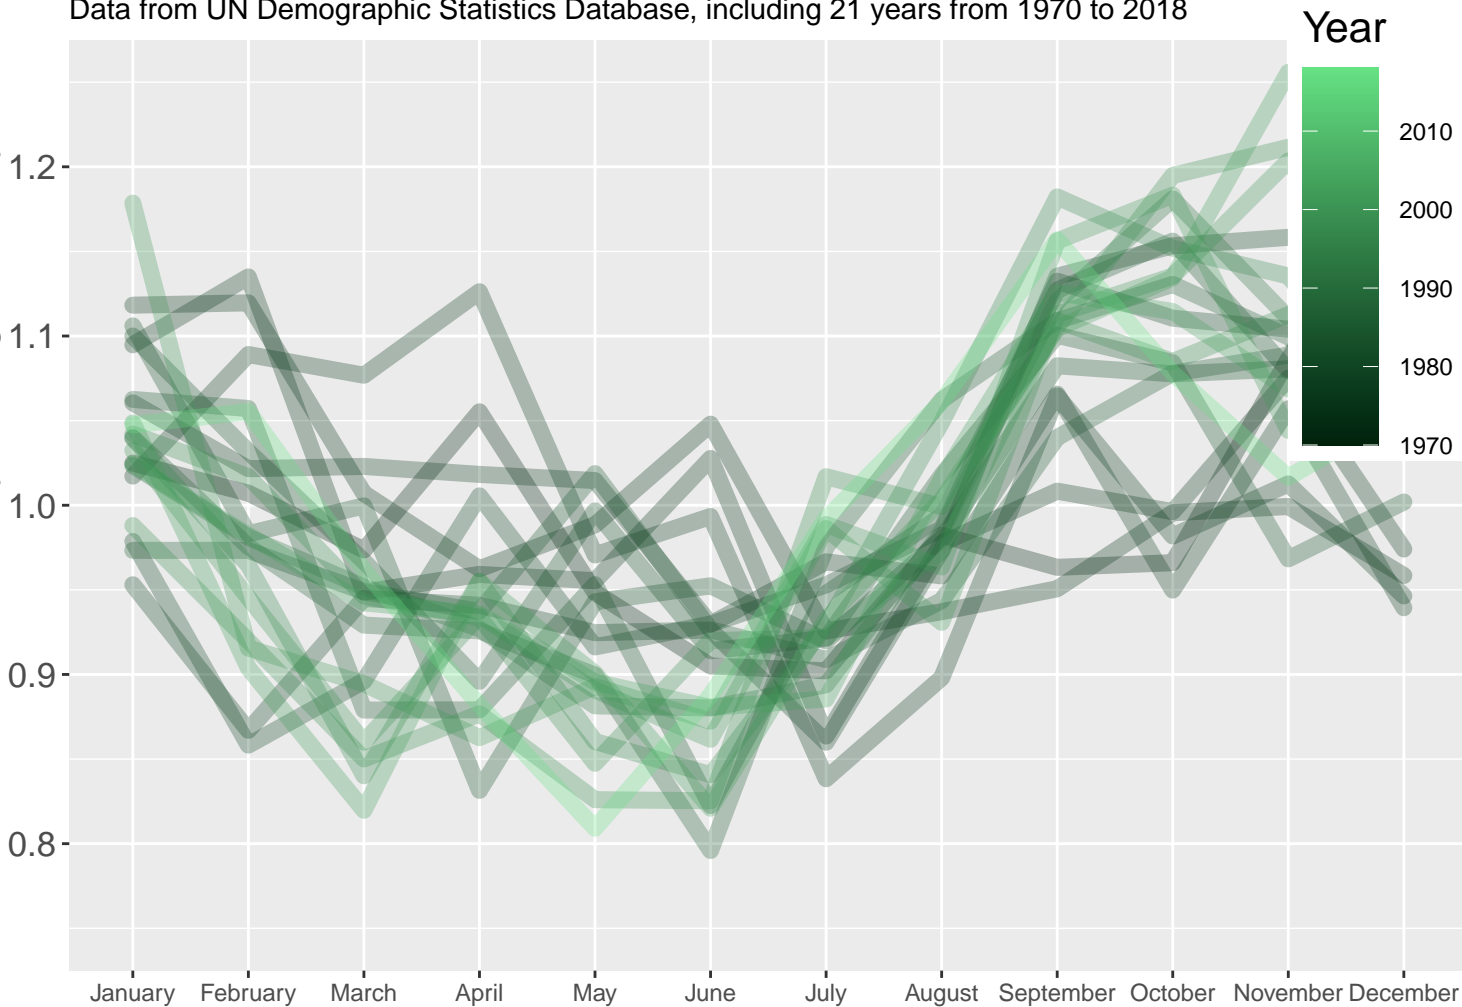

Yearly averages range from 7203 to 12344

Guadeloupe

Data from UN Demographic Statistics Database, including 21 years from 1970 to 2018

Births relative to monthly average of that year

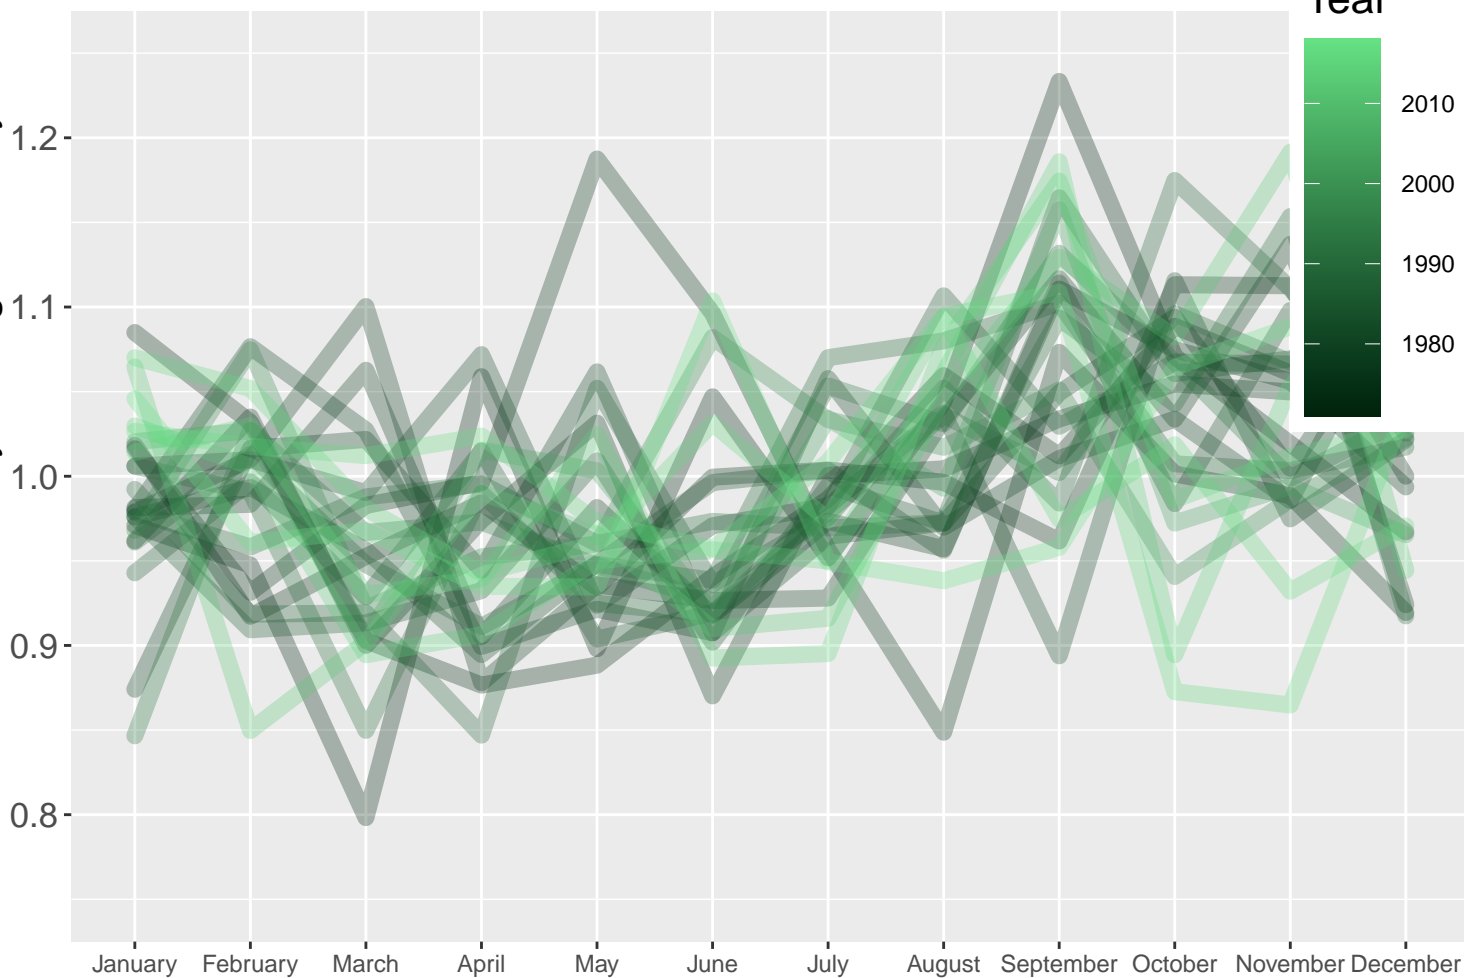

Yearly averages range from 354 to 783

Guam

Data from UN Demographic Statistics Database, including 26 years from 1971 to 2018

Births relative to monthly average of that year

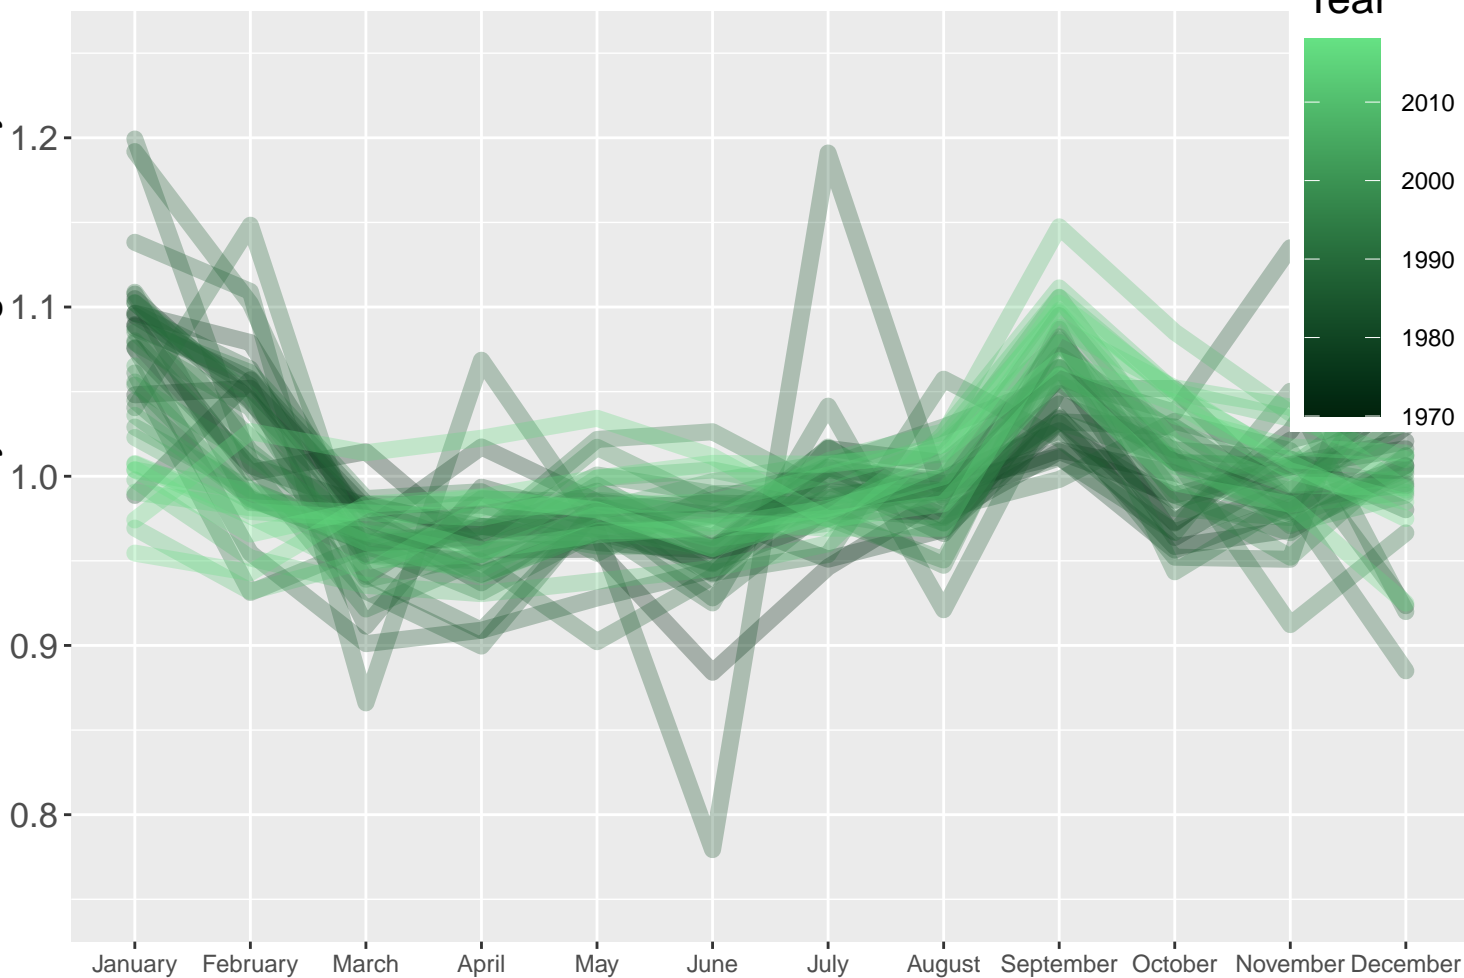

Yearly averages range from 242 to 360

Guatemala

Data from UN Demographic Statistics Database, including 39 years from 1970 to 2018

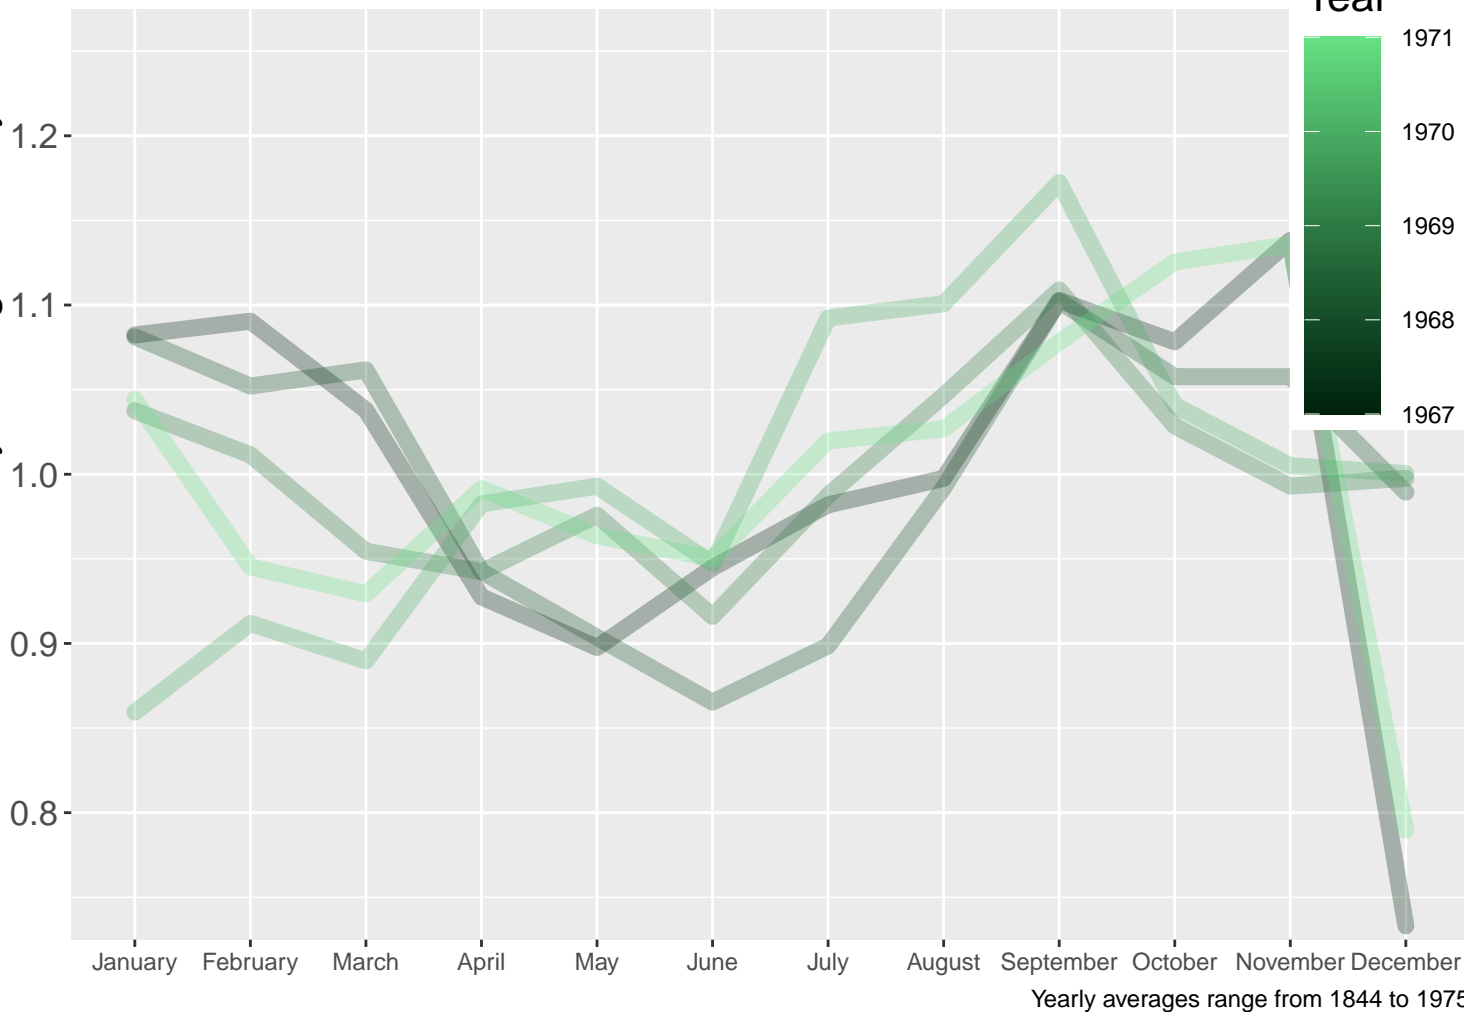

Births relative to monthly average of that year

Guyana

Data from UN Demographic Statistics Database, including 5 years from 1967 to 1971

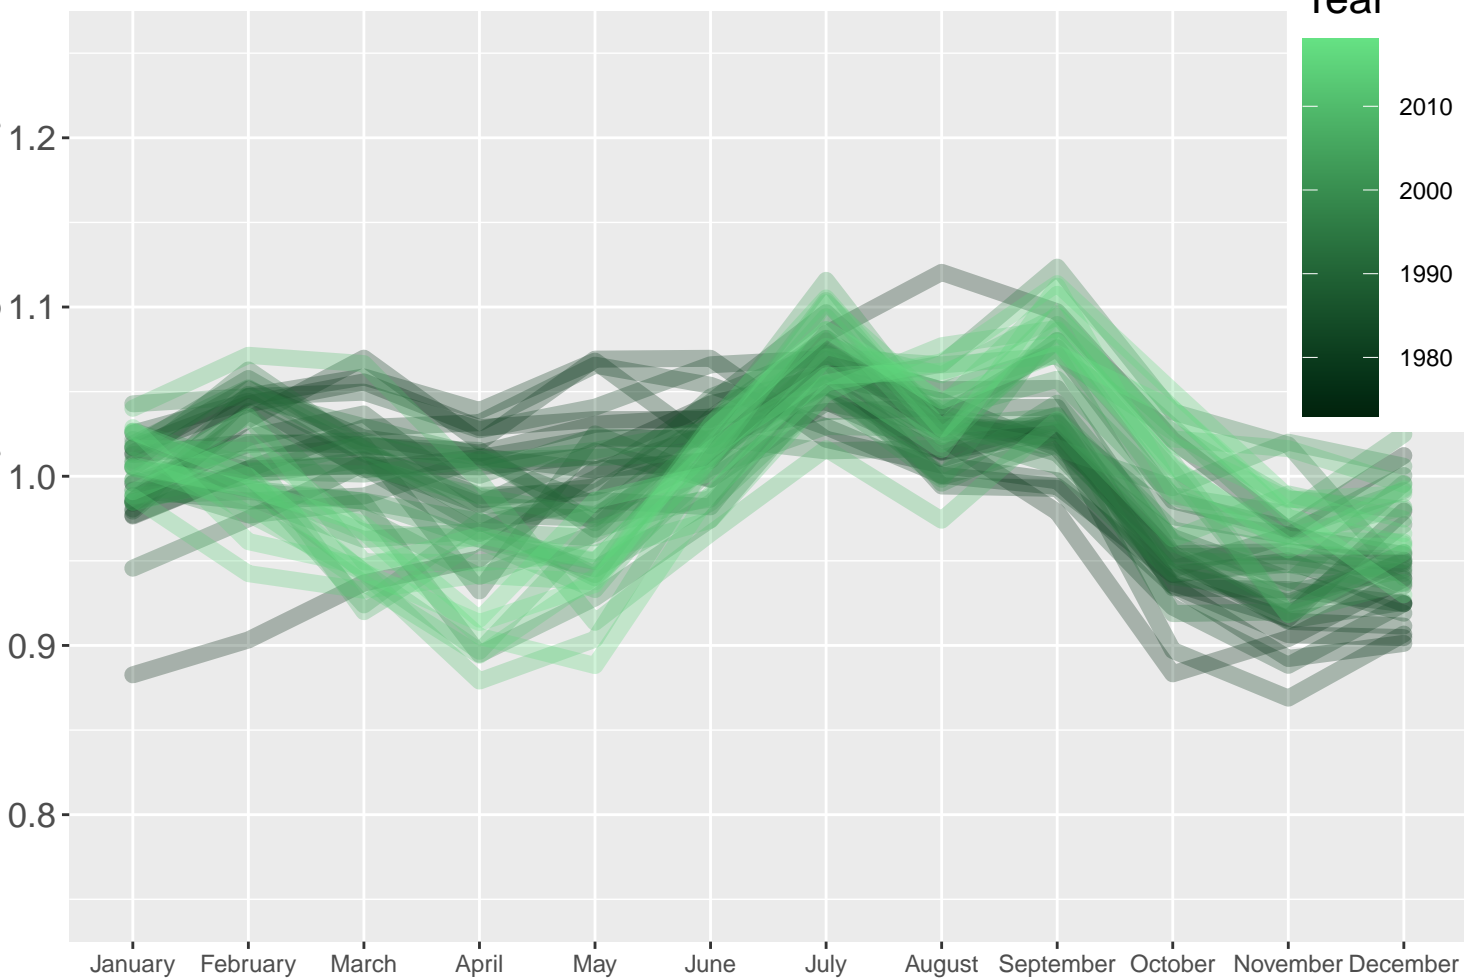

Births relative to monthly average of that year

Hungary

Data from UN Demographic Statistics Database, including 43 years from 1973 to 2018

Births relative to monthly average of that year

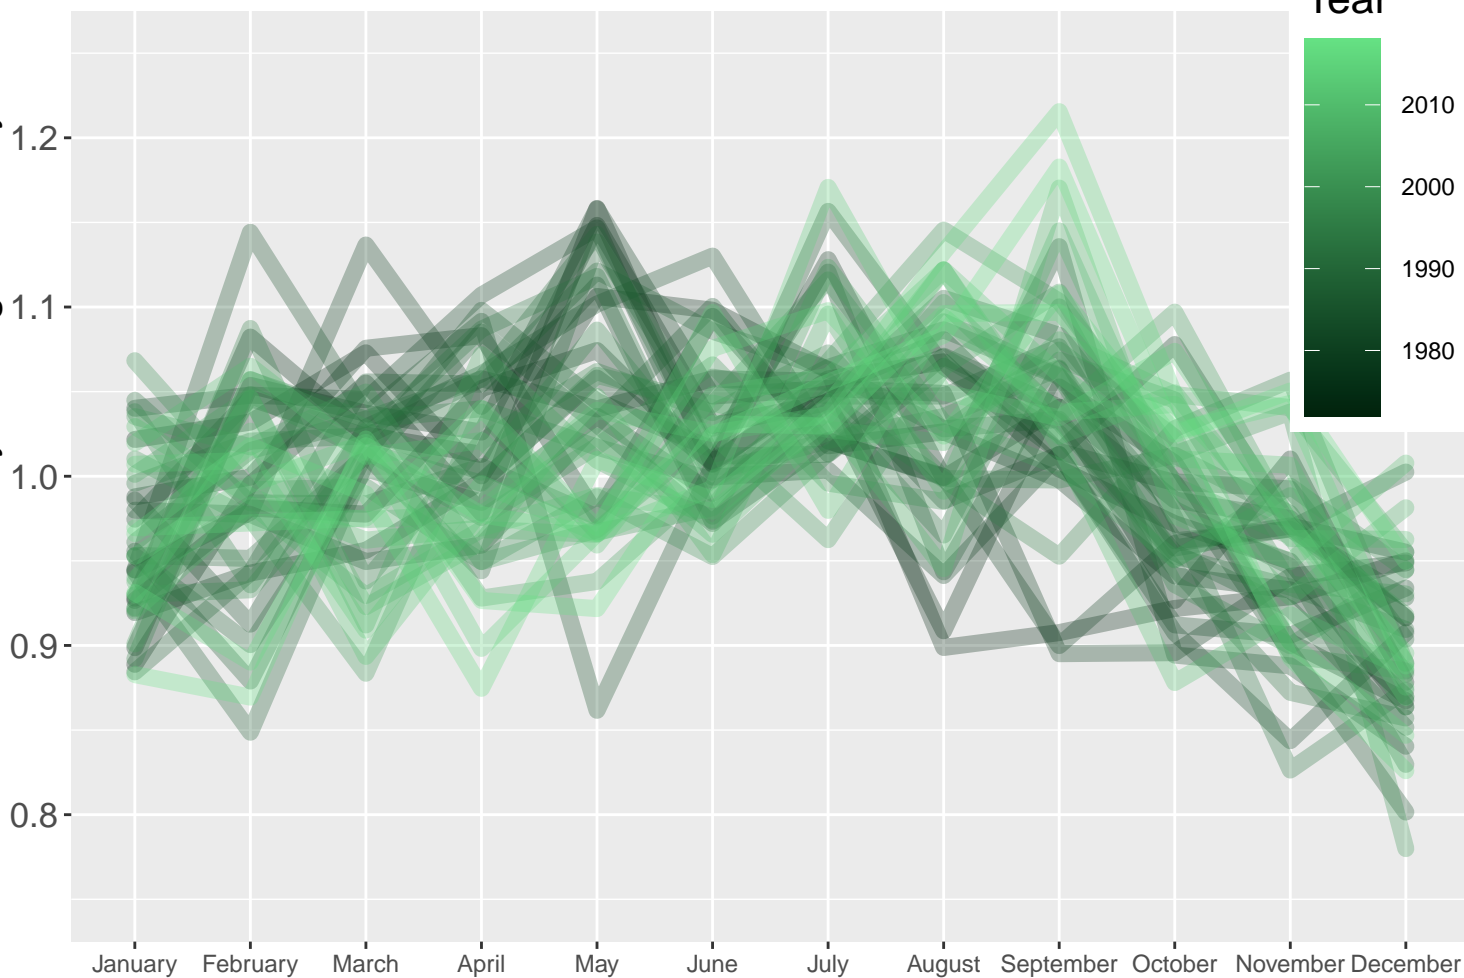

Yearly averages range from 7337 to 16187

Iceland

Data from UN Demographic Statistics Database, including 43 years from 1972 to 2018

Births relative to monthly average of that year

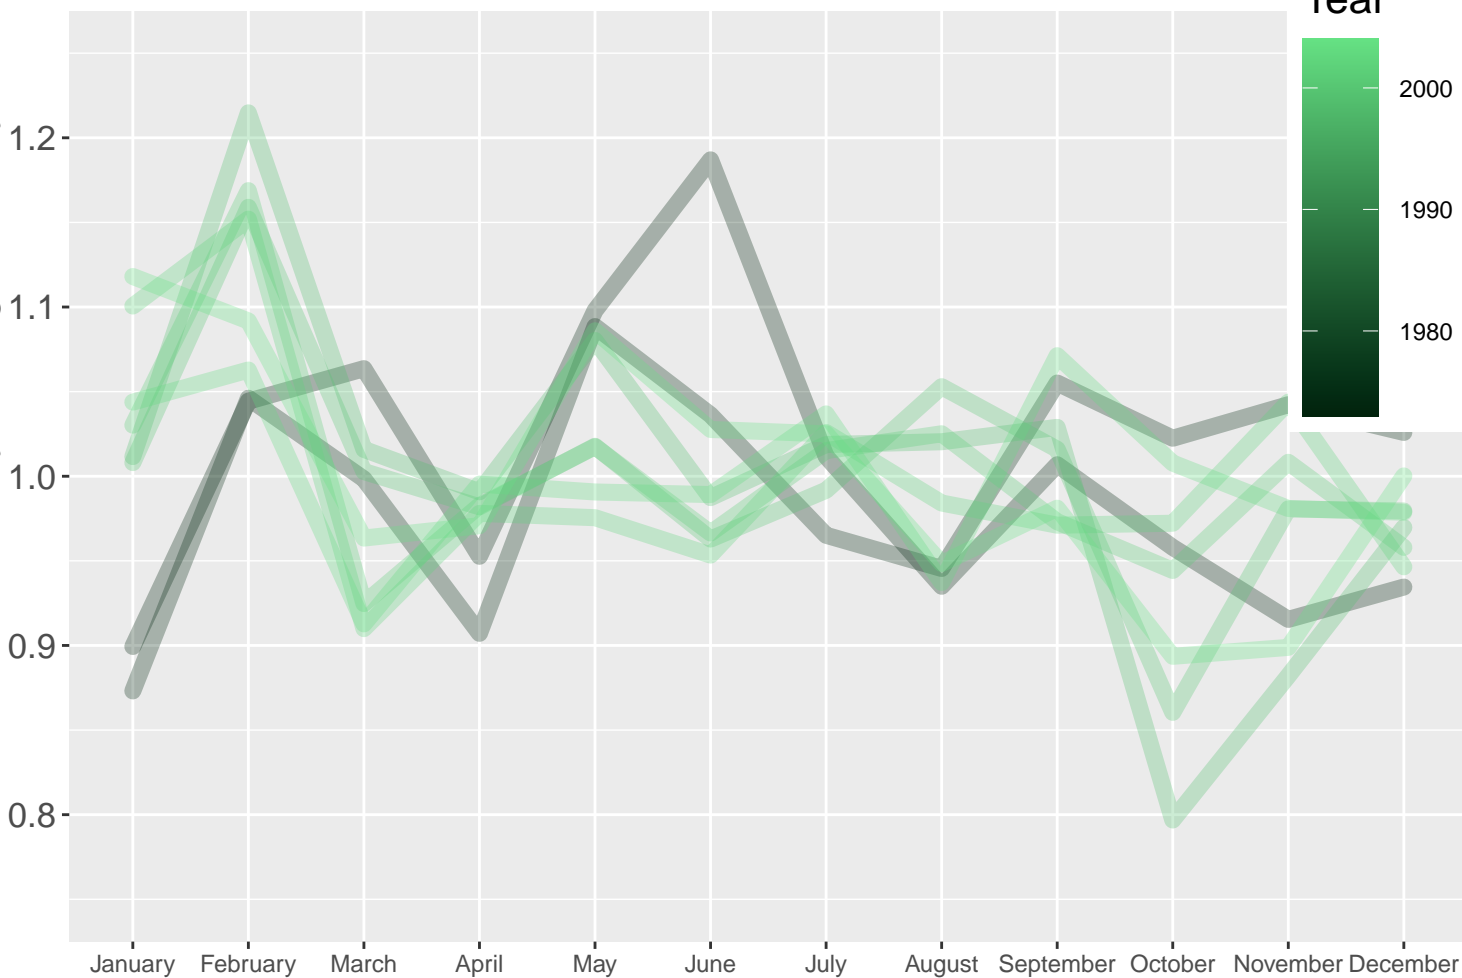

Yearly averages range from 321 to 419

Iran (Islamic Republic of)

Data from UN Demographic Statistics Database, including 8 years from 1973 to 2004

Births relative to monthly average of that year

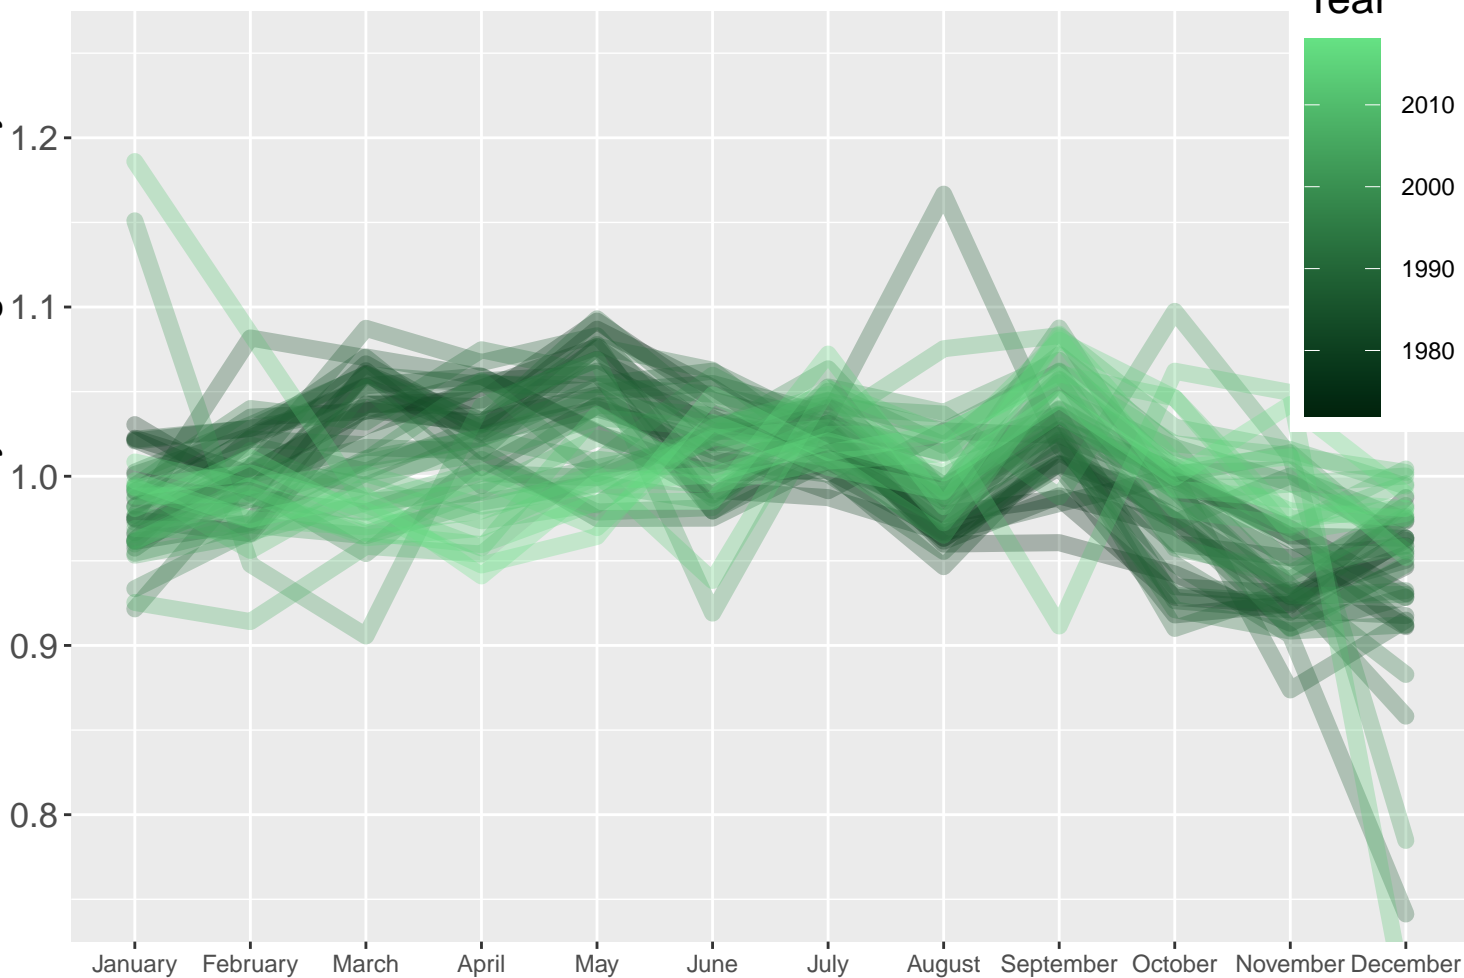

Yearly averages range from 91572 to 101908

Ireland

Data from UN Demographic Statistics Database, including 44 years from 1972 to 2018

Births relative to monthly average of that year

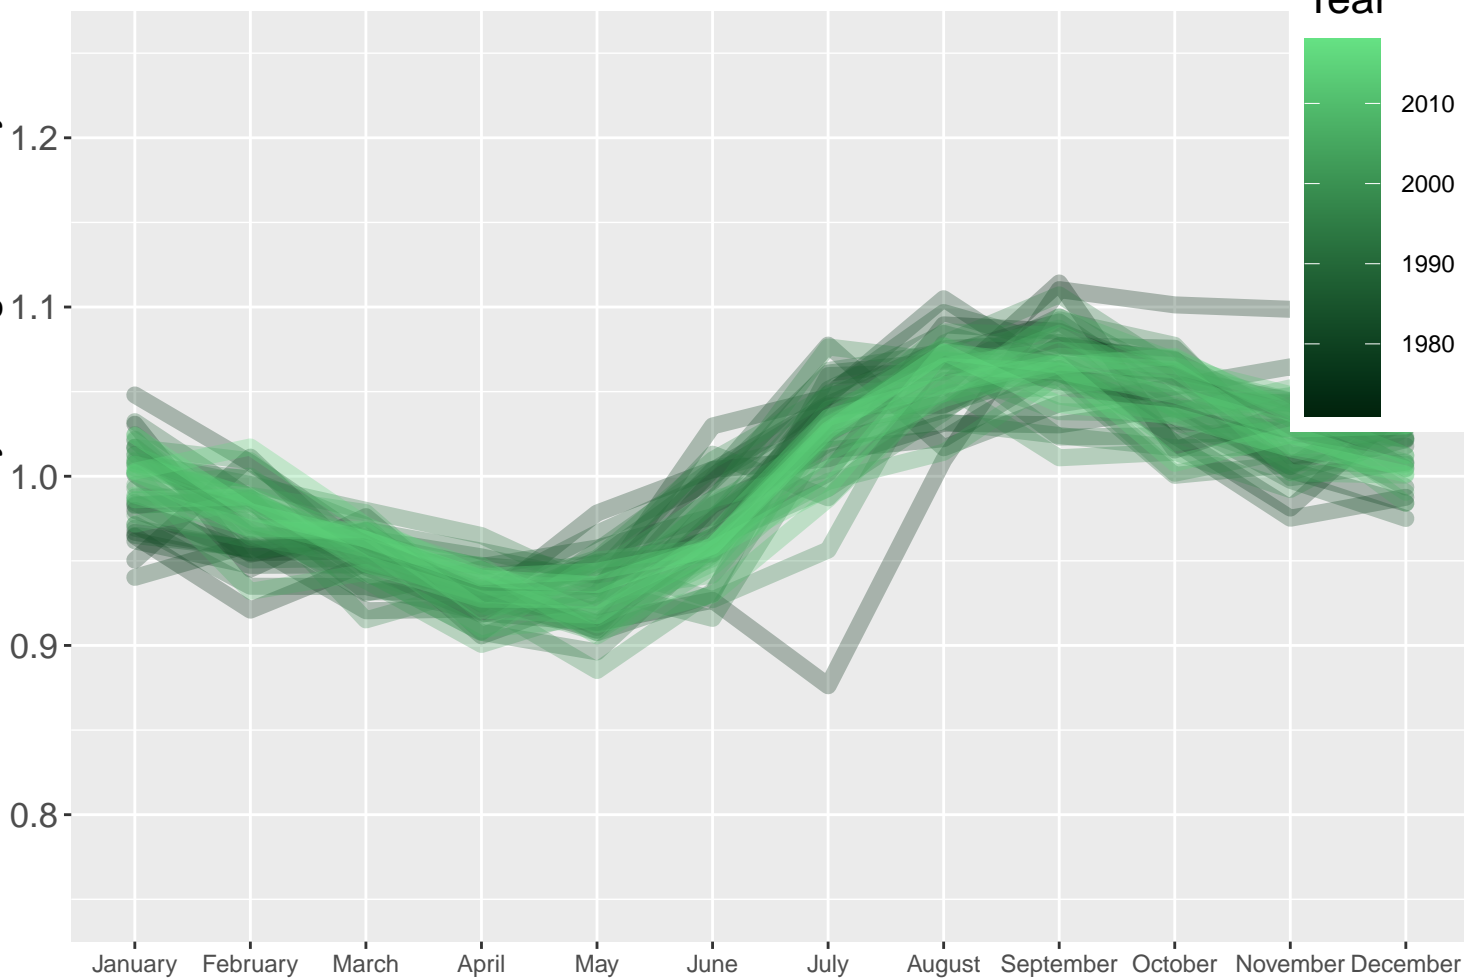

Yearly averages range from 4021 to 6296

Israel

Data from UN Demographic Statistics Database, including 43 years from 1971 to 2018

Births relative to monthly average of that year

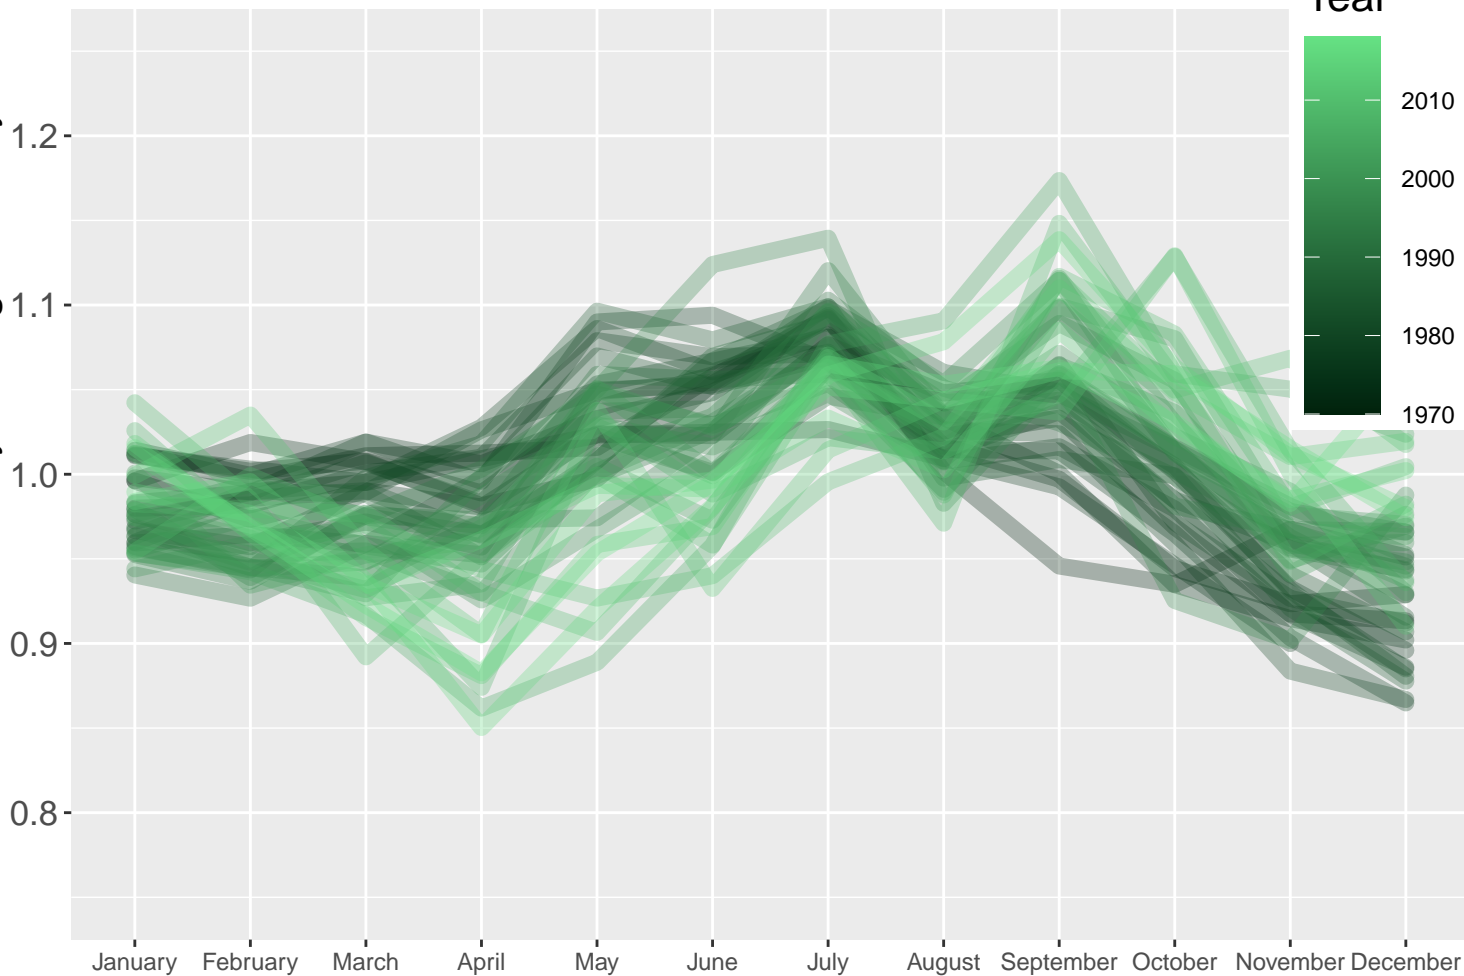

Yearly averages range from 5455 to 15364

Italy

Data from UN Demographic Statistics Database, including 42 years from 1970 to 2018

Births relative to monthly average of that year

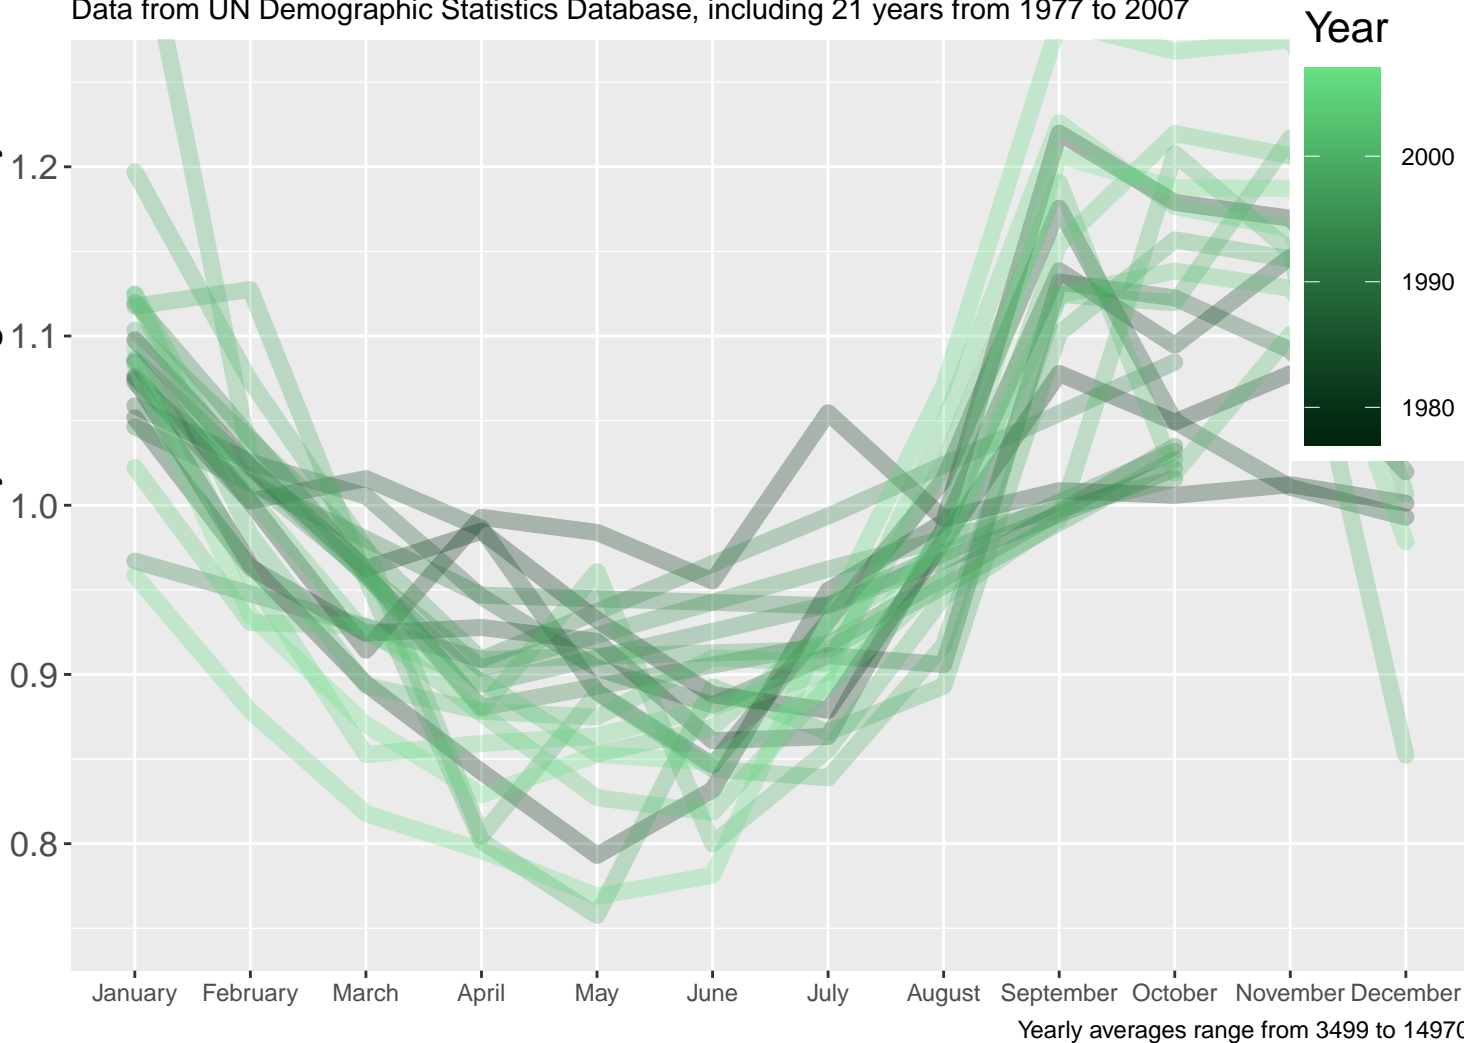

Yearly averages range from 36646 to 75123

Jamaica

Data from UN Demographic Statistics Database, including 21 years from 1977 to 2007

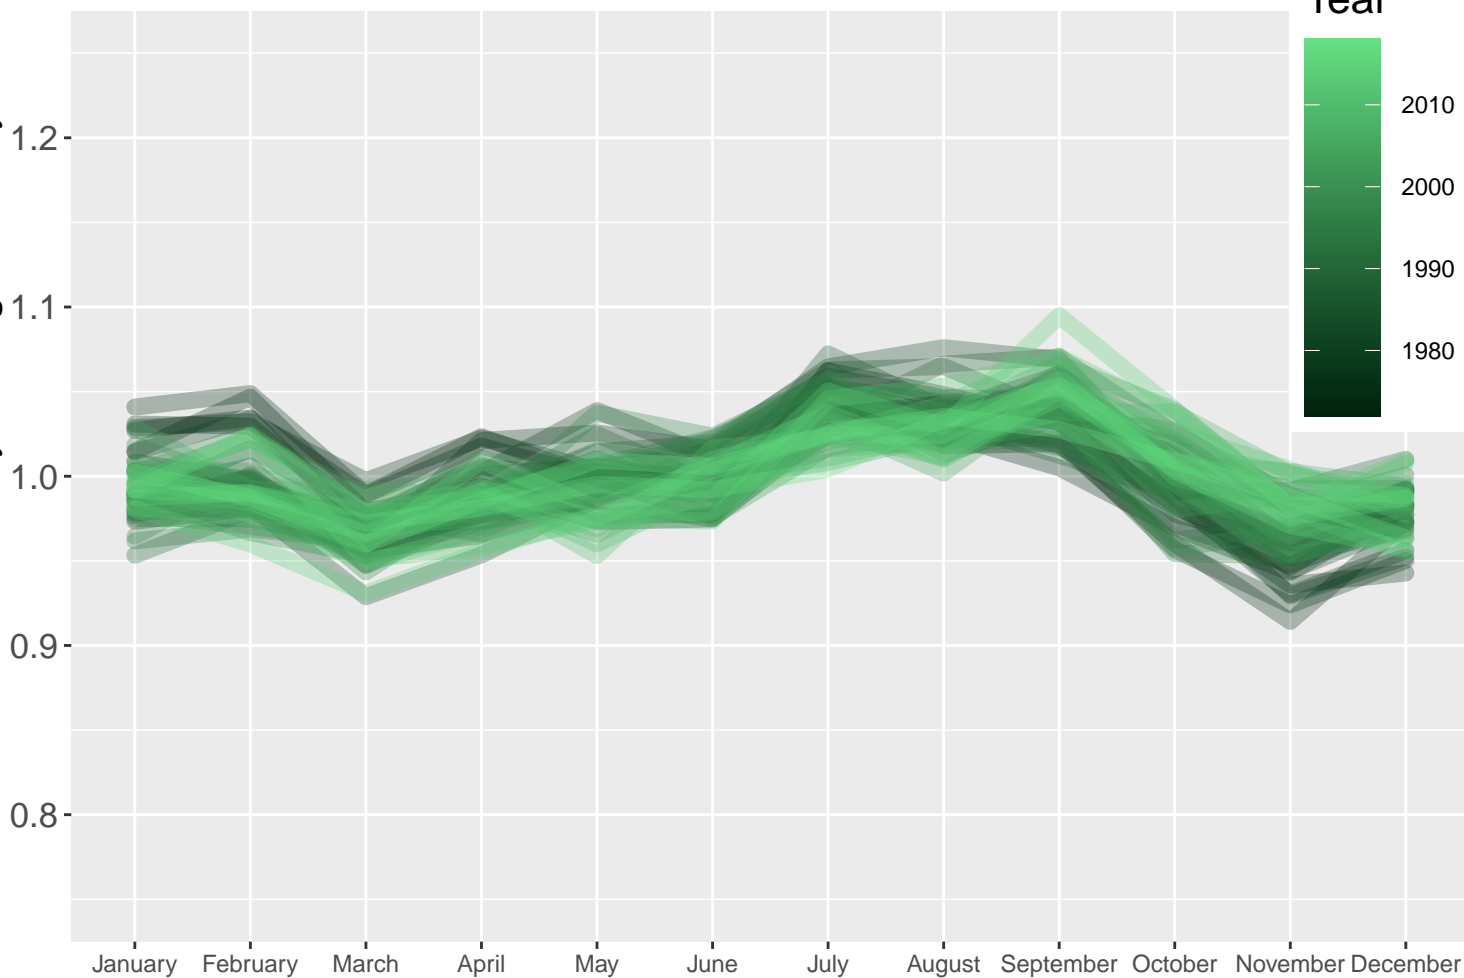

Births relative to monthly average of that year

Japan

Data from UN Demographic Statistics Database, including 47 years from 1972 to 2018

Births relative to monthly average of that year

Year

2010

2000

1990

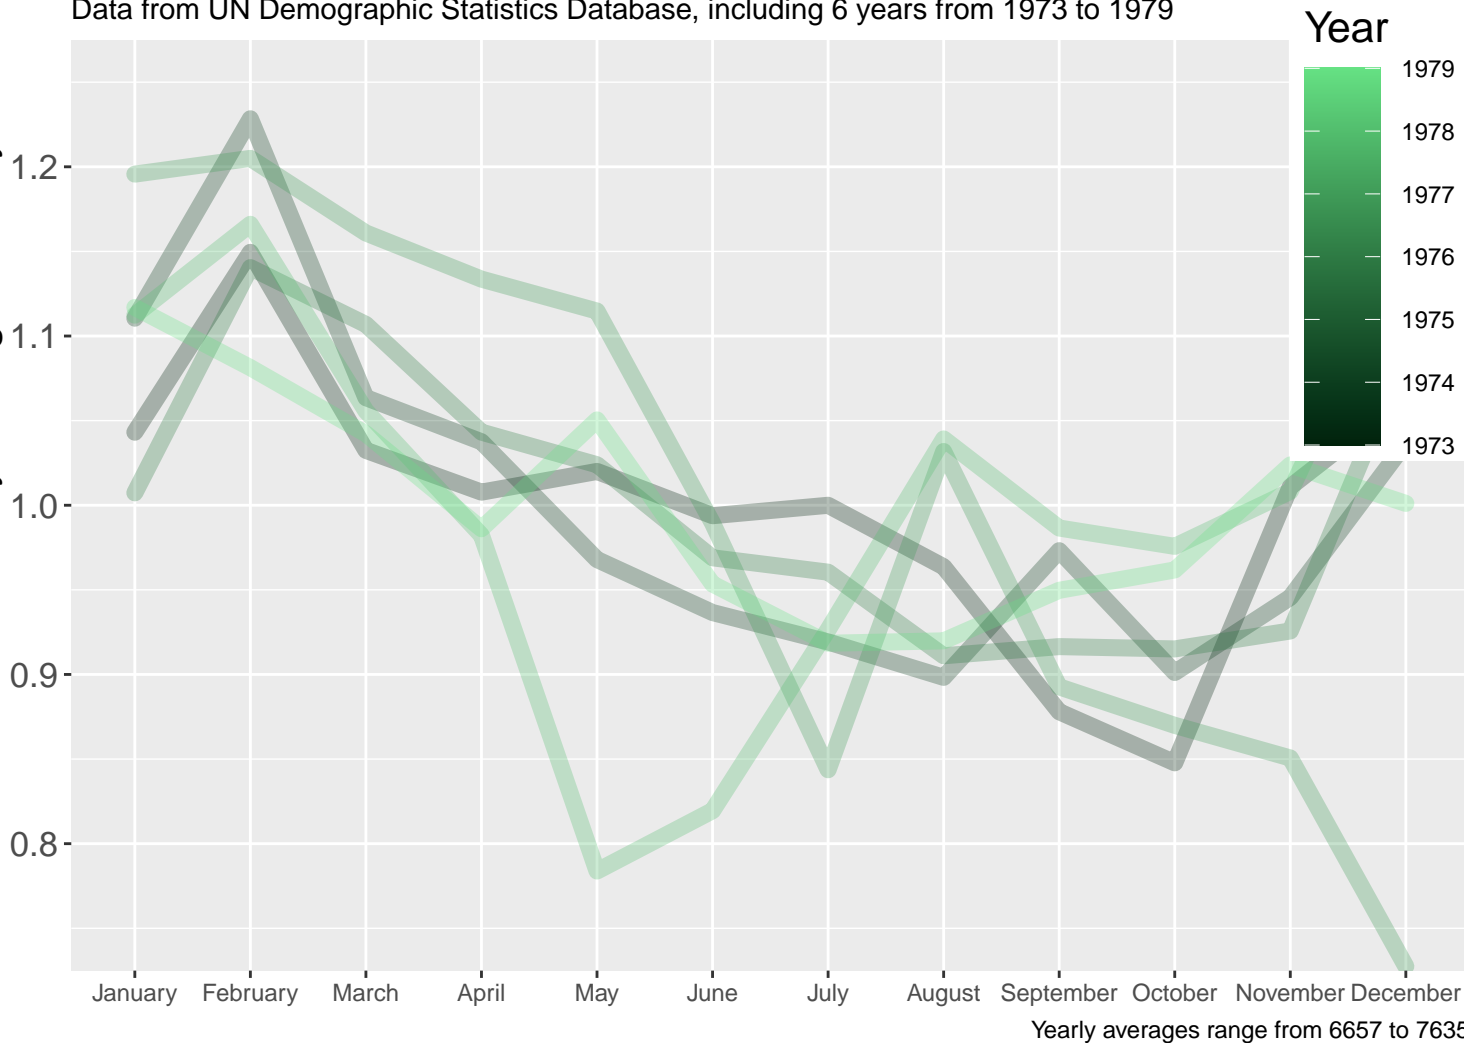

1980

Yearly averages range from 76533 to 174332

Jordan

Data from UN Demographic Statistics Database, including 6 years from 1973 to 1979

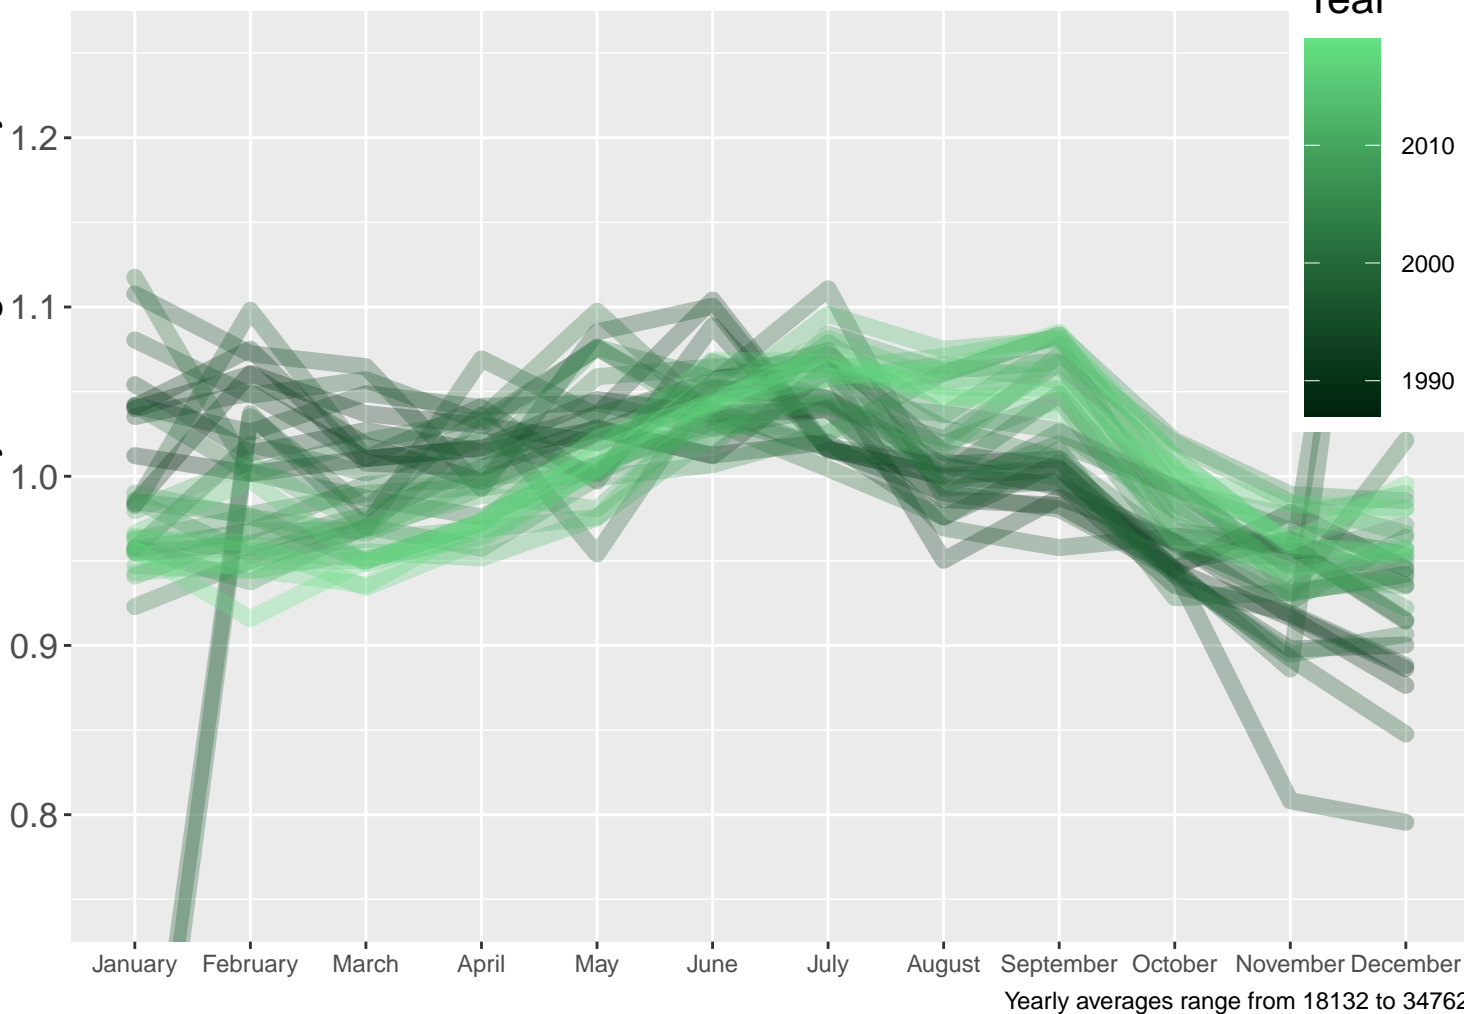

Births relative to monthly average of that year

Kazakhstan

Data from UN Demographic Statistics Database, including 33 years from 1987 to 2019

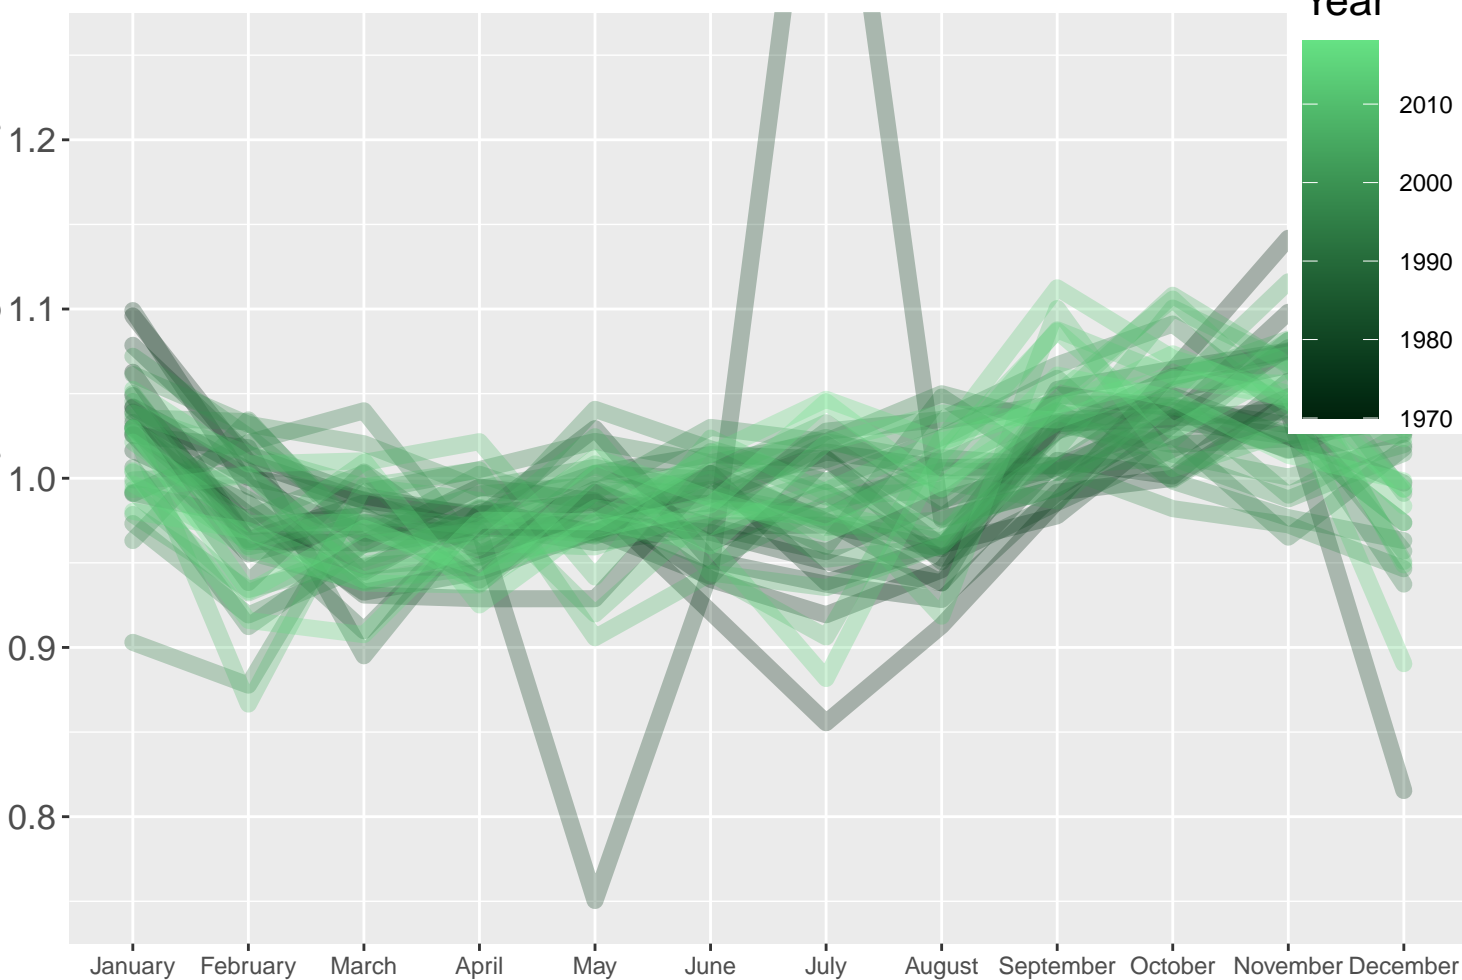

Births relative to monthly average of that year

Kuwait

Data from UN Demographic Statistics Database, including 40 years from 1970 to 2018

Births relative to monthly average of that year

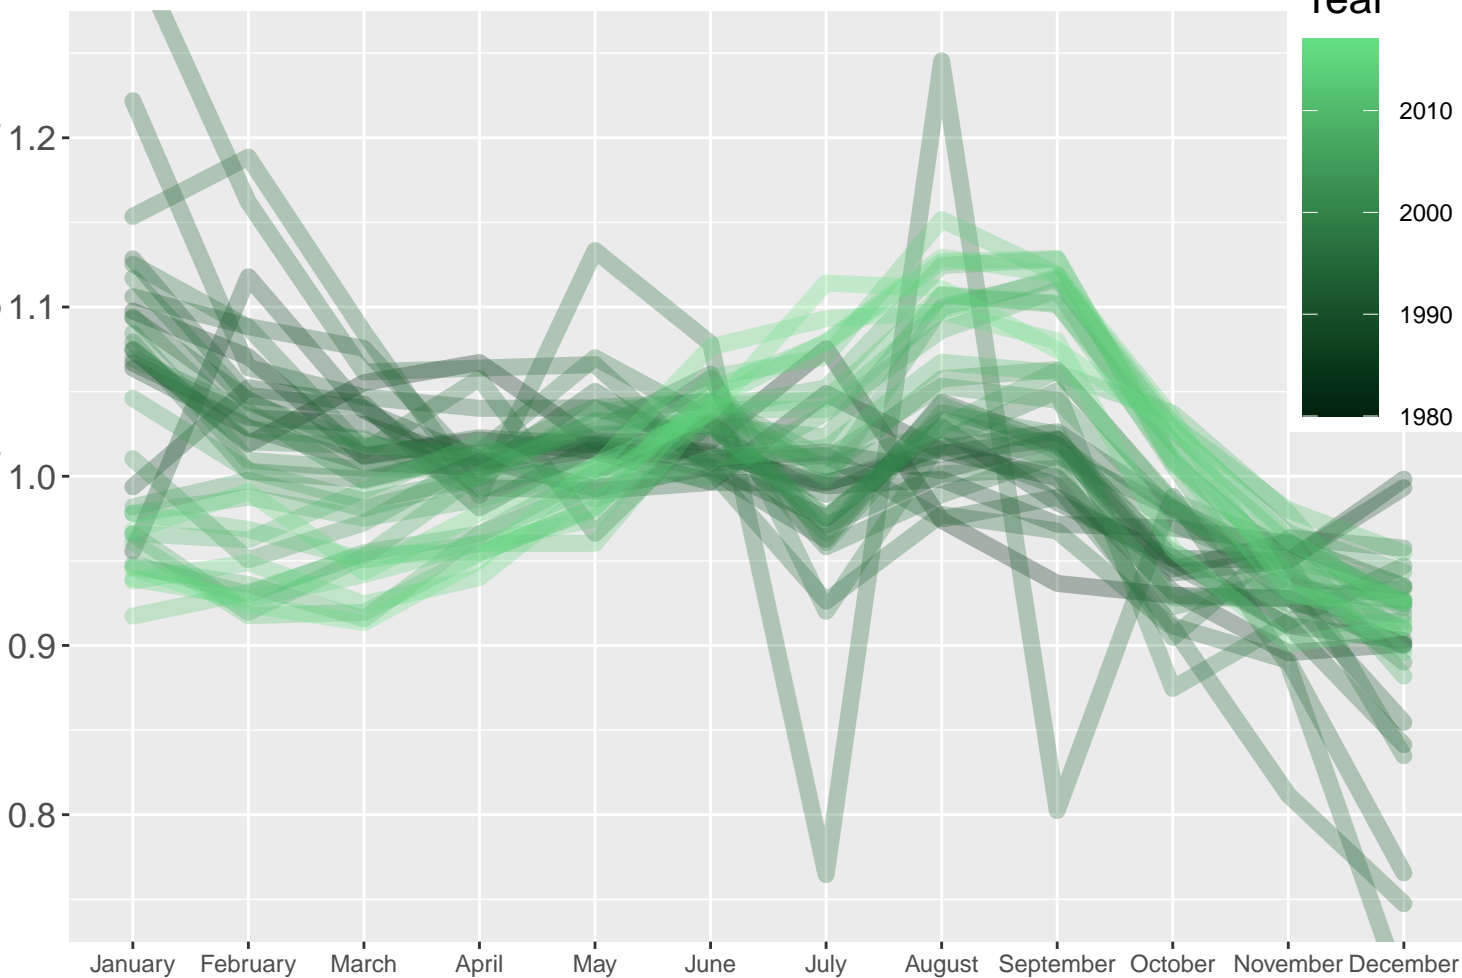

Yearly averages range from 2820 to 5109

Kyrgyzstan

Data from UN Demographic Statistics Database, including 34 years from 1980 to 2017

Births relative to monthly average of that year

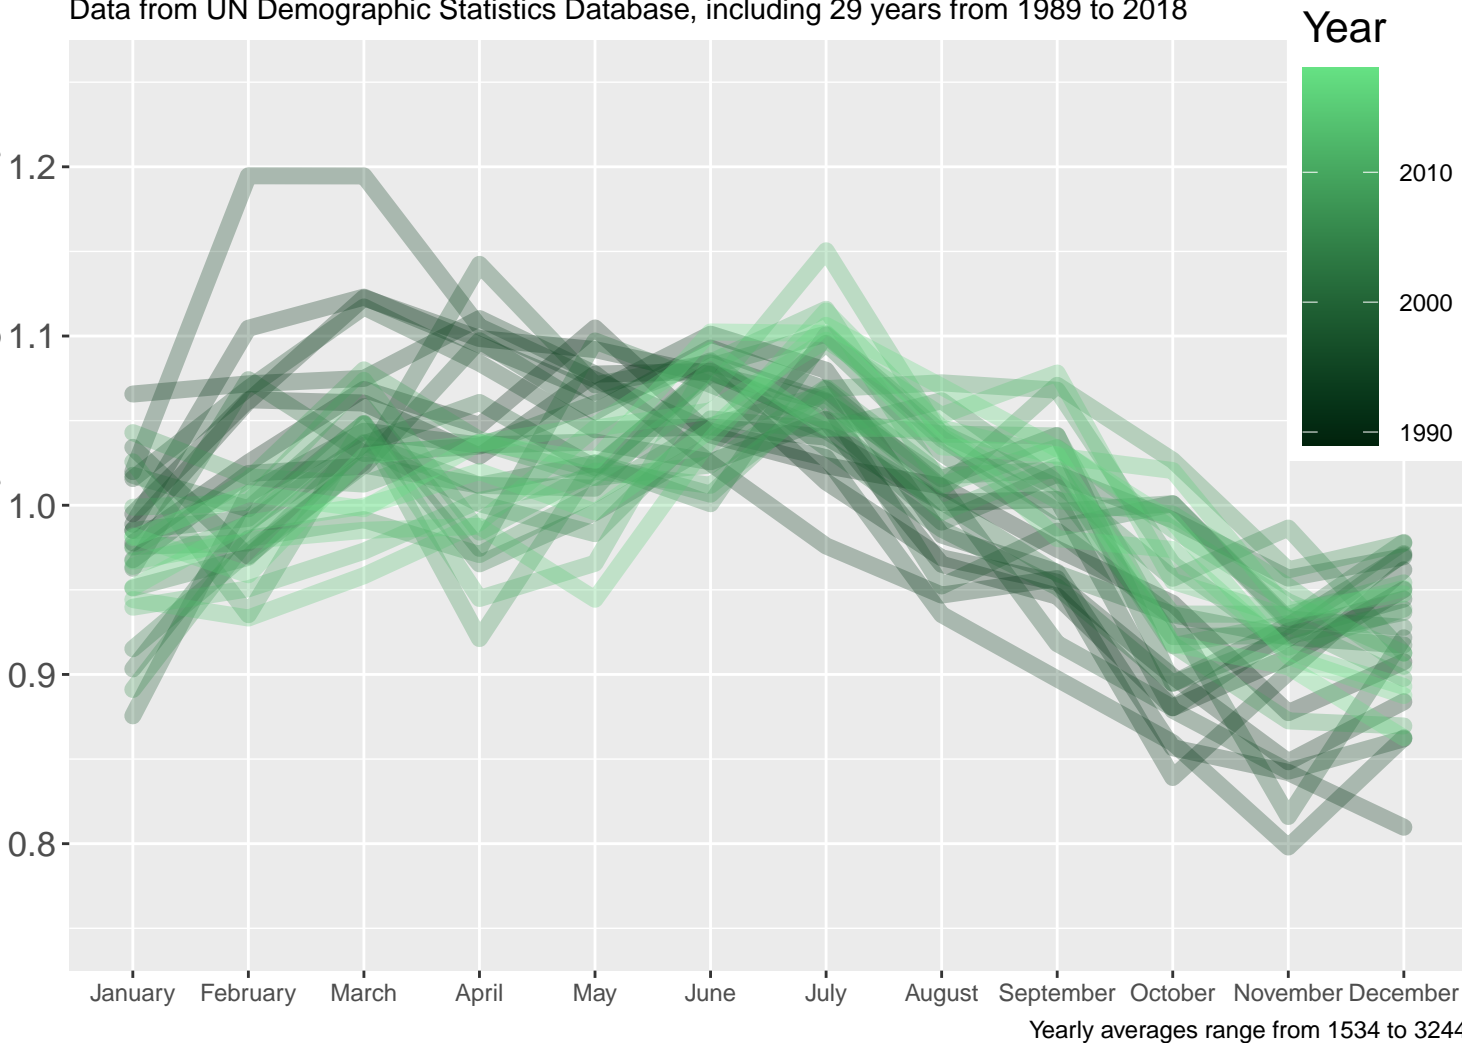

Yearly averages range from 8064 to 13621

Latvia

Data from UN Demographic Statistics Database, including 29 years from 1989 to 2018

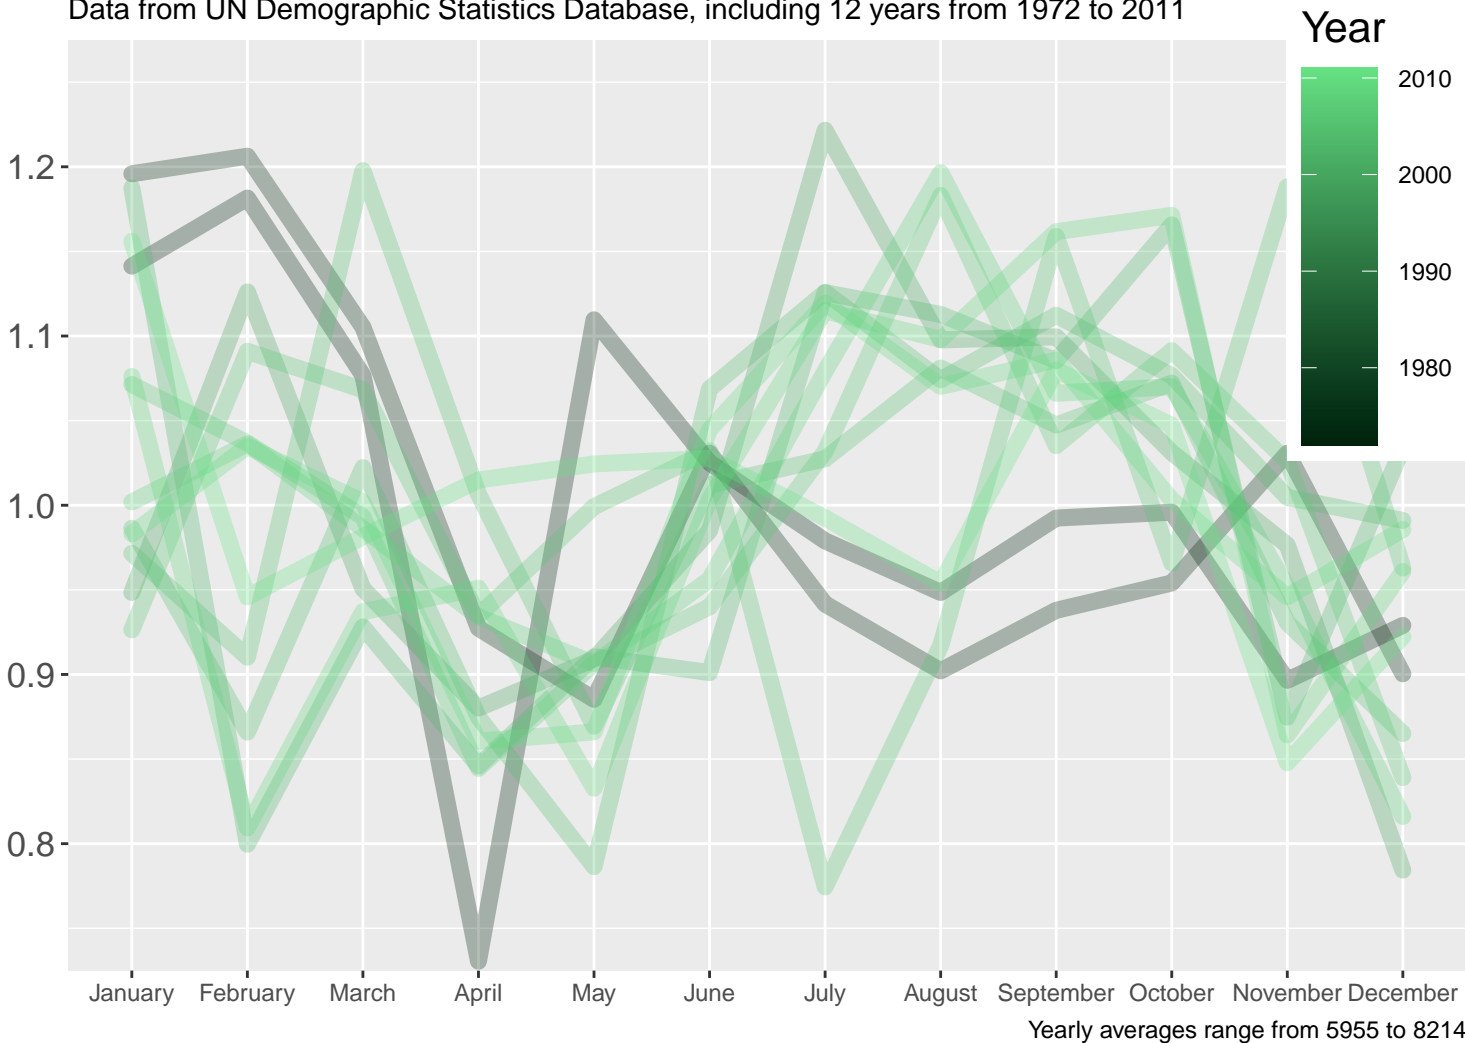

Births relative to monthly average of that year

Lebanon

Data from UN Demographic Statistics Database, including 12 years from 1972 to 2011

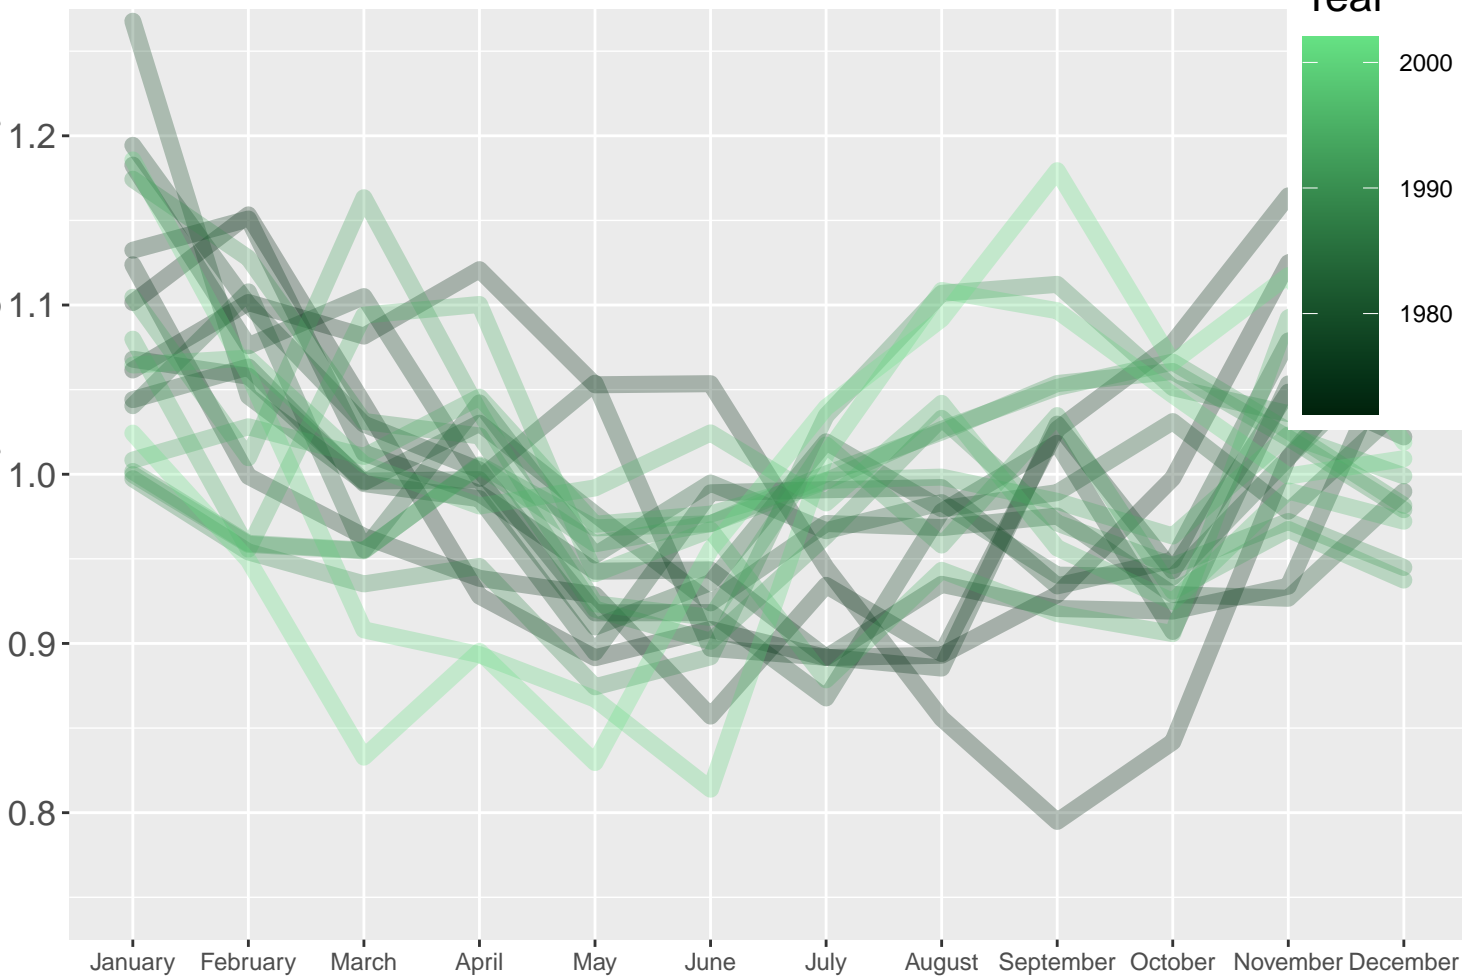

Births relative to monthly average of that year

Libya

Data from UN Demographic Statistics Database, including 20 years from 1972 to 2002

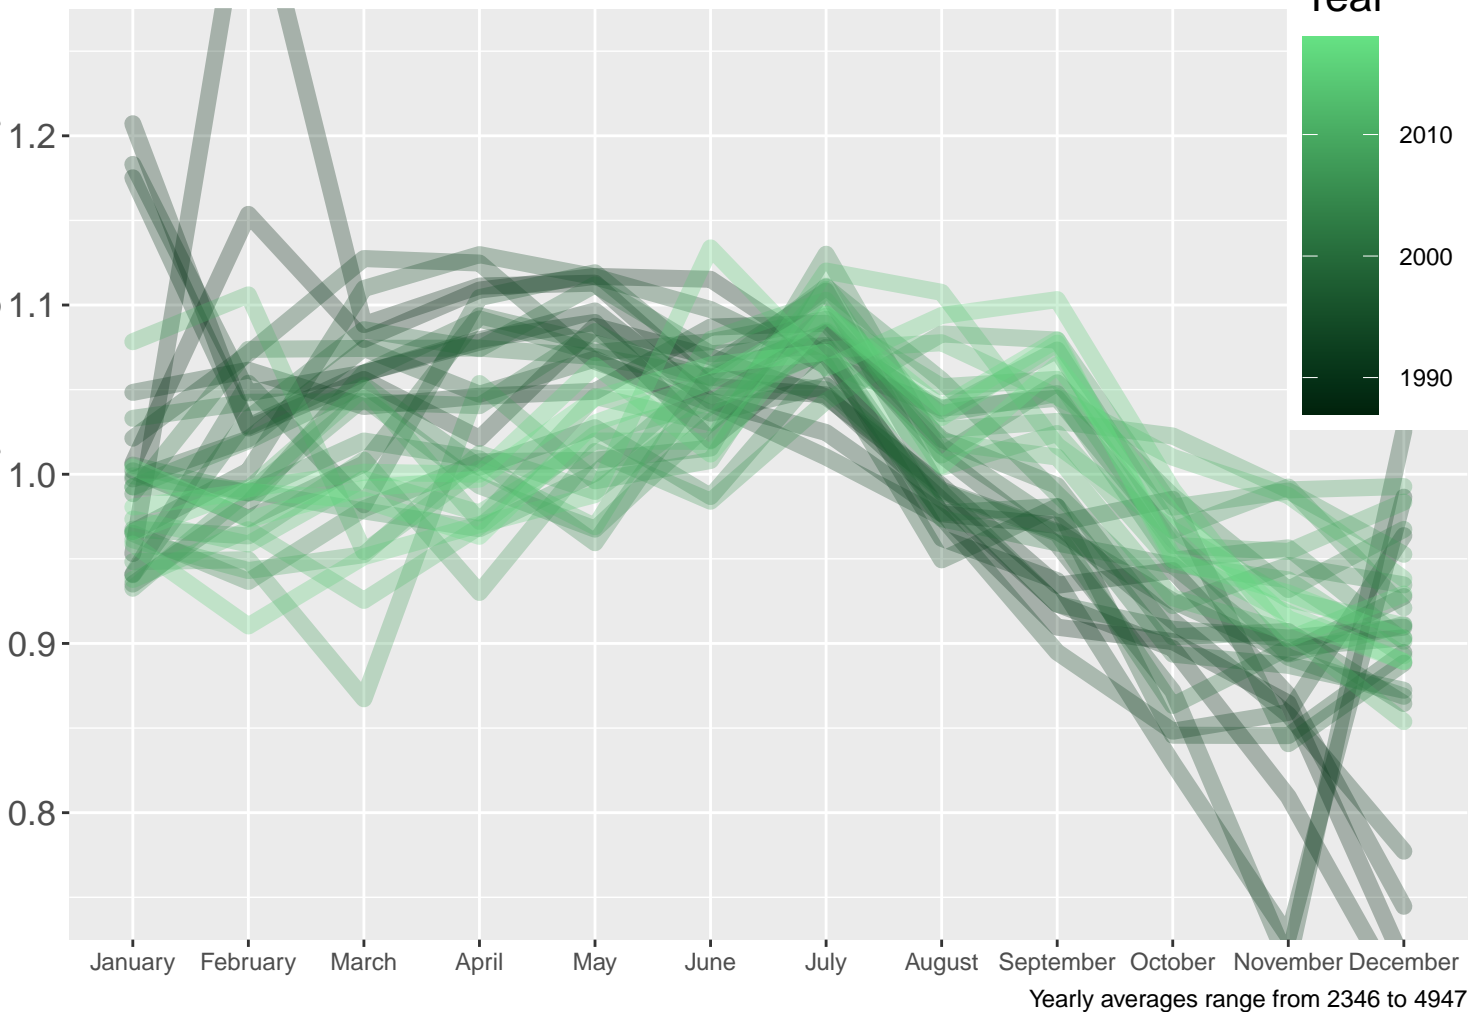

Births relative to monthly average of that year

Lithuania

Data from UN Demographic Statistics Database, including 31 years from 1987 to 2018

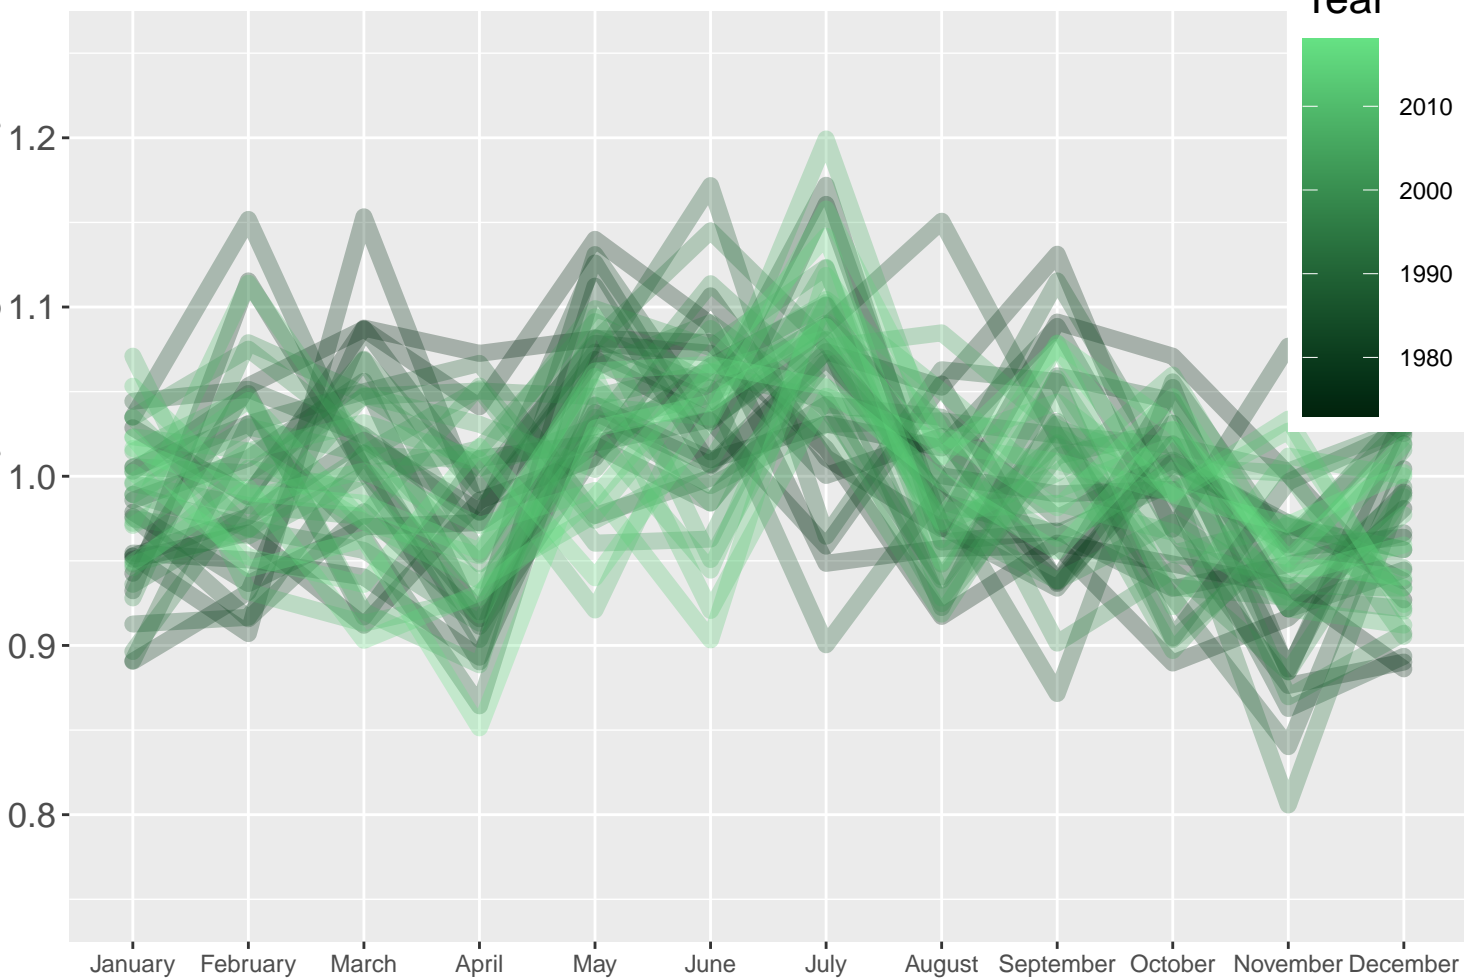

Births relative to monthly average of that year

Luxembourg

Data from UN Demographic Statistics Database, including 40 years from 1973 to 2018

Births relative to monthly average of that year

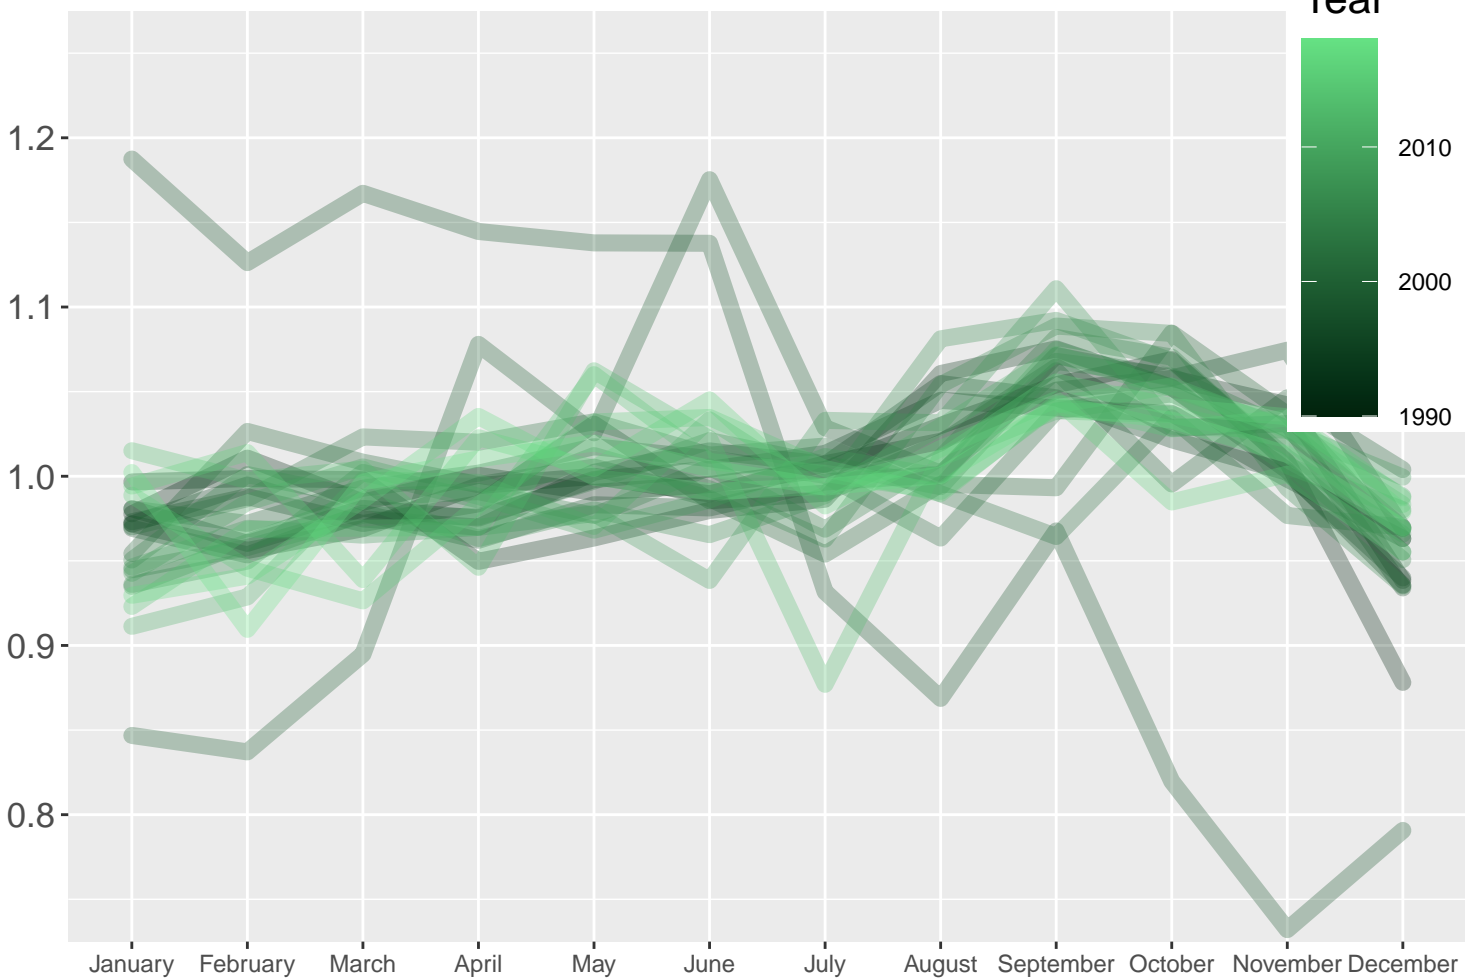

Yearly averages range from 317 to 523

Malaysia

Data from UN Demographic Statistics Database, including 25 years from 1990 to 2018

Births relative to monthly average of that year

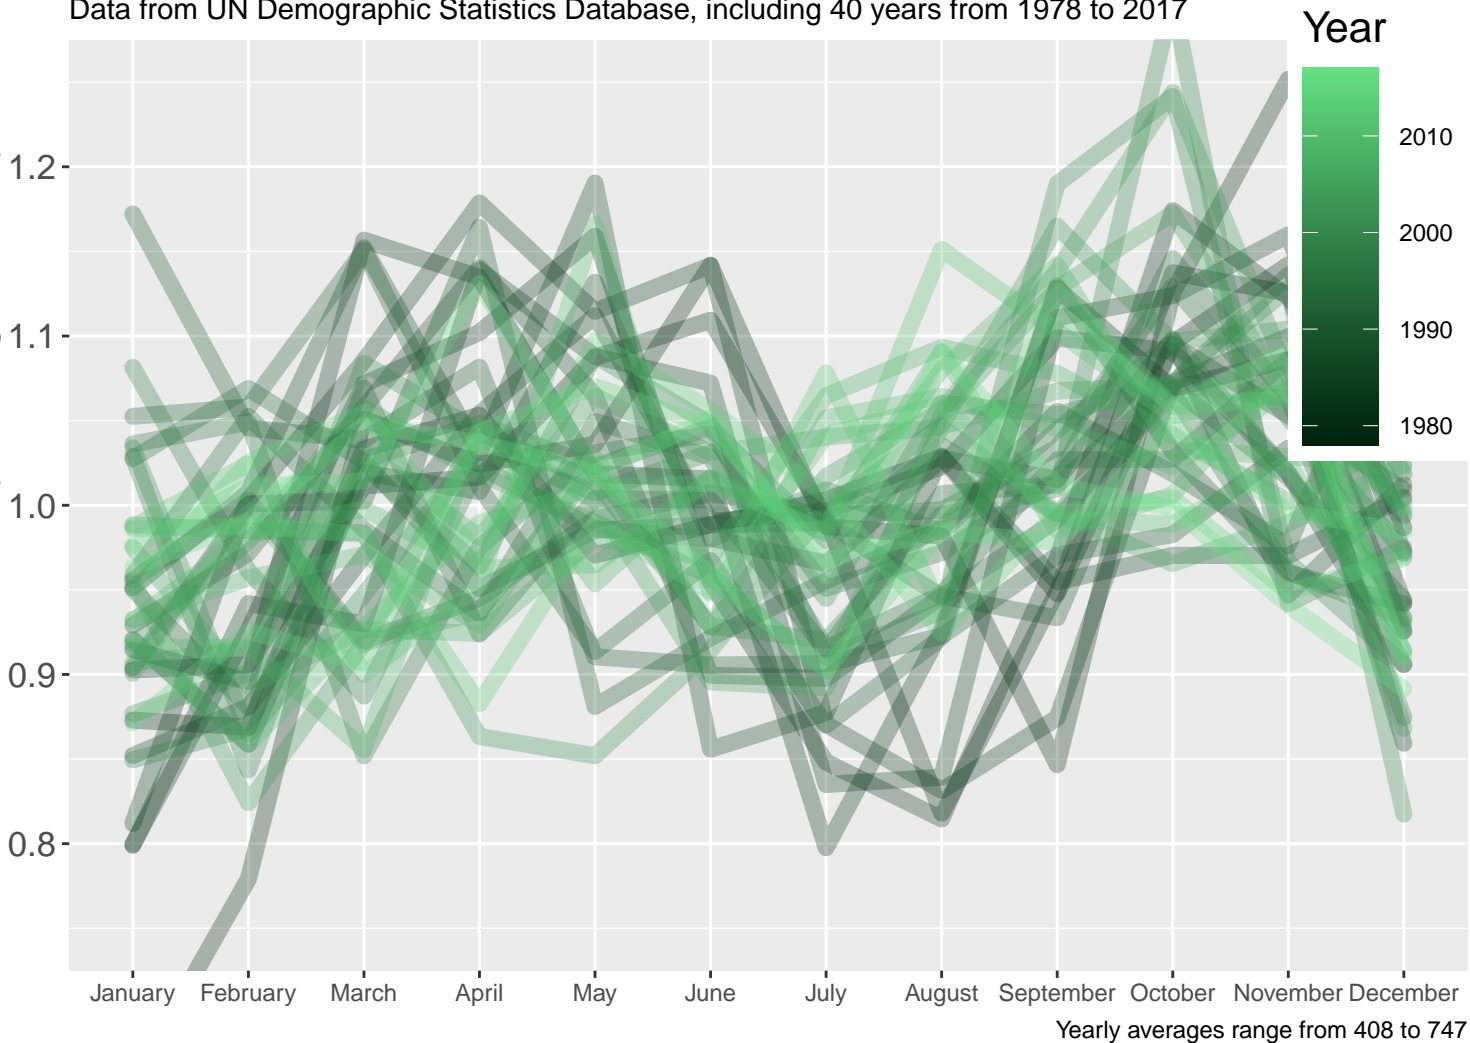

Yearly averages range from 38759 to 45425

Maldives

Data from UN Demographic Statistics Database, including 40 years from 1978 to 2017

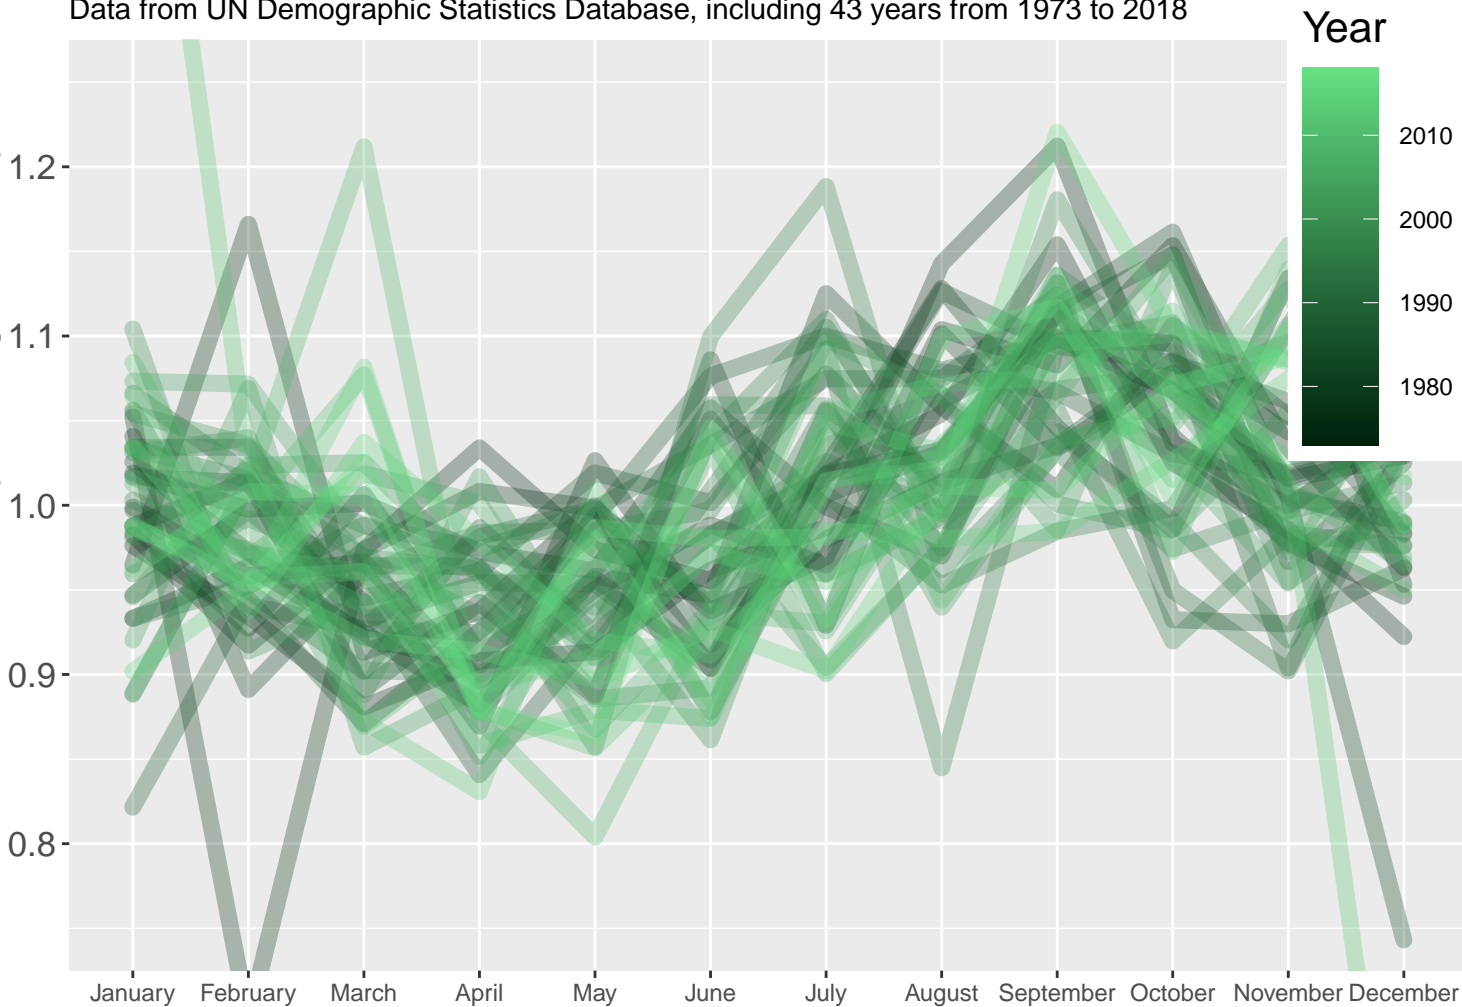

Births relative to monthly average of that year

Malta

Data from UN Demographic Statistics Database, including 43 years from 1973 to 2018

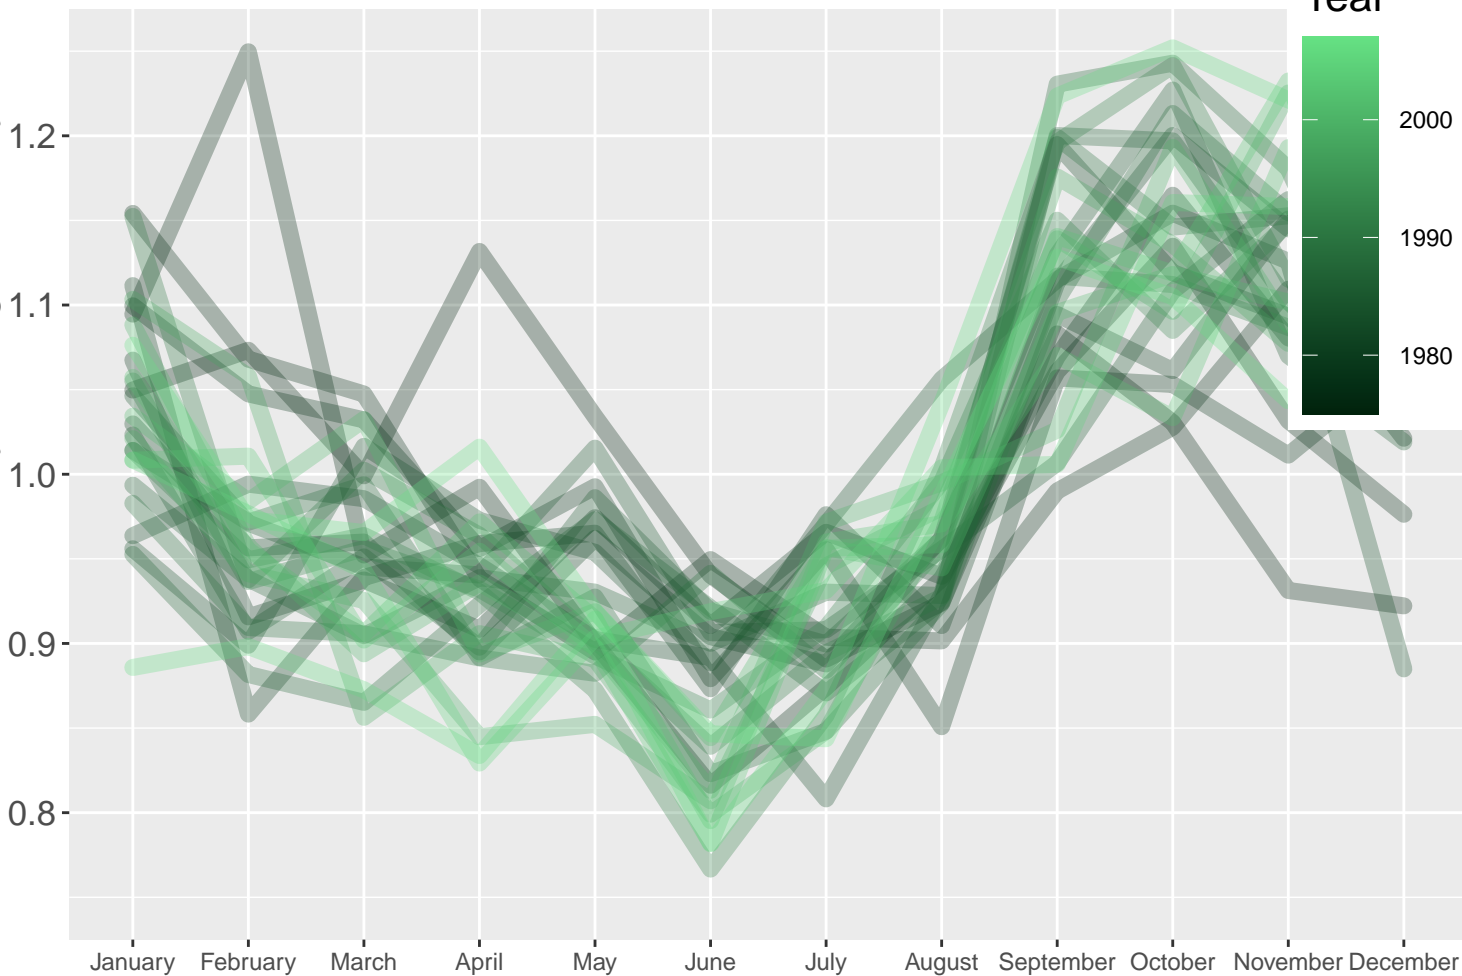

Births relative to monthly average of that year

Martinique

Data from UN Demographic Statistics Database, including 27 years from 1975 to 2007

Births relative to monthly average of that year

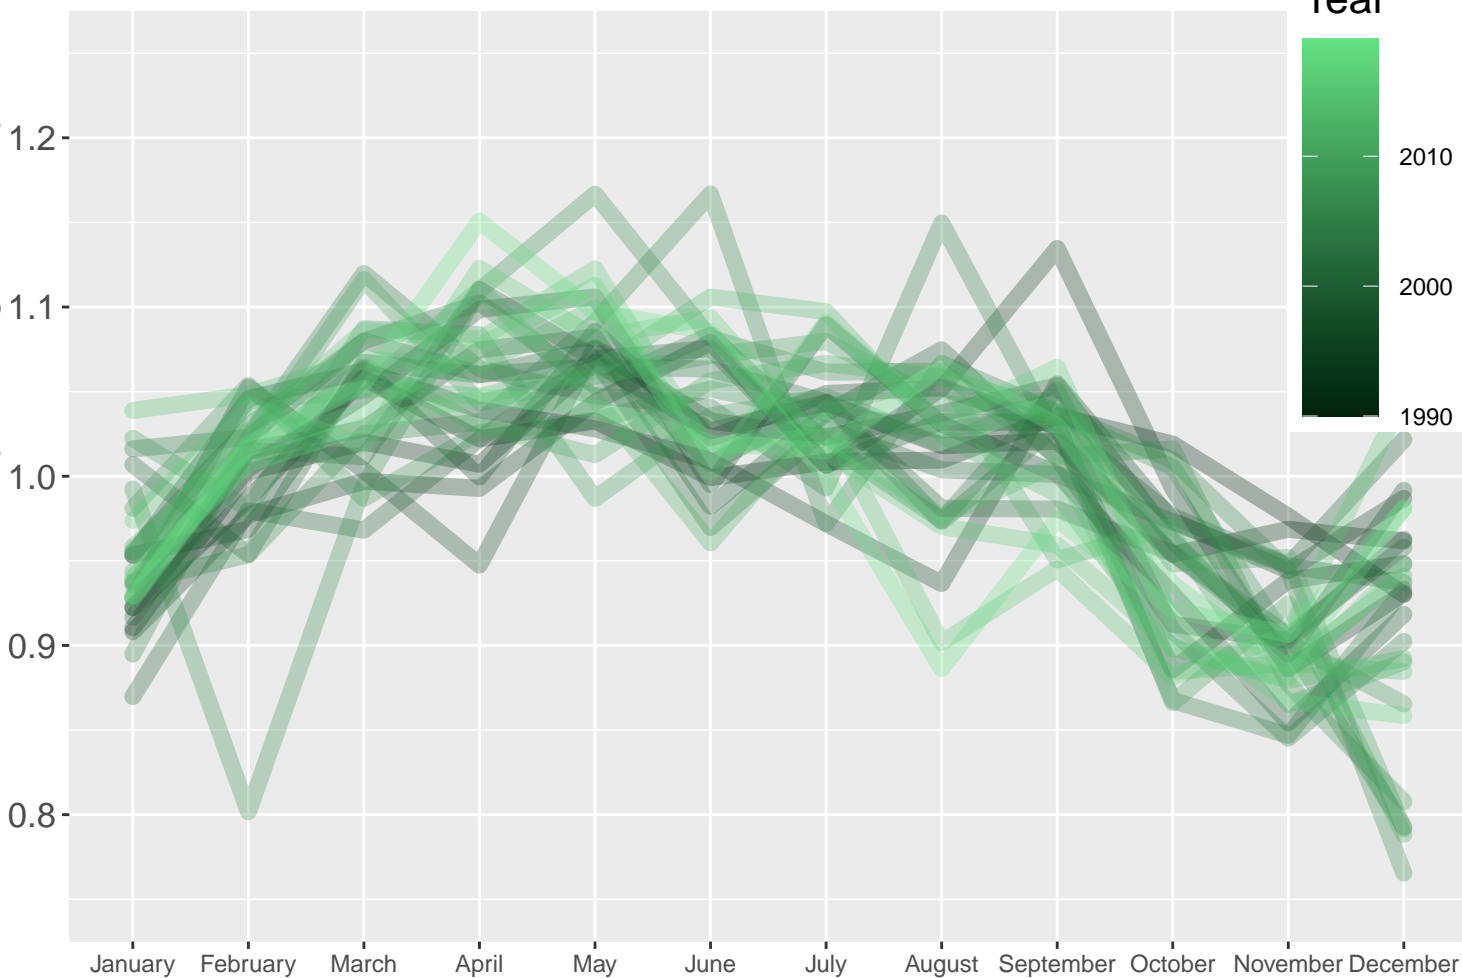

Yearly averages range from 419 to 562

Mauritius

Data from UN Demographic Statistics Database, including 28 years from 1990 to 2019

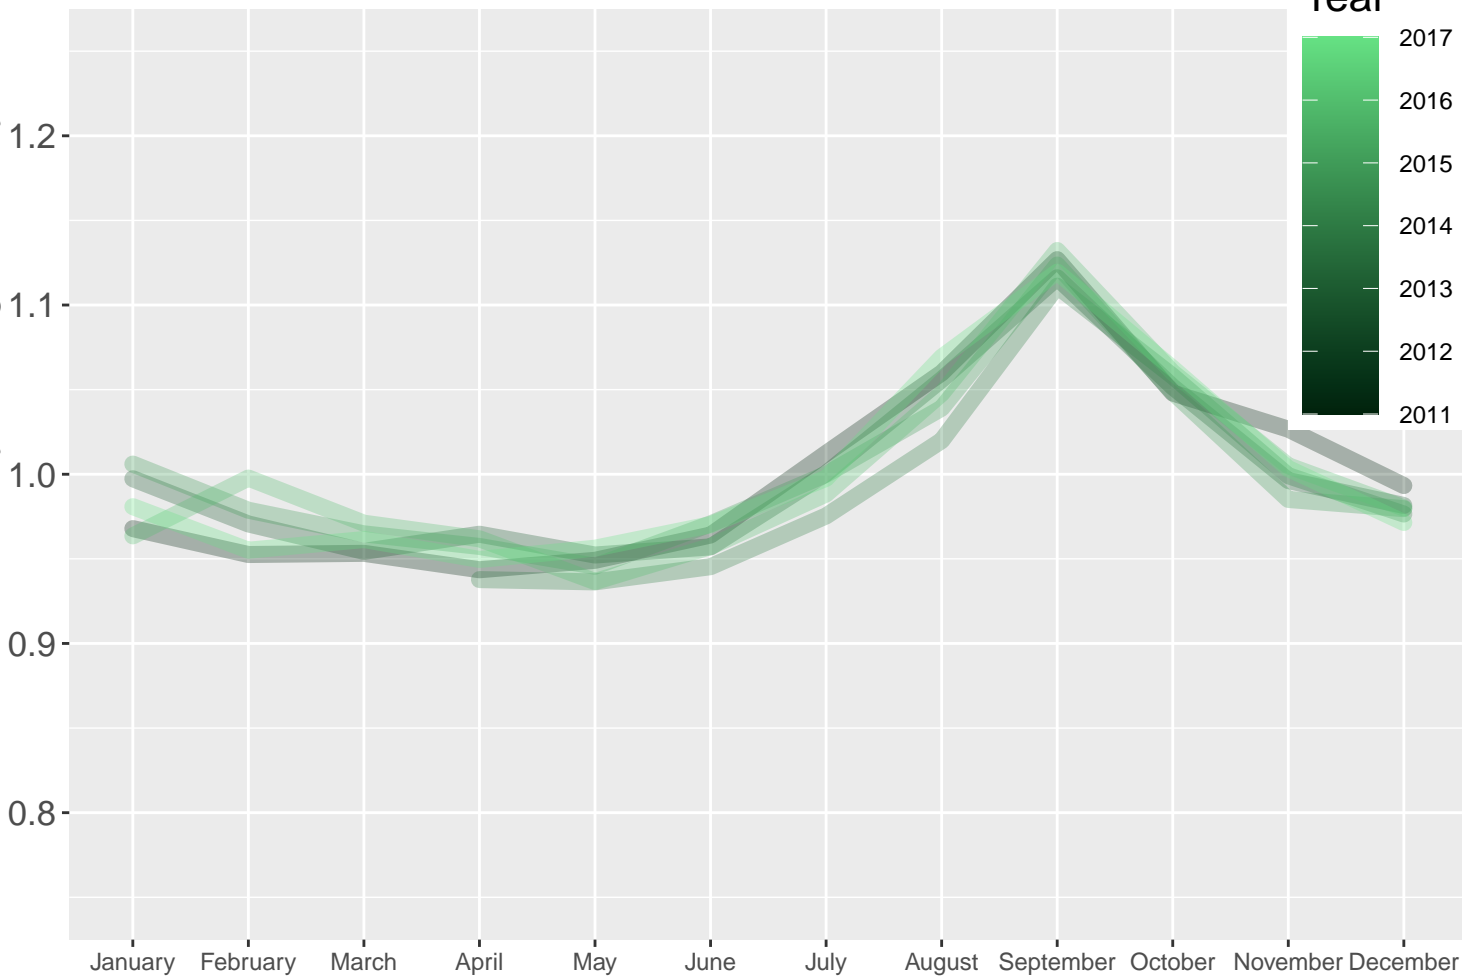

Births relative to monthly average of that year

Mexico

Data from UN Demographic Statistics Database, including 6 years from 2011 to 2017

Births relative to monthly average of that year

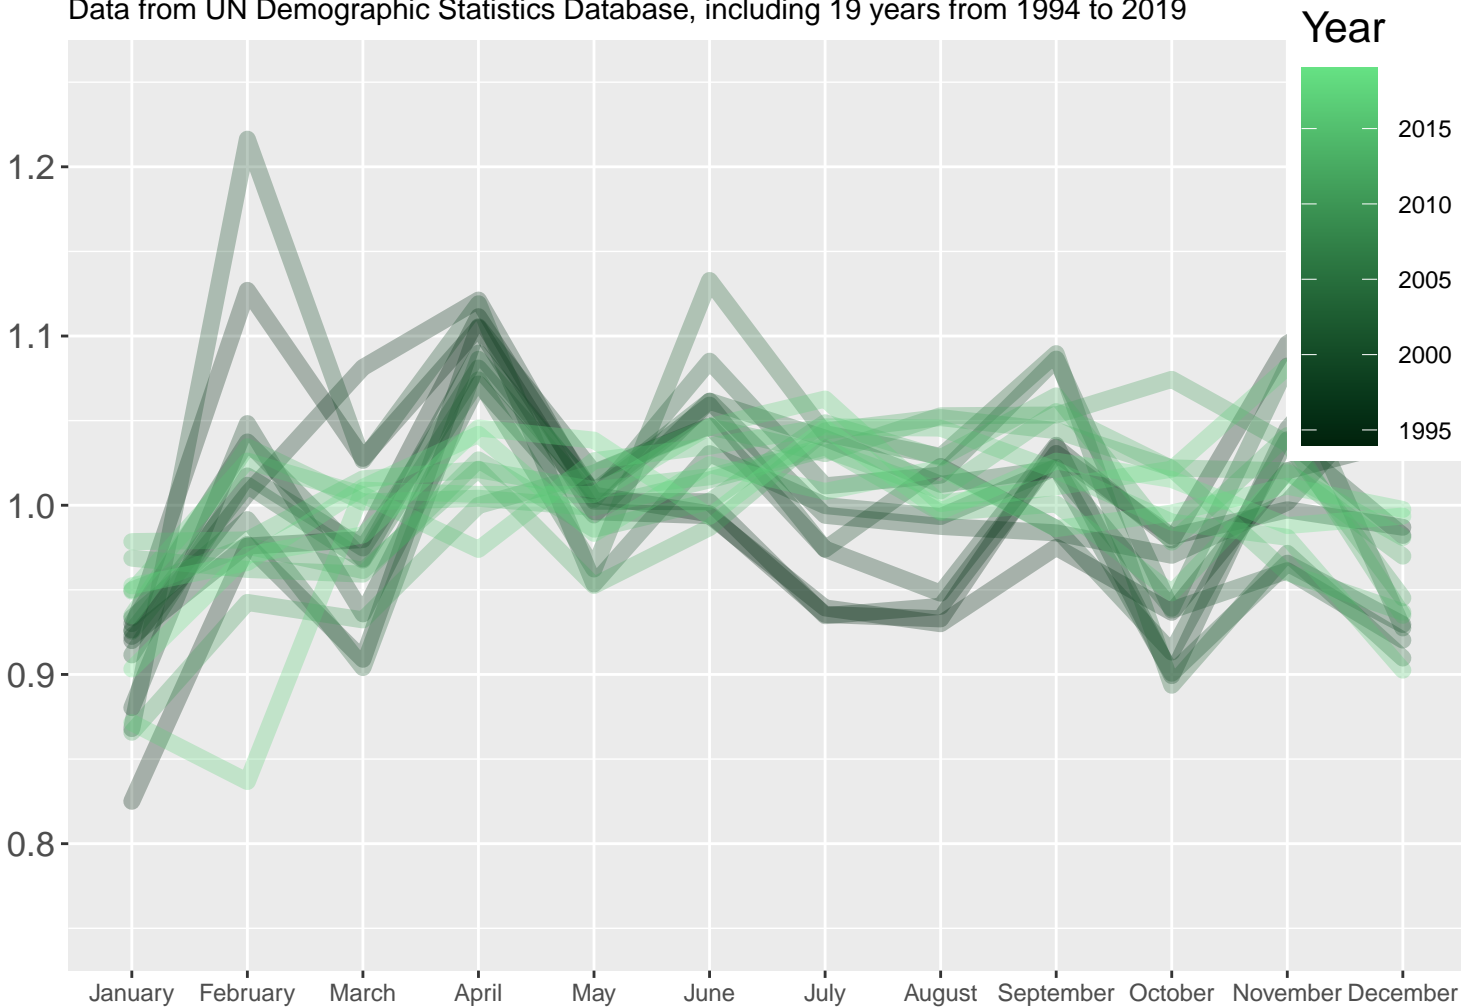

Yearly averages range from 166715 to 188500

Mongolia

Data from UN Demographic Statistics Database, including 19 years from 1994 to 2019

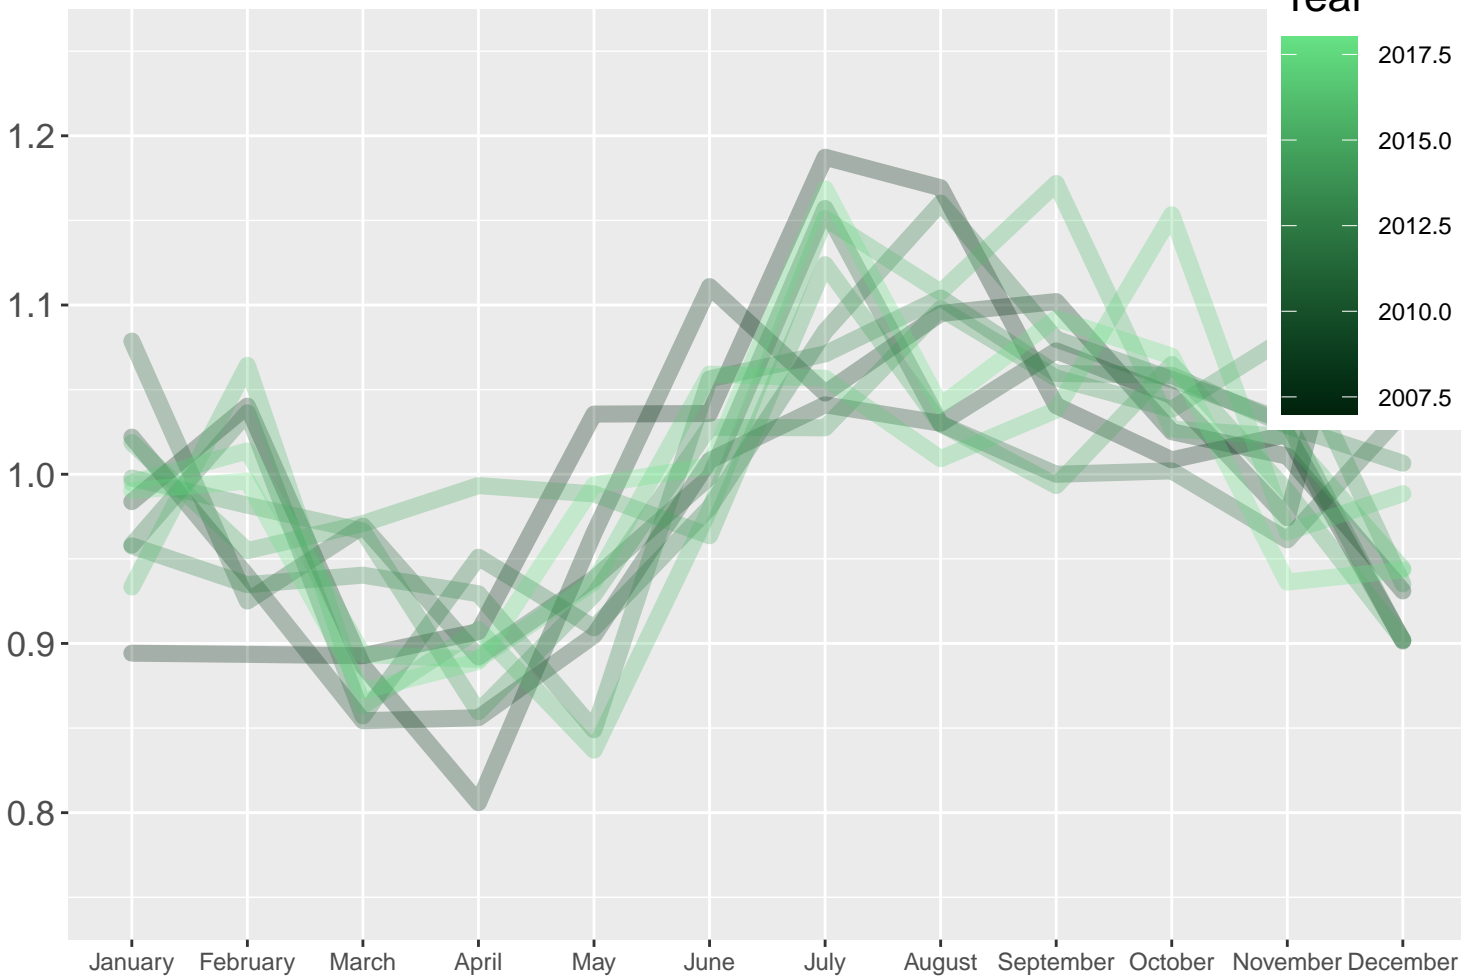

Births relative to monthly average of that year

Montenegro

Data from UN Demographic Statistics Database, including 11 years from 2007 to 2018

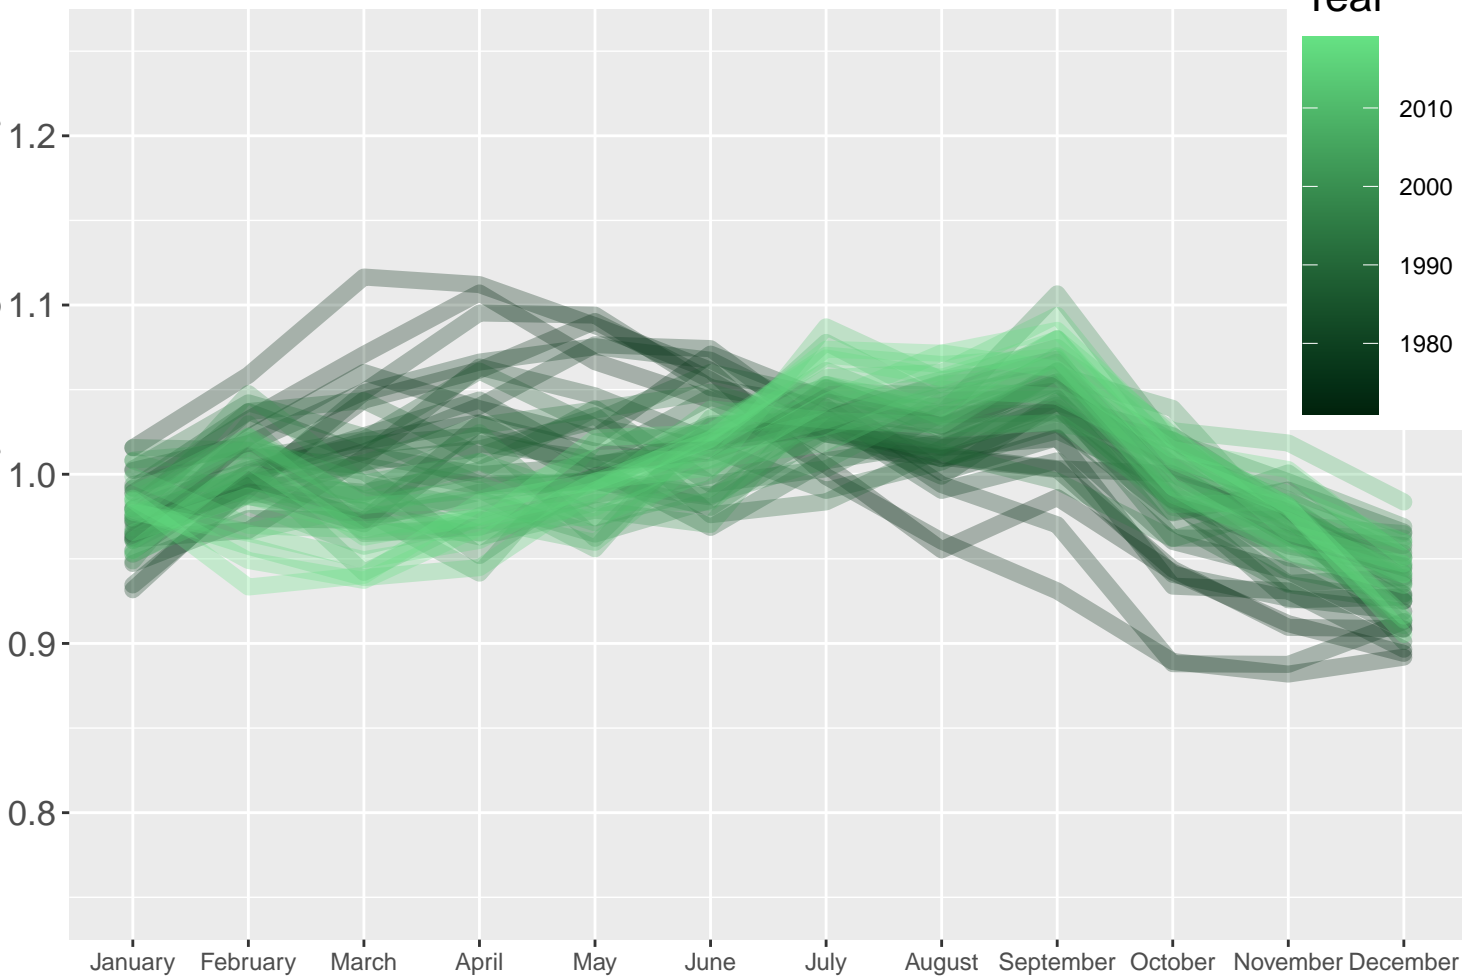

Births relative to monthly average of that year

Netherlands

Data from UN Demographic Statistics Database, including 45 years from 1971 to 2019

Births relative to monthly average of that year

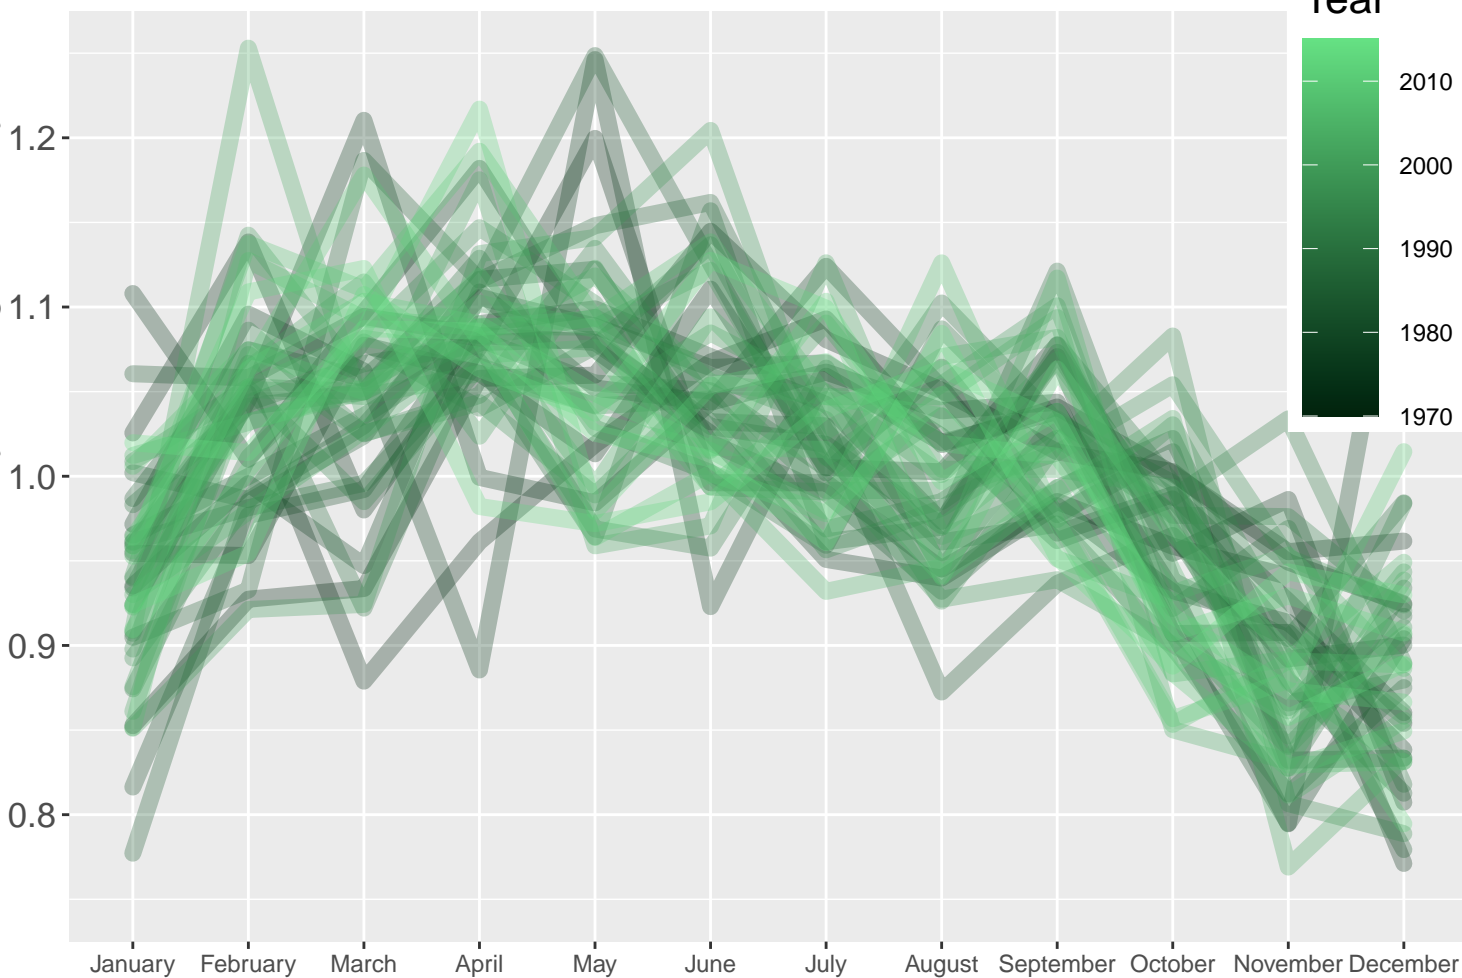

Yearly averages range from 14044 to 18932

New Caledonia

Data from UN Demographic Statistics Database, including 43 years from 1970 to 2015

Births relative to monthly average of that year

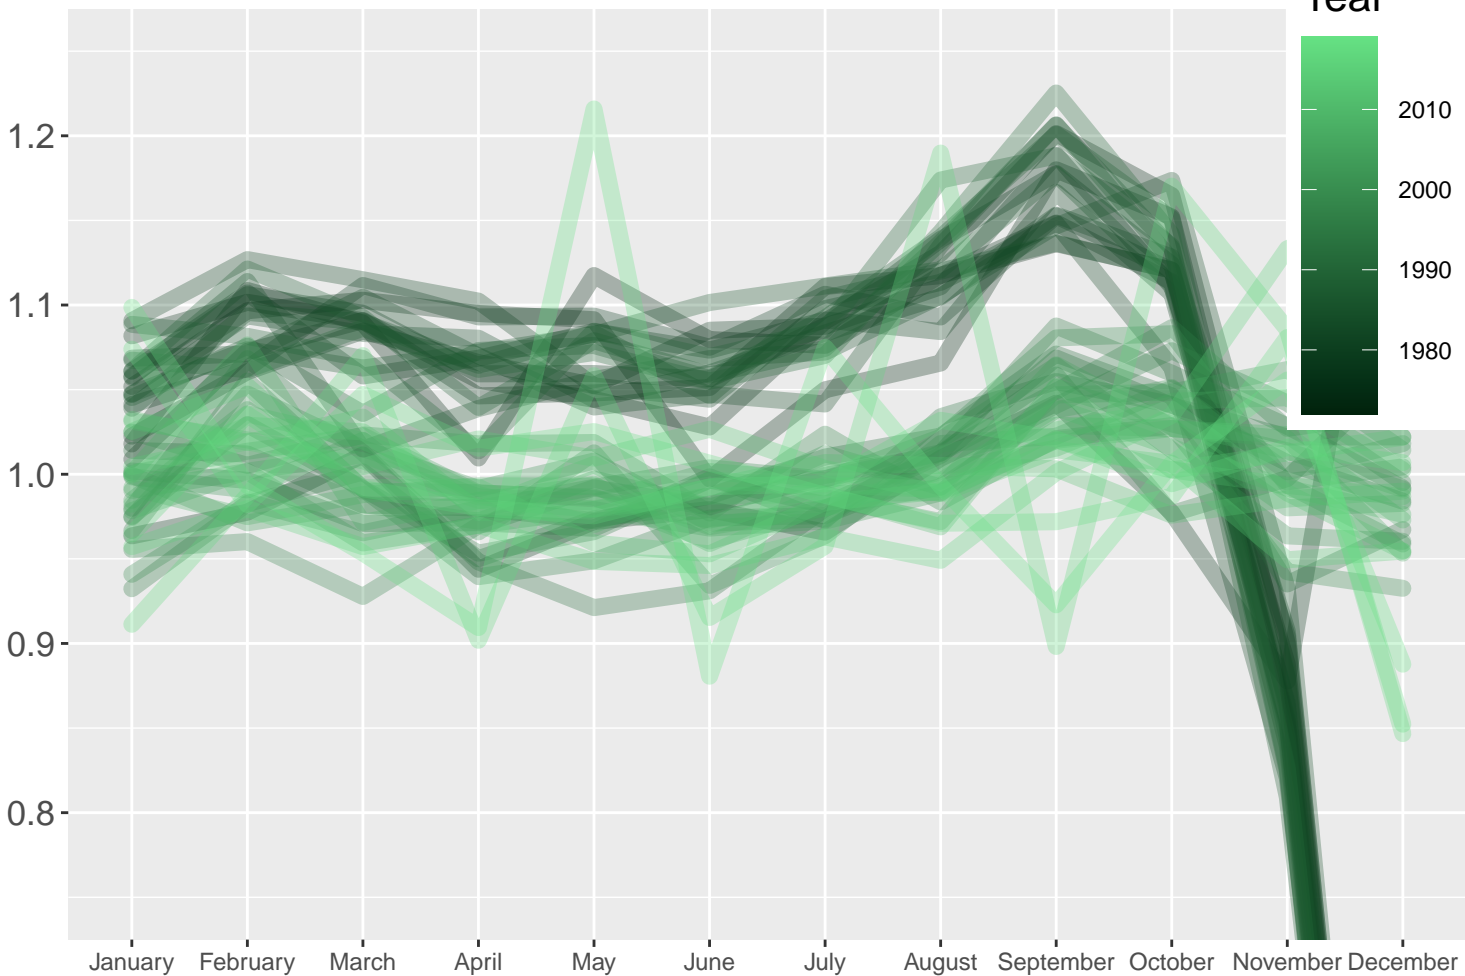

Yearly averages range from 304 to 383

New Zealand

Data from UN Demographic Statistics Database, including 48 years from 1972 to 2019

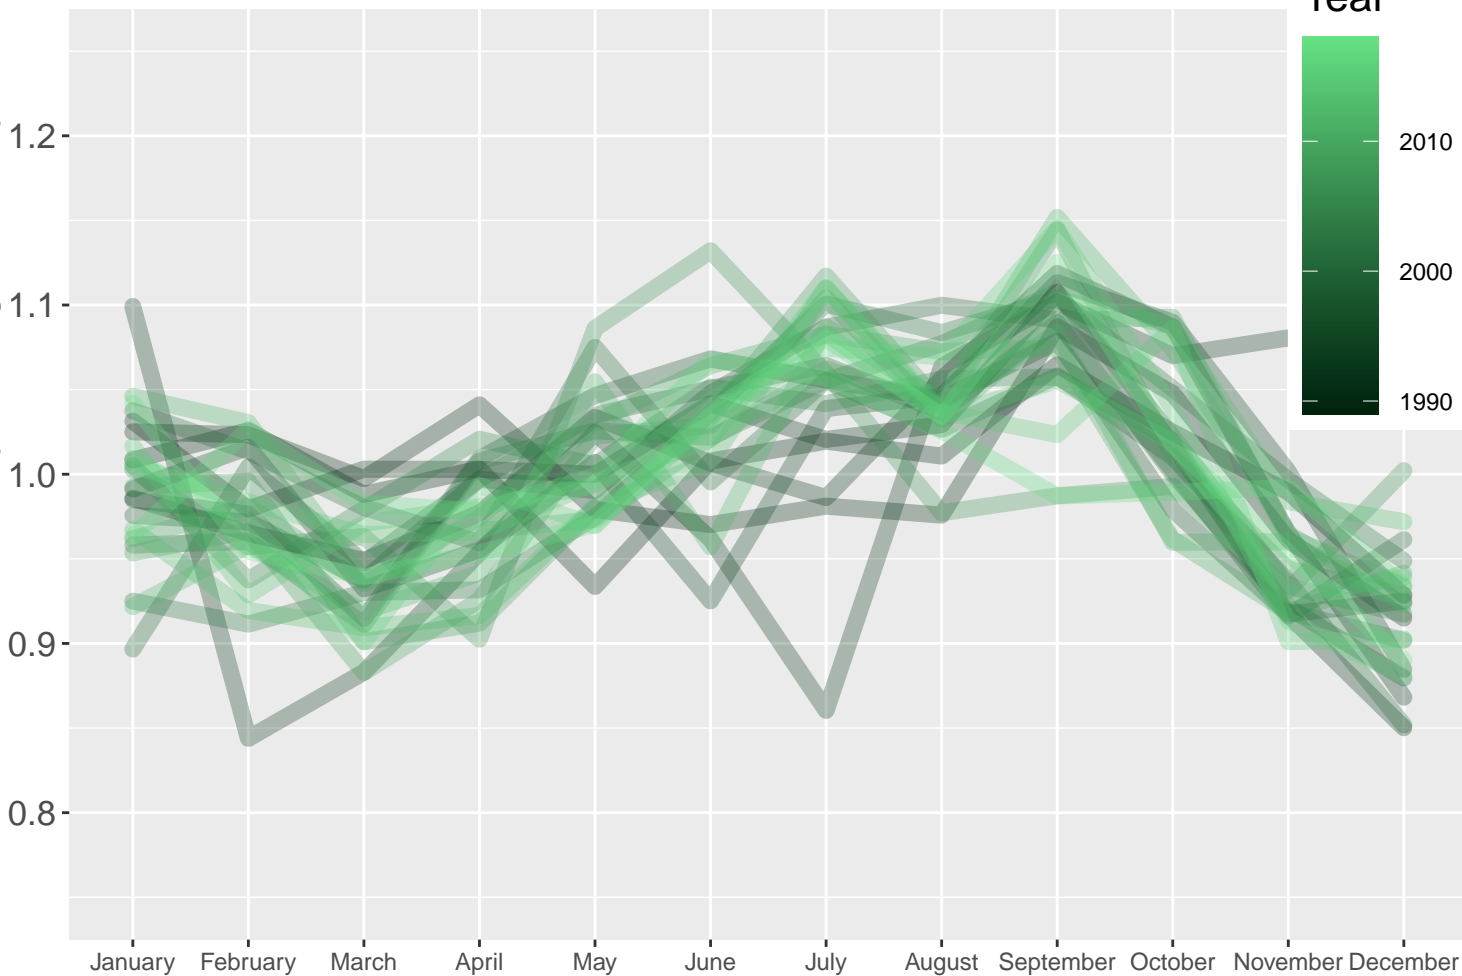

Births relative to monthly average of that year

North Macedonia

Data from UN Demographic Statistics Database, including 25 years from 1989 to 2018

Births relative to monthly average of that year

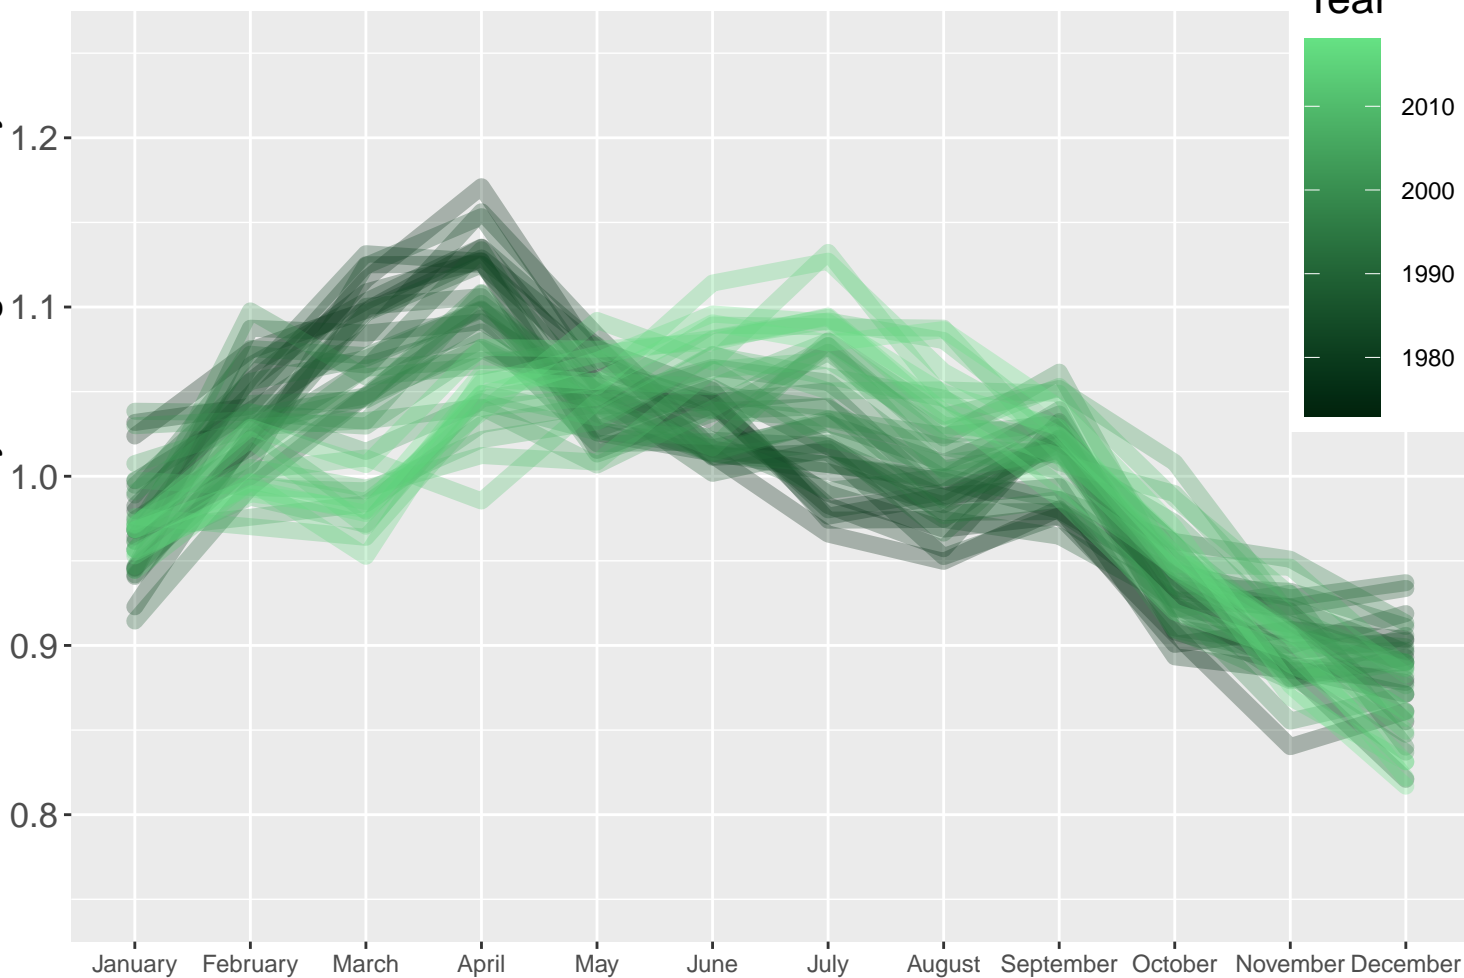

Yearly averages range from 1778 to 1994

Norway

Data from UN Demographic Statistics Database, including 40 years from 1973 to 2018

Births relative to monthly average of that year

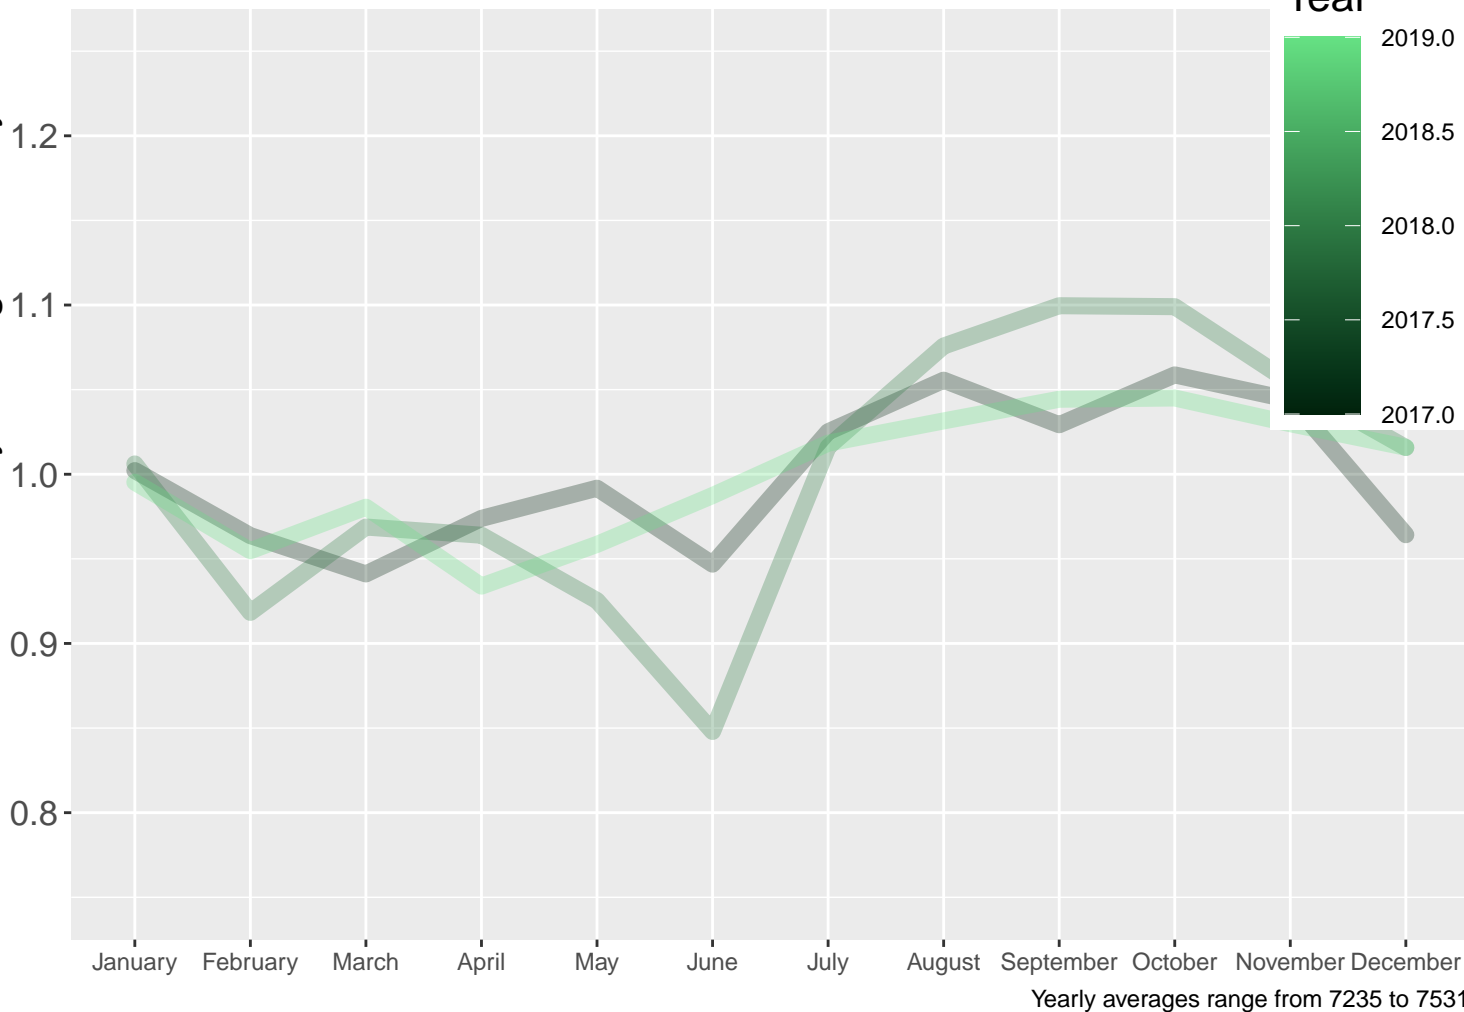

Yearly averages range from 4161 to 5151

Oman

Data from UN Demographic Statistics Database, including 3 years from 2017 to 2019

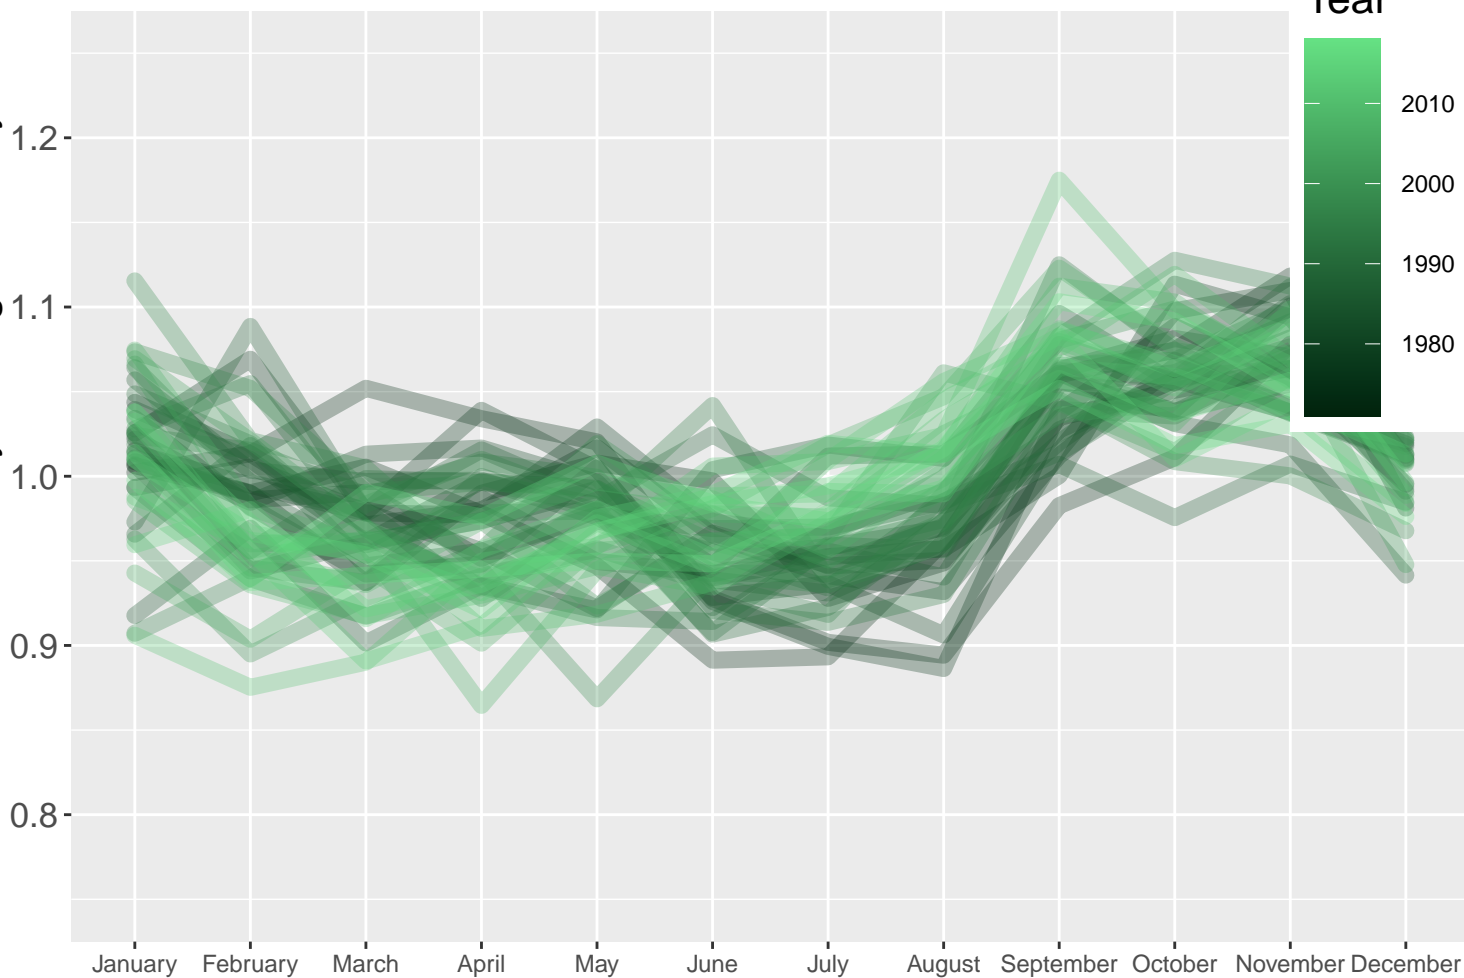

Births relative to monthly average of that year

Panama

Data from UN Demographic Statistics Database, including 44 years from 1971 to 2018

Births relative to monthly average of that year

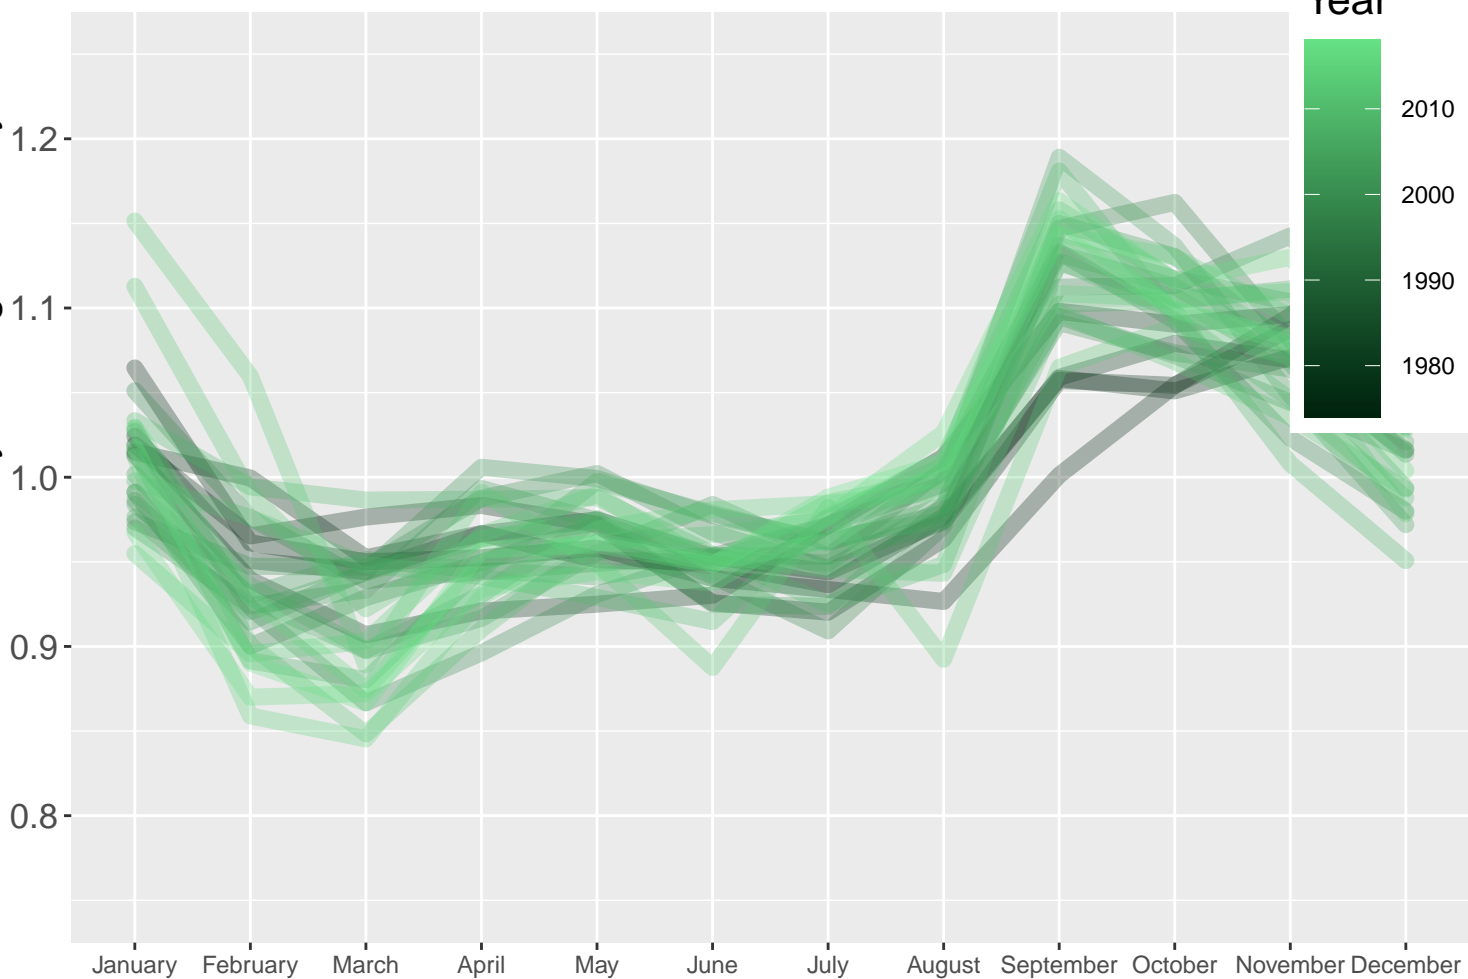

Yearly averages range from 4341 to 6405

Philippines

Data from UN Demographic Statistics Database, including 26 years from 1974 to 2018

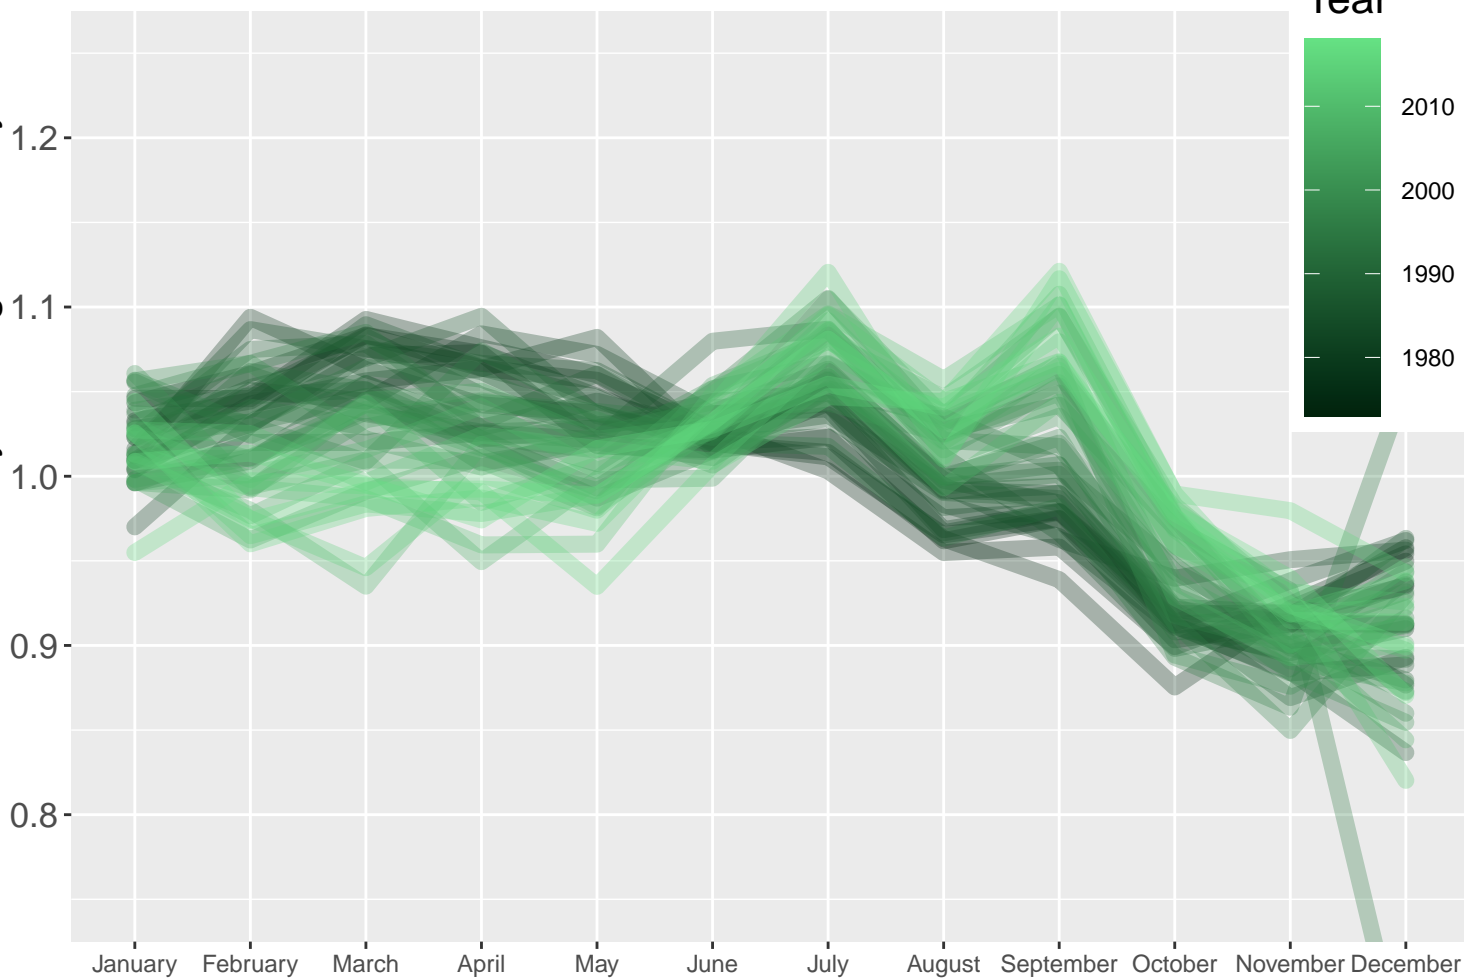

Births relative to monthly average of that year

Poland

Data from UN Demographic Statistics Database, including 44 years from 1973 to 2018

Births relative to monthly average of that year

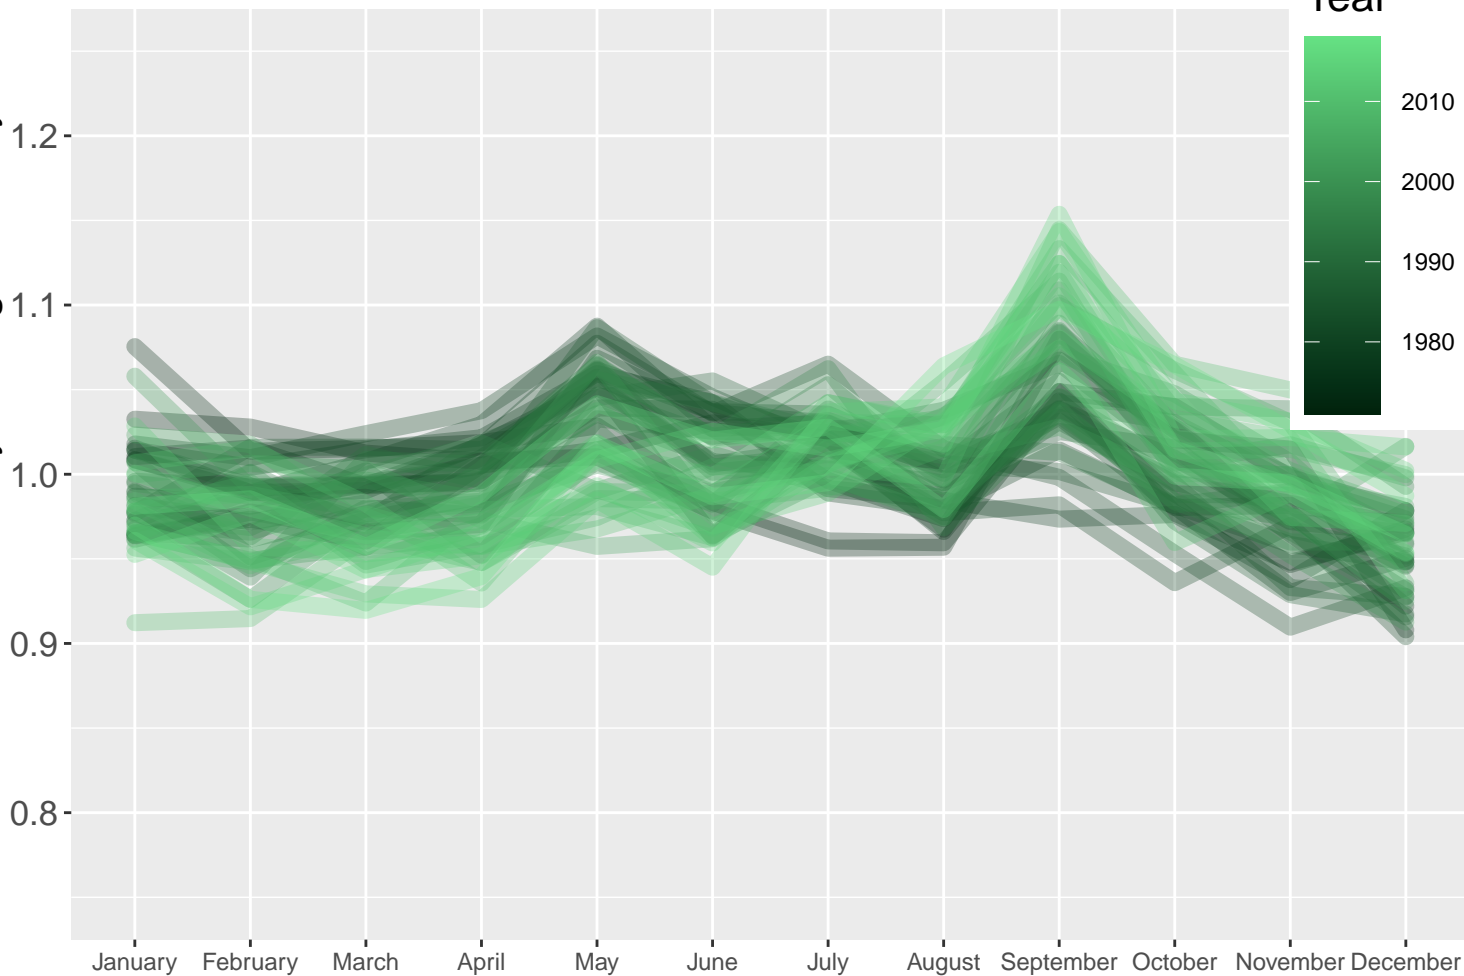

Yearly averages range from 29256 to 60063

Portugal

Data from UN Demographic Statistics Database, including 47 years from 1971 to 2018

Births relative to monthly average of that year

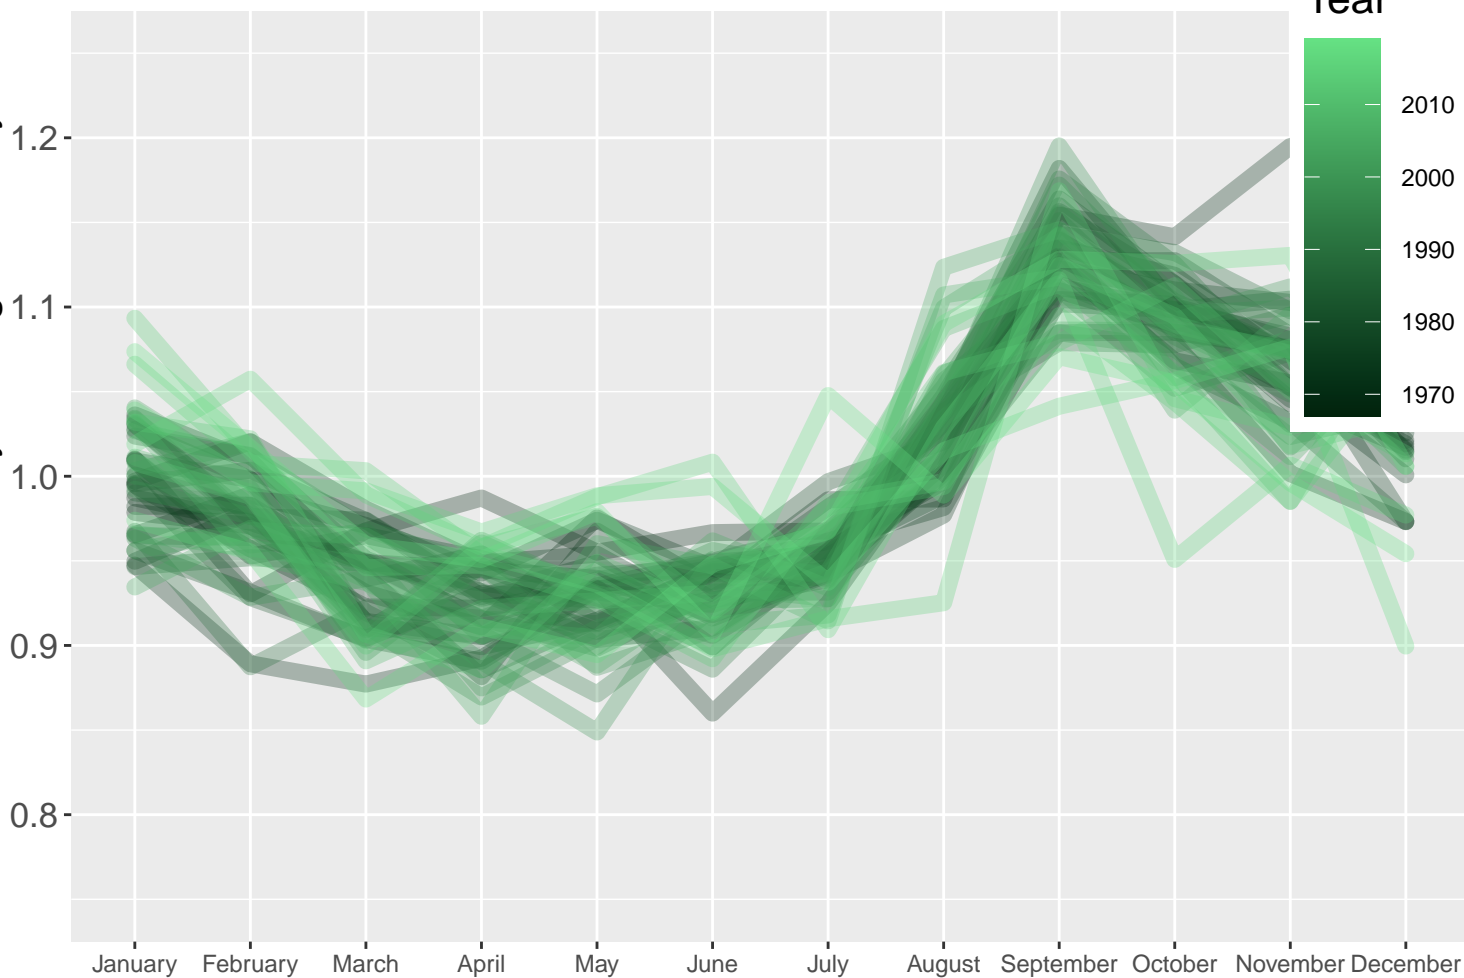

Yearly averages range from 6864 to 15754

Puerto Rico

Data from UN Demographic Statistics Database, including 46 years from 1967 to 2019

Births relative to monthly average of that year

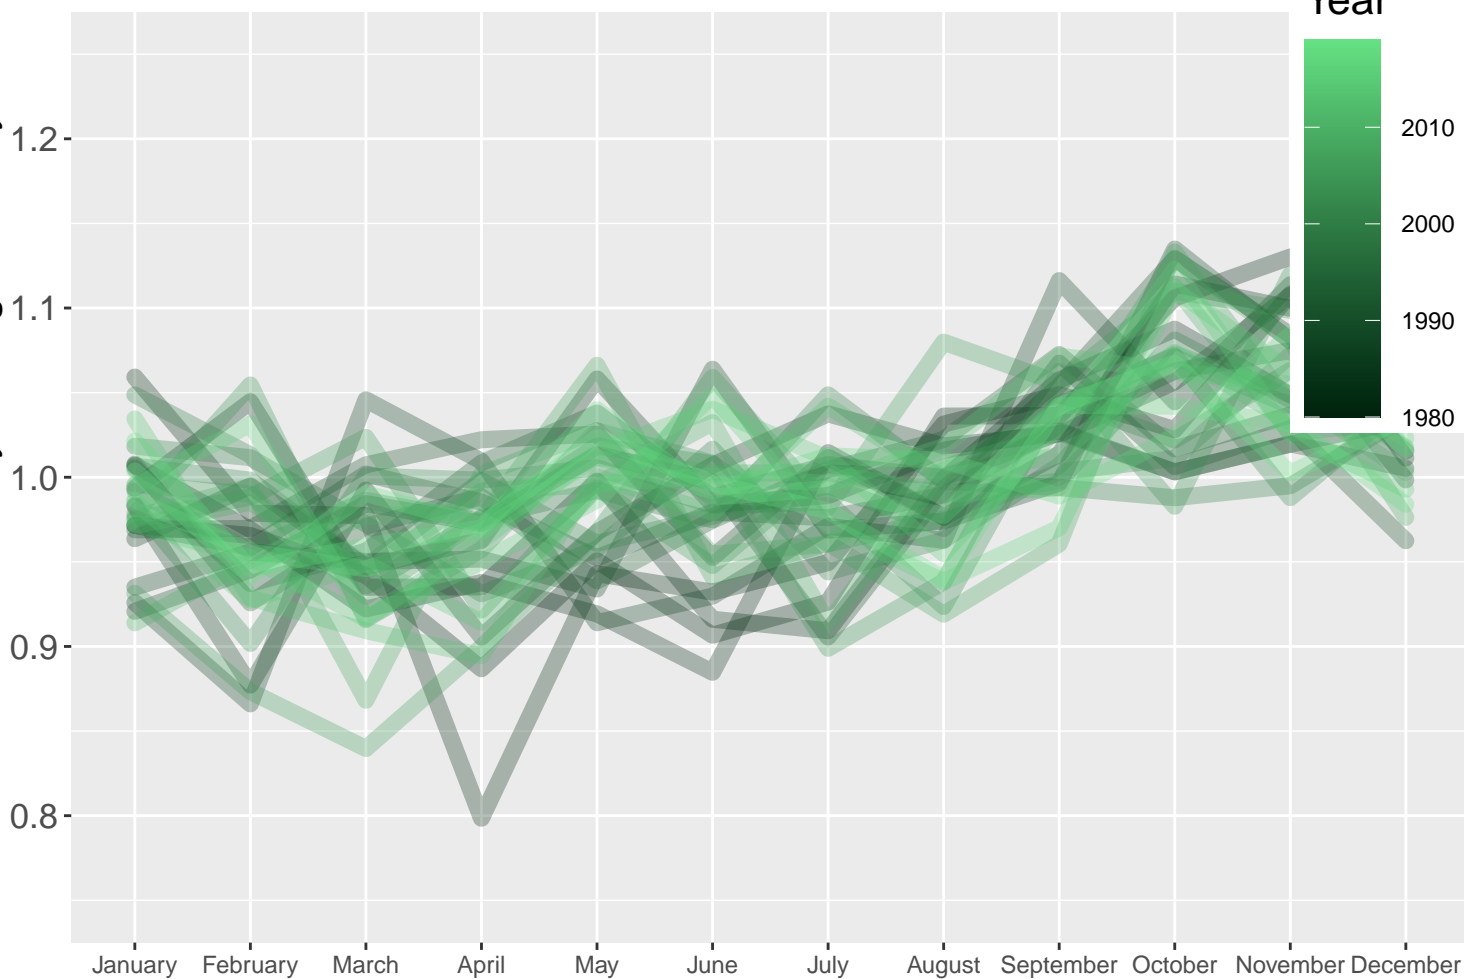

Yearly averages range from 1701 to 6263

Qatar

Data from UN Demographic Statistics Database, including 32 years from 1980 to 2019

Births relative to monthly average of that year

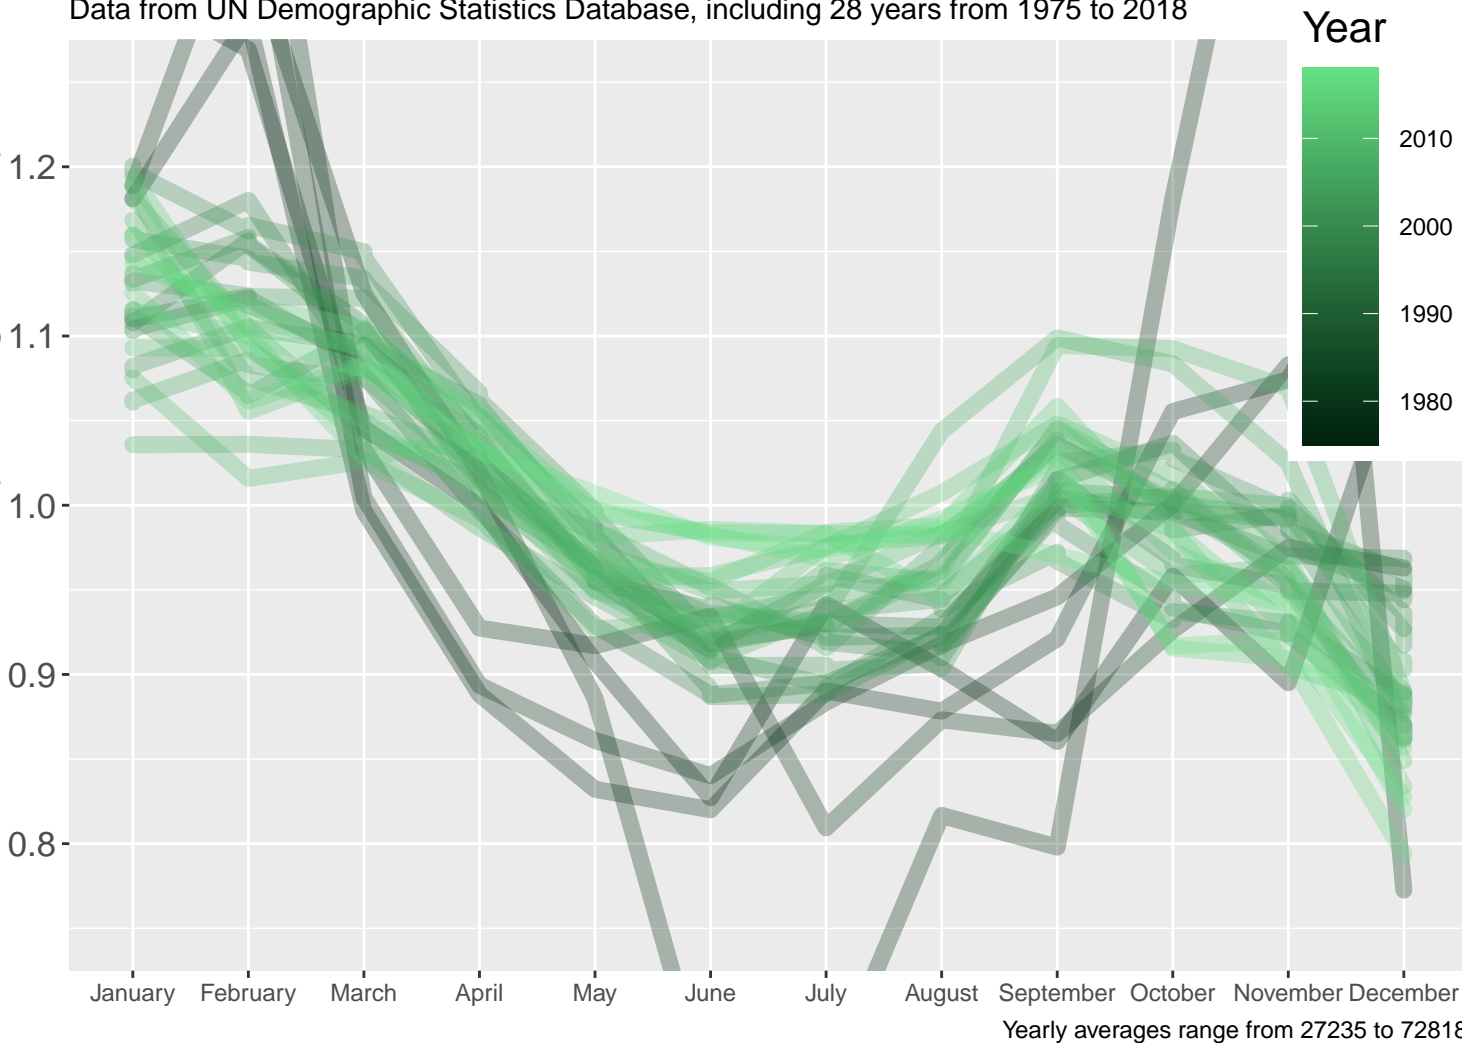

Yearly averages range from 562 to 2368

Republic of Korea

Data from UN Demographic Statistics Database, including 28 years from 1975 to 2018

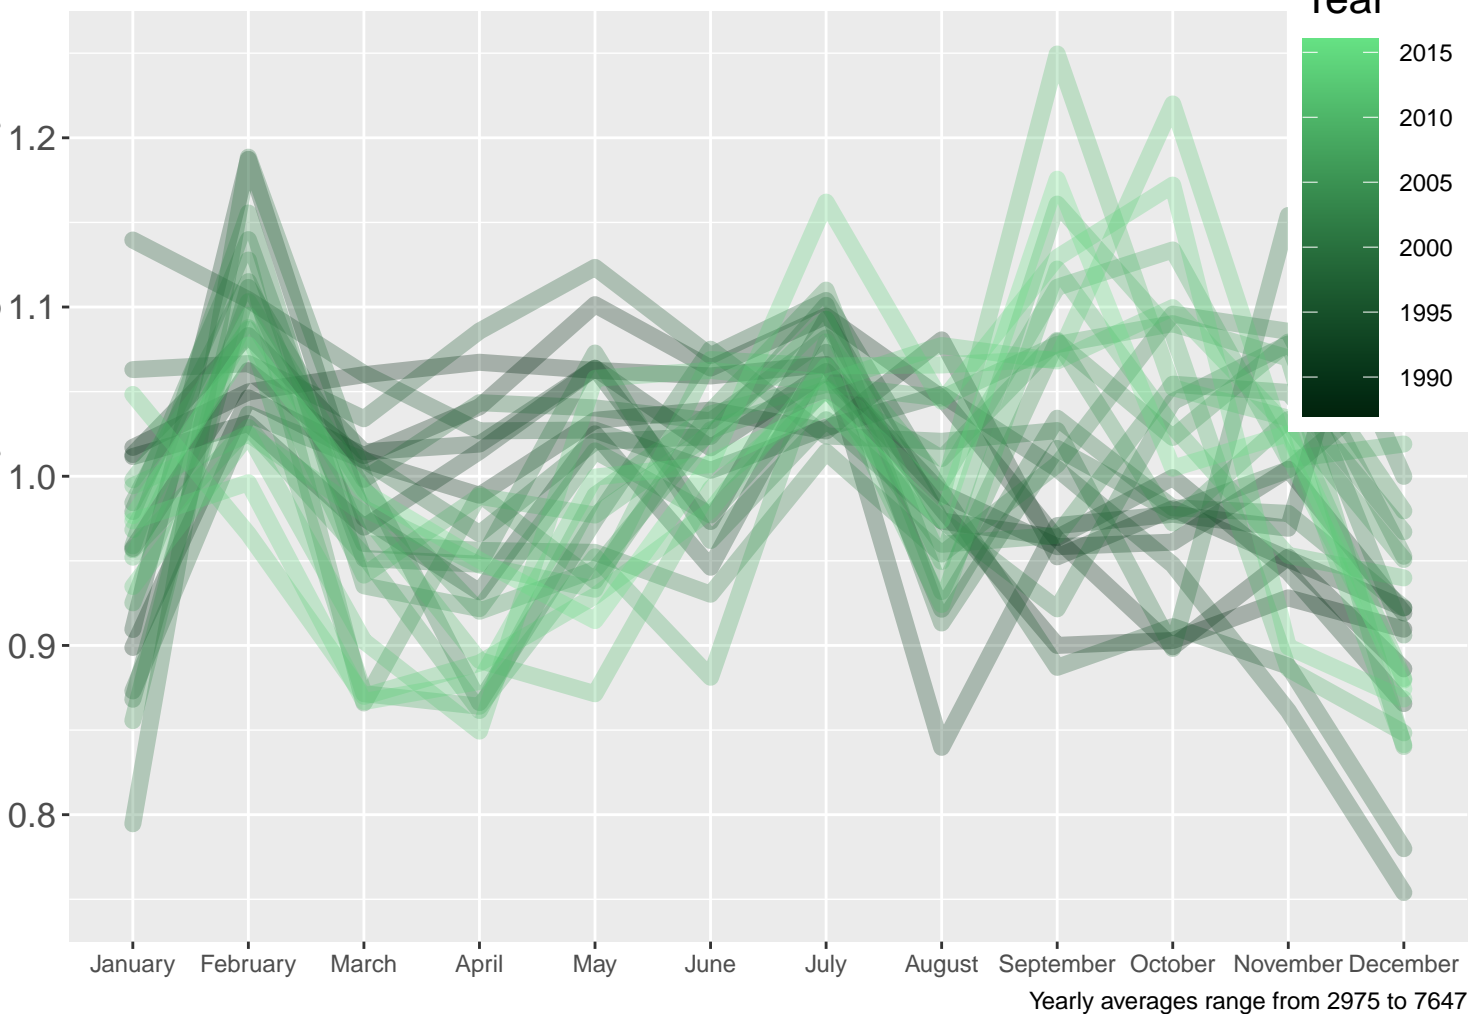

Births relative to monthly average of that year

Republic of Moldova

Data from UN Demographic Statistics Database, including 25 years from 1987 to 2016

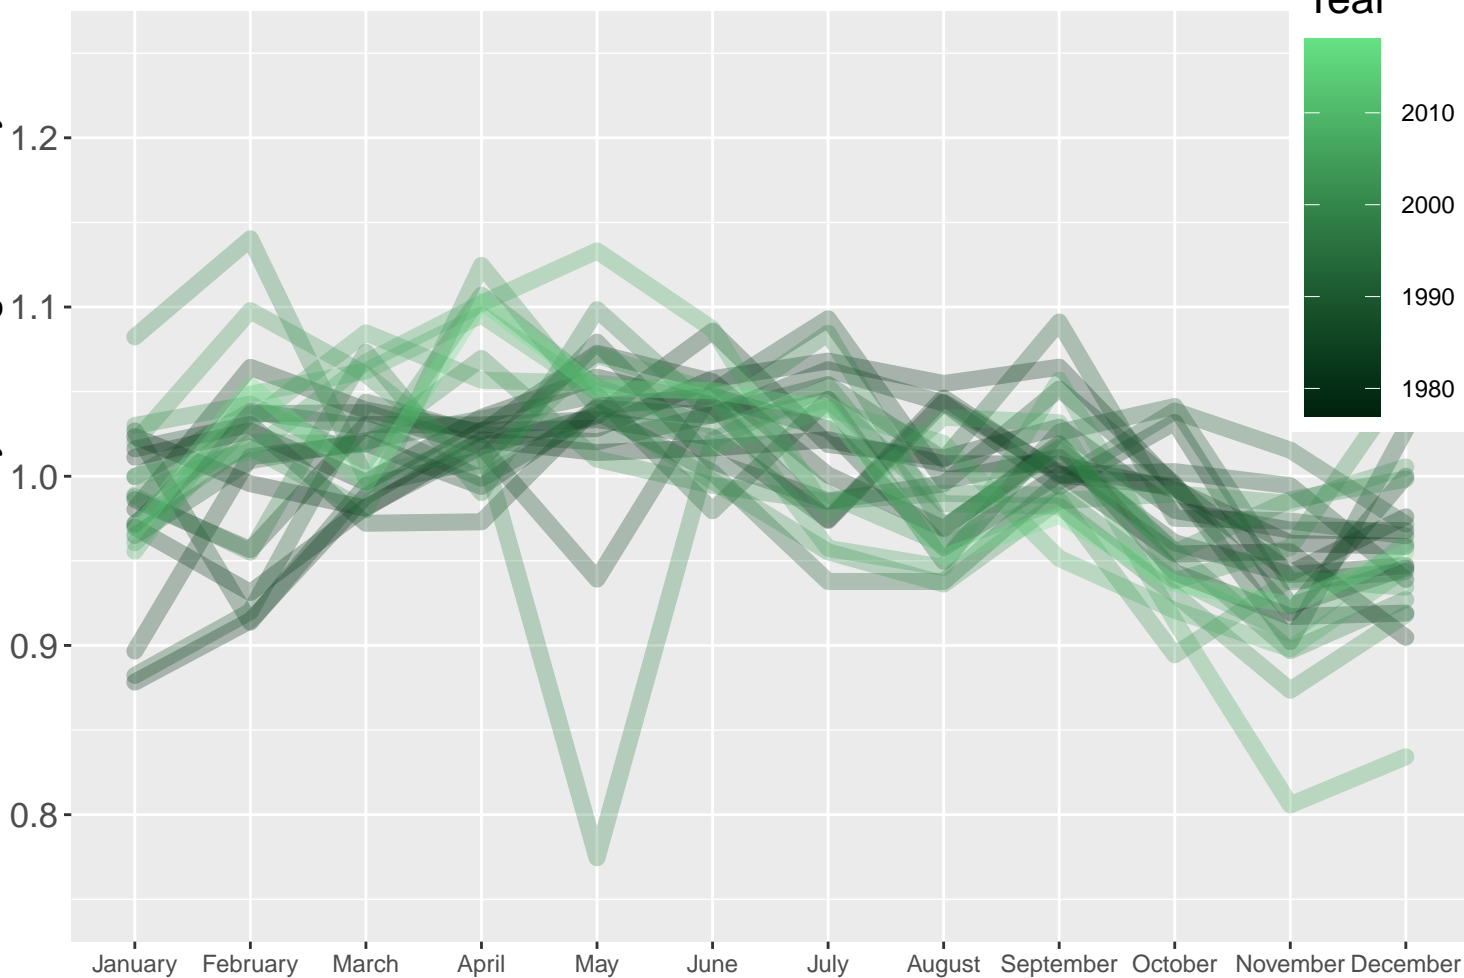

Births relative to monthly average of that year

Reunion

Data from UN Demographic Statistics Database, including 23 years from 1977 to 2018

Births relative to monthly average of that year

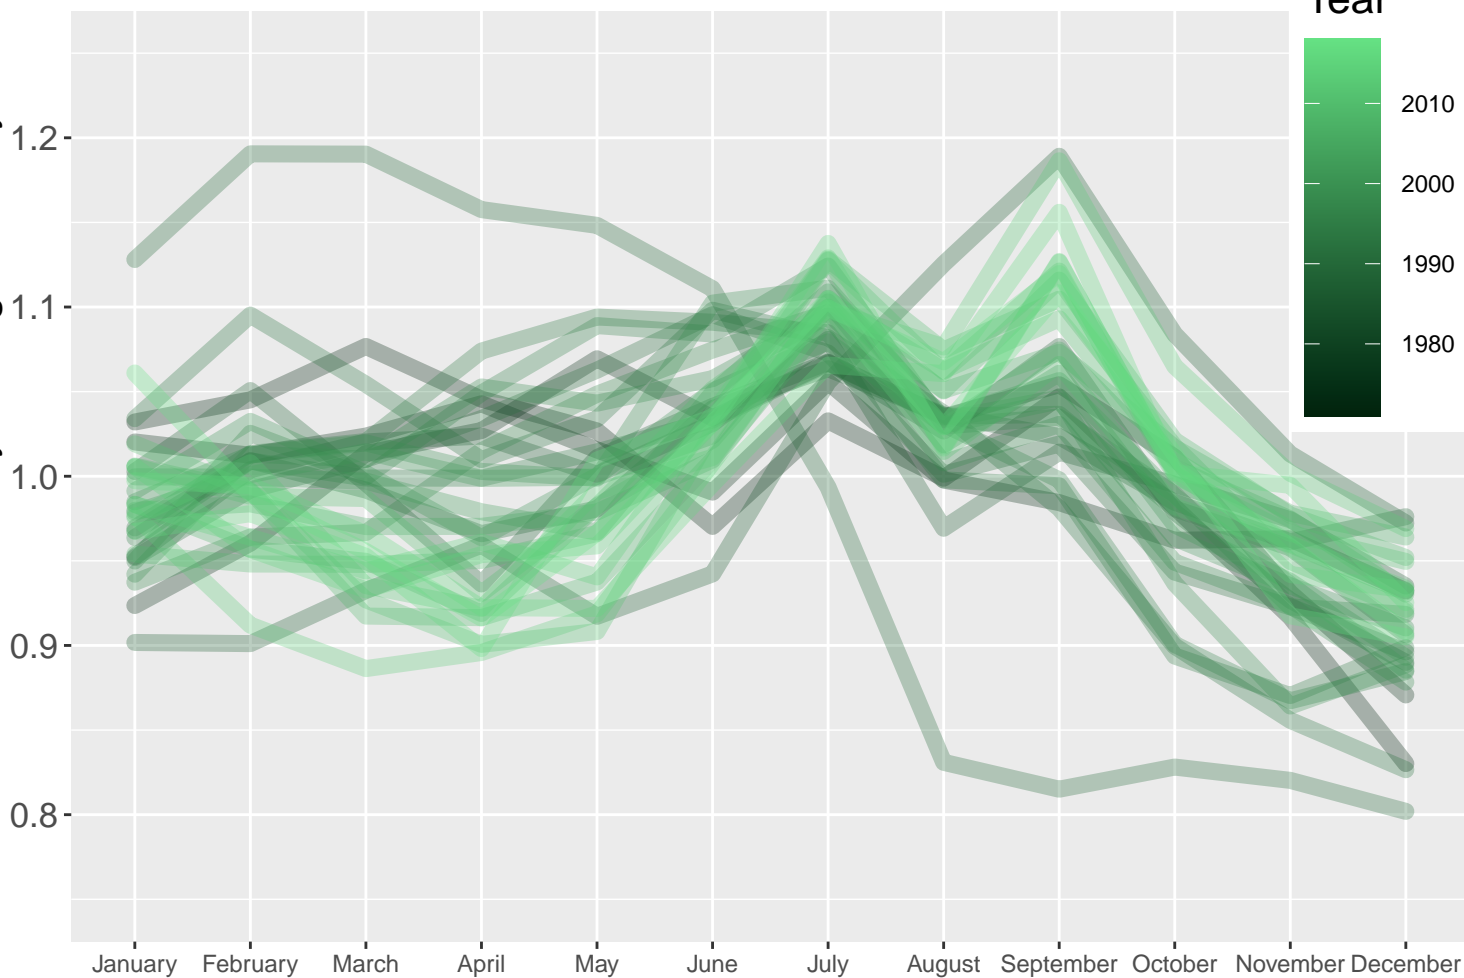

Yearly averages range from 983 to 1234

Romania

Data from UN Demographic Statistics Database, including 32 years from 1971 to 2018

Births relative to monthly average of that year

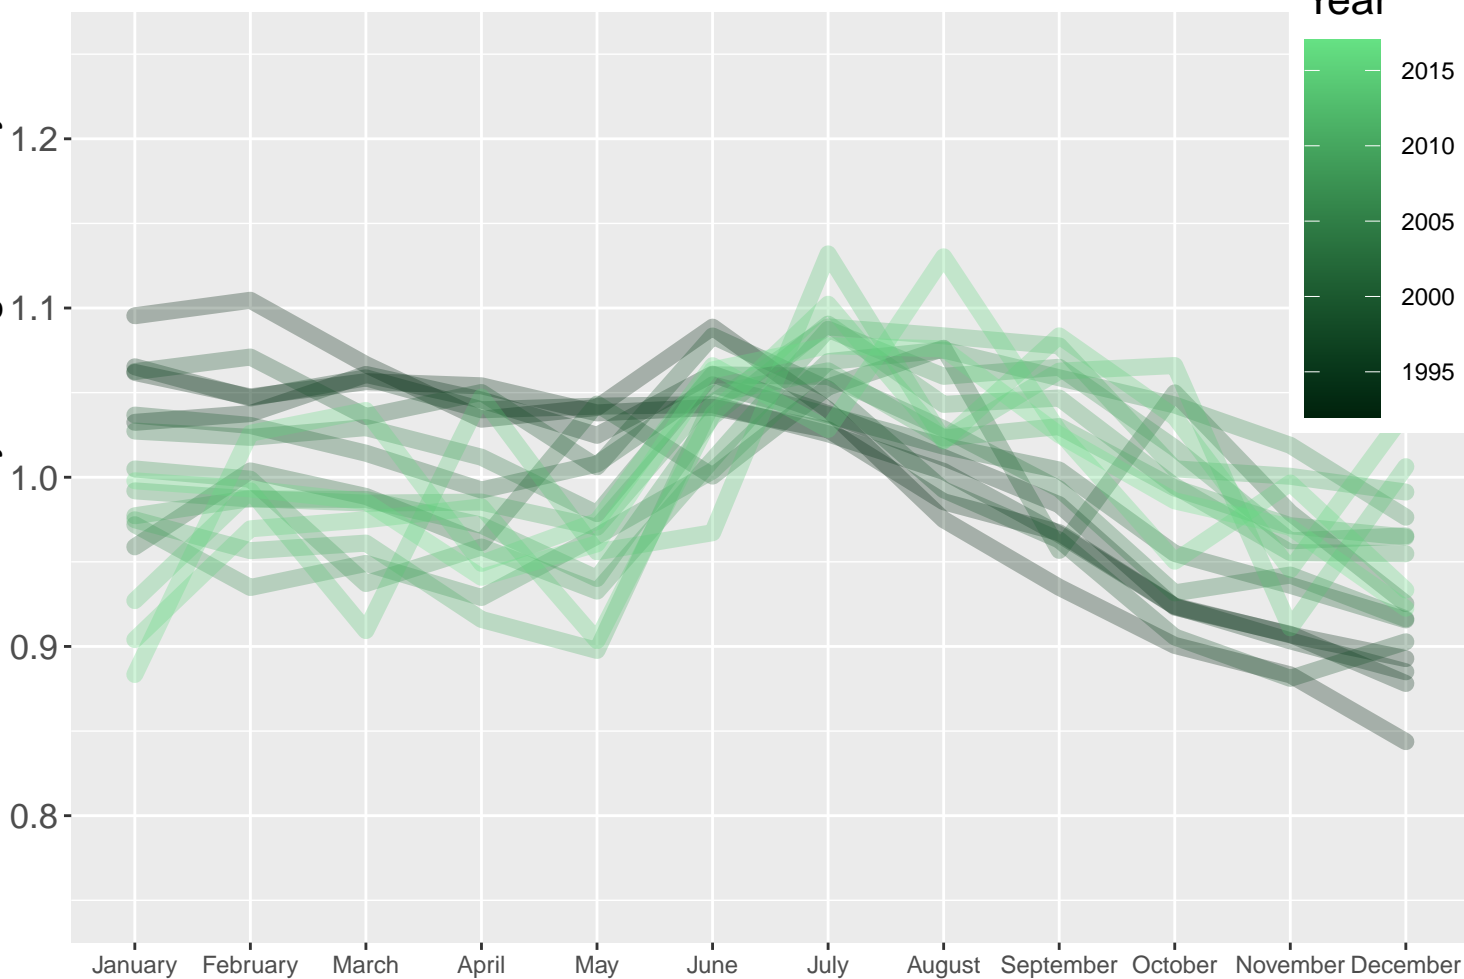

Yearly averages range from 15193 to 35644

Russian Federation

Data from UN Demographic Statistics Database, including 17 years from 1992 to 2017

Births relative to monthly average of that year

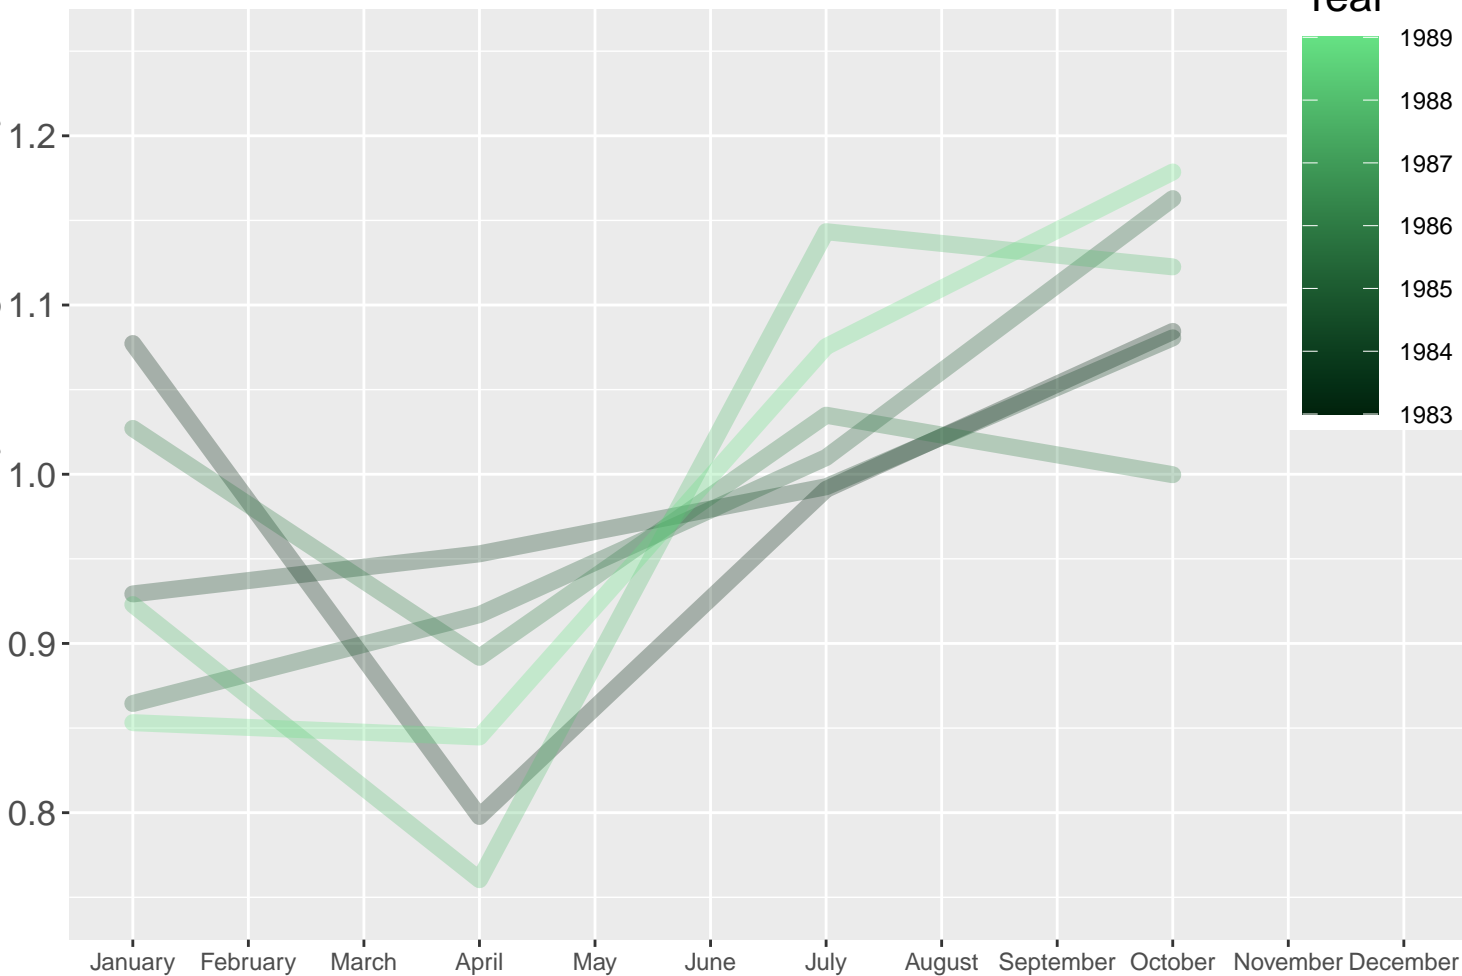

Yearly averages range from 101221 to 162275
